Approximate date of commencement of proposed sale to the public: From time to time after the effective date of this registration statement.

If the only securities being registered on this Form are being offered pursuant to dividend or interest reinvestment plans, please check the following box. ☐

If any of the securities being registered on this Form are to be offered on a delayed or continuous basis pursuant to Rule 415 under the Securities Act of 1933, other than securities offered only in connection with dividend or interest reinvestment plans, check the following box. ☒

If this Form is filed to register additional securities for an offering pursuant to Rule 462(b) under the Securities Act, please check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering. ☐

If this Form is a post-effective amendment filed pursuant to Rule 462(c) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering. ☐

If this Form is a registration statement pursuant to General Instruction I.D. or a post-effective amendment thereto that shall become effective upon filing with the Commission pursuant to Rule 462(e) under the Securities Act, check the following box. ☐

If this Form is a post-effective amendment to a registration statement filed pursuant to General Instruction I.D. filed to register additional securities or additional classes of securities pursuant to Rule 413(b) under the Securities Act, check the following box. ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer ☐
Non-accelerated filer ☒

Accelerated filer ☐
Smaller reporting company ☒
Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 7(a)(2)(B) of the Securities Act. ☐

The registrant hereby amends this registration statement on such date or dates as may be necessary to delay its effective date until the registrant shall file a further amendment which specifically states that this registration statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933 or until the registration statement shall become effective on such date as the Securities and Exchange Commission, acting pursuant to said Section 8(a), may determine.

The information in this prospectus is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.

Subject to completion, dated May 9, 2025

PROSPECTUS

\$50,000,000

**Common Stock
Preferred Stock
Warrants
Units**

We may from time to time offer to sell any combination of common stock, preferred stock, warrants for the purchase of shares of our common stock or preferred stock, and units consisting of any combination of the other types of securities offered under this prospectus in one or more series, each as described in this prospectus, in one or more offerings. The aggregate initial offering price of all securities sold under this prospectus will not exceed \$50,000,000.

This prospectus provides a general description of the securities that we may offer. Each time we sell securities, we will provide the specific terms of the securities offered in a supplement to this prospectus. The prospectus supplement may also add, update or change information contained in this prospectus. You should read this prospectus and the applicable prospectus supplement carefully before you invest in any securities. This prospectus may not be used to consummate a sale of securities unless accompanied by the applicable prospectus supplement.

We may from time to time offer and sell our securities in one offering or in separate offerings, to or through underwriters, dealers and agents or directly to purchasers. If any agents or underwriters are involved in the sale of any of these securities, the applicable prospectus supplement will provide the names of the agents or underwriters and any applicable fees, commissions or discounts. See the sections of this prospectus entitled "About this Prospectus" and "Plan of Distribution" for more information.

Our common stock is traded on The Nasdaq Capital Market under the symbol "RSLX." On May 7, 2025, the closing price of our common stock as reported on The Nasdaq Capital Market was \$8.84 per share.

Investing in our securities involves risks. You should consider carefully the risks and uncertainties set forth in the section entitled "Risk Factors" beginning on page 6 of this prospectus and in the documents we file with the Securities and Exchange Commission that are incorporated by reference in this prospectus before making a decision to purchase our securities.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THESE SECURITIES OR DETERMINED IF THIS PROSPECTUS IS TRUTHFUL OR COMPLETE. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The date of this prospectus is _____, 2025.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission (“SEC”) utilizing a “shelf” registration process. Under this shelf registration process, we may offer and sell any combination of the securities described in this prospectus in one or more offerings up to a total dollar amount of \$50,000,000.

This prospectus provides you with a general description of the respective securities that we may offer. Each time we sell securities under this shelf registration, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. To the extent that any statement that we make in a prospectus supplement is inconsistent with statements made in this prospectus, the statements made in this prospectus will be deemed modified or superseded by those made in the prospectus supplement. You should read both this prospectus and any prospectus supplement, including all documents incorporated herein or therein by reference, together with additional information described under “Where You Can Find More Information” and “Incorporation of Documents by Reference.”

We have not authorized any dealer, salesman or other person to give any information or to make any representation other than those contained or incorporated by reference in this prospectus and the accompanying prospectus supplement. You must not rely upon any information or representation not contained or incorporated by reference in this prospectus or the accompanying prospectus supplement. This prospectus and the accompanying prospectus supplement do not constitute an offer to sell or the solicitation of an offer to buy any securities other than the registered securities to which they relate, nor do this prospectus and the accompanying prospectus supplement constitute an offer to sell or the solicitation of an offer to buy securities in any jurisdiction to any person to whom it is unlawful to make such offer or solicitation in such jurisdiction. You should not assume that the information contained in this prospectus and the accompanying prospectus supplement is accurate on any date subsequent to the date set forth on the front of the document or that any information we have incorporated by reference is correct on any date subsequent to the date of the document incorporated by reference, even though this prospectus and any accompanying prospectus supplement is delivered or securities are sold on a later date.

Unless the context otherwise requires, the terms “we,” “us,” “our,” “ReShape Lifesciences,” and “the Company” refer to ReShape Lifesciences Inc., a Delaware corporation, and our subsidiaries.

All references in this prospectus to “\$,” “U.S. Dollars” and “dollars” are to United States dollars.

On May 9, 2025, at the commencement of trading, we effected a 1-for-25 reverse stock split of its common stock. Accordingly, all share and per share amounts for the periods presented in this prospectus have been adjusted retroactively, where applicable, to reflect the reverse stock split.

RESHAPE LIFESCIENCES INC.

Our Company

ReShape Lifesciences Inc. is a premier physician-led weight-loss solutions company, offering an integrated portfolio of proven products and services that manage and treat obesity and metabolic disease throughout the care continuum.

Our current portfolio includes the U.S. Food and Drug Administration (“FDA”) approved and reimbursed Lap-Band® and the recently approved Lap-Band® 2.0 FLEX systems, which provide minimally invasive, long-term treatment of obesity and is a safer surgical alternative to more invasive and extreme surgical stapling procedures such as the gastric bypass or sleeve gastrectomy.

Our growth strategy is designed to deliver profitability.

KEY GROWTH PILLARS

1. Executing disciplined, metrics-driven business operations
2. Expanding the product portfolio and future product pipeline
3. Ensuring that our portfolio spans the weight loss care continuum and is evidence-based

ReShape’s Pillars for Growth

In August of 2022, Paul F. Hickey joined ReShape as President and Chief Executive Officer. Under this new leadership, our Company has pivoted its business strategy with the intent of helping to ensure growth and profitability. Our Company has executed the following three growth strategies, or pillars for growth:

- **Growth Pillar I: Executing disciplined, metrics-driven business operations.**

In executing the first growth pillar, our Company is focused on revenue growth and profitability. The timeline for profitability is dependent on many factors, including revenue growth from new product introductions, or strategic investments not yet foreseen.

This first growth pillar remains, in our Company’s opinion, paramount for ReShape to deliver shareholder value and, ultimately, profitability. Starting shortly after Mr. Hickey’s appointment, ReShape has made several operational changes to help ensure future performance and return on investment by prioritizing investments supporting revenue growth.

Our Company has prioritized investments, including marketing automation to support scalable lead acquisition, segmented consumer-centric messaging via an updated website for improved patient engagement, and a frictionless booking system with qualified providers. Early metrics from these marketing efforts have been shown to help increase Lap-Band procedures and ultimately revenue, despite the headwinds created by the widespread marketing and adoption of GLP-1 receptor agonists, including Wegovy, Ozempic, and

Zepbound. Additionally, our Company 2024 cost reduction plan, had led to approximately 43% lower operating expenses in 2024, compared to last year, excluding one-time costs. Our Company has also taken steps to right-size the organization in several areas to ensure sustainability and scalability.

• **Growth Pillar II: Expanding the product portfolio and future product pipeline.**

ReShape's second growth pillar is intended to further differentiate our Company as a leading provider of innovative products and services to meet unmet customer needs. ReShape is committed to drive and scale its new product development and commercialization capacity, providing a cadence of new product introductions and revenue growth. The growth can either be through organic internal Research and Development efforts, or through strategic partnerships, mergers, or acquisitions. Key growth drivers within second growth pillar include:

Lap-Band 2.0 FLEX System — New product revenues for the Lap-Band 2.0 FLEX system ("Lap-Band 2.0"), for which our Company received FDA approval during December 2023 and completed the first successful surgeries in early 2024. Similar to the current Lap-Band, the Lap-Band 2.0 is adjustable, postoperatively, to increase or decrease the opening of the band to optimize an individual's eating habits and comfort, thereby improving therapy effectiveness. At the same time, a new feature of the Lap-Band 2.0 is a band reservoir technology that serves as a relief valve. Pieces of food that are too large to pass through the narrowed passage, created by the current band, can pass through because the new feature allows the band to relax momentarily and then return to its resting diameter. This could potentially allow for increased Lap-Band constriction and resultant satiety, while helping to minimize discomfort from swallowing large pieces of food, which may otherwise require emergency in-office patient band adjustments. Based on customer feedback, Lap-Band 2.0 will allow us to engage new surgeons and reengage many of those who have used the Lap-Band, historically.

ReShape Obalon Balloon — The ReShape Obalon® Balloon system is the first and only swallowable, gas filled, FDA-approved balloon system. In 2023 our company established an OEM partnership with Biorad Medisys ("Biorad"), based in India that will support the successful relaunch and commercialization of the balloon system. We anticipate having access to the Obalon Balloon system late in 2025 for the distribution in the U.S. and other regions globally. In addition, the strategic partnership with Biorad contemplates potential manufacturing transfer of other products to further improve ReShape's overall gross margin.

DBSN Device — ReShape remains committed to furthering our proprietary Diabetes Bloc-Stim Neuromodulation (DBSNTM) technology that can potentially reduce the dependence on medications by those with type 2 diabetes. The DBSN device is a technology under development as a new treatment for type 2 diabetes mellitus. The device is expected to use bioelectronics to manage blood glucose in the treatment of diabetes and individualized 24/7 glucose control. Preclinical evidence on the DBSN device was presented at multiple conferences. The DBSN technology development has received approximately \$1.15 million dollars of nondilutive NIH grant support.

• **Growth Pillar III: Ensuring that our portfolio spans the weight loss care continuum and is evidence based.**

ReShape's third growth pillar represents our company's commitment to collaborate with healthcare professionals worldwide and further develop evidence supporting ReShape's portfolio of treatment options. Aligned with goal of pillar three, in early 2023, ReShape established their first-ever global Scientific Advisory Board (SAB) to provide needed expertise and feedback on initiatives related to our company's growth pillars. The SAB is a valuable resource to help validate company strategies to collect and publish data on both our Lap-Band 2.0 and data on Lap-Band patients who are also using GLP-1s as a combination therapy. Combination therapies comprising GLP-1s and other gastric surgeries, including the Lap-Band, are being prescribed today, to help those who have plateaued with their weight loss.

Our Product Portfolio

Lap-Band System

The Lap-Band System is designed to provide minimally invasive long-term treatment of severe obesity and is an alternative to more invasive surgical stapling procedures such as the gastric bypass or sleeve

gastrectomy. Unlike other invasive anatomy altering procedures, the Lap-Band System is adjustable post-operatively via a saline-filled silicone band that is laparoscopically placed around the upper part of the stomach through small laparoscopic incisions, creating a small pouch at the top of the stomach, which slows the passage of food and creates a sensation of fullness. The procedure can normally be performed as an outpatient procedure and patients can go home the day of the procedure without the need for an overnight hospital stay.

Lap-Band 2.0 FLEX System

The Lap-Band 2.0 FLEX, like the original Lap-Band System, is designed to provide minimally invasive long-term treatment of severe obesity and is an alternative to more invasive surgical stapling procedures such as the gastric bypass or sleeve gastrectomy. Unlike more invasive and anatomy altering surgeries, the Lap-Band 2.0 is adjustable postoperatively to increase or decrease the pressure to the band in order to optimize an individual's comfort and therapy effectiveness. The Lap-Band 2.0 system includes a FLEX reservoir technology designed to minimize postoperative in-office patient band adjustments, thereby potentially improving an individual's tolerance for the Lap-Band 2.0. As of October 2024, we have completed our early launch phase of the Lap-Band 2.0 FLEX and are analyzing data and metrics that will be used to support our widespread commercial launch. Additionally, we received approval for the Lap-Band[®] 2.0 FLEX from Health Canada, which represents yet another important growth catalyst for the Lap-Band franchise as we look to gain regulatory approvals world-wide.

ReShape Calibration Tubes

The ReShape Calibration tubes are multifunctional devices compared to reusable bougies and disposable gastric tubes. The Calibration tubes are designed to fit the lesser curvature of the stomach more easily and quickly reach the pylorus. In August of 2022, we announced FDA clearance of three new sizes — 32, 36, and 40 French — all designed to simplify bariatric procedures such as laparoscopic sleeve gastrectomy, gastric bypass, and adjustable gastric banding. During the first quarter of 2023, we fully released this product and continue to ramp production.

ReShape Obalon Balloon System

The FDA PMA approved Obalon Balloon System, is not currently manufactured and distributed for commercial sales, consists of a swallowable capsule that contains an inflatable balloon attached to a microcatheter; the Obalon Navigation System console, has FDA PMA supplemental approval, is a combination of hardware and software used to dynamically track and display the location of the balloon during placement; the Obalon Touch Inflation Dispenser, which is a semi-automated, hand-held inflation device used to inflate the balloon once it is placed; and a disposable canister filled with our proprietary mixture of gas.

DBSN Device

The DBSN device, that is not currently available for commercial sales, is a technology under development as a new treatment for type 2 diabetes mellitus (T2DM). It combines ReShape Lifesciences' proprietary Vagus Nerve Block (vBloc) technology platform in combination with Vagus nerve stimulation. This new dual Vagus nerve neuromodulation device selectively modulates vagal blocking and stimulation to the liver and pancreas to manage blood glucose. Our DBSN device is expected to use bioelectronics to manage blood glucose in treatment of diabetes and individualized 24/7 glucose control. The goal is to reduce costs of treatment and complications that arise from poorly controlled blood glucose and non-compliance to T2DM medication.

Recent Developments

On February 25, 2025, we entered into an exclusive distribution agreement with Liaison Medical Ltd. for the Lap-Band[®] 2.0 FLEX system and Tubing Kit, expanding our commercial presence into Canada. Under the terms of the agreement, Liaison Medical was granted the exclusive right to market and distribute the covered products to licensed medical professionals within the Canadian territory. The initial term of

the agreement runs through December 31, 2028, with automatic one-year renewal periods thereafter unless terminated by either party with at least 90 days' prior written notice before the end of the then-current term.

On February 15, 2025, we entered into a Securities Purchase Agreement to issue and sell 103,005 shares of common stock and warrants to purchase up to 103,005 shares of common stock at an initial price of \$145.75 per share, subject to adjustments. The securities were sold at a price of \$58.25 per unit. Following the required stockholder approval, which we obtained on April 1, 2025, all of the holders of warrants elected a "zero exercise price" alternative pursuant to which they received an aggregate number of shares equal to the product of (x) the aggregate number of shares of common stock that would be issuable upon a cash exercise of the warrant and (y) 1.2, without the holder having to make any exercise payment. The exercise price of the warrants was reset to the floor price of \$31.25 per share, which resulted in the issuance of 576,495 shares of common stock for the warrants issued to the investors in the offering. On April 2, 2025, a total of 590,314 shares were issued upon the cashless exercise of the warrants for no exercise price.

On February 3, 2025, we were granted a key international patent from the State of Israel for its Diabetes Neuromodulation technology. This patent for "Simultaneous Multi-Site Vagus Nerve Modulation for Improved Glycemic Control Systems and Methods," will provide protection until December 4, 2039. The Diabetes Neuromodulation system utilizes its proprietary vagus nerve block (vBloc™) technology platform, combined with vagus nerve stimulation, for the treatment of Type 2 diabetes, a prominent disorder associated with obesity.

Our Corporate Information

We were incorporated under the laws of Delaware on January 2, 2008. On June 15, 2021, we completed a merger with Obalon Therapeutics, Inc. ("Obalon"). Pursuant to the merger agreement, a wholly owned subsidiary of Obalon merged with and into ReShape, with ReShape surviving the merger as a wholly owned subsidiary of Obalon. As a result of the merger, Obalon, the parent company, was renamed "ReShape Lifesciences Inc." and ReShape was renamed ReShape Weightloss Inc. ReShape Lifesciences shares of common stock trade on the Nasdaq under the symbol RSLS.

Our principal executive offices are located at 18 Technology Drive, Suite 110, Irvine, California 92618, and our telephone number is (949) 429-6680. Our website address is www.reshapelifesciences.com. The information on, or that may be accessed through, our website is not incorporated by reference into this prospectus and should not be considered a part of this prospectus.

RISK FACTORS

Investment in any securities offered pursuant to this prospectus and the applicable prospectus supplement involves risks. You should carefully consider the risk factors incorporated by reference to our most recent Annual Report on Form 10-K and any subsequent Quarterly Reports on Form 10-Q or Current Reports on Form 8-K we file after the date of this prospectus, and all other information contained or incorporated by reference into this prospectus, as updated by our subsequent filings under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the risk factors and other information contained in the applicable prospectus supplement before acquiring any of such securities. The occurrence of any of these risks might cause you to lose all or part of your investment in the offered securities.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Certain statements contained in this prospectus, or filings with the SEC and our public releases, that are not purely historical are forward-looking statements within the meaning of applicable securities laws. Our forward-looking statements include, but are not limited to, statements regarding our “expectations,” “hopes,” “beliefs,” “intentions” or “strategies” regarding the future. In addition, any statements that refer to projections, forecasts, or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. The words “anticipate,” “believe,” “continue,” “could,” “estimate,” “expect,” “intend,” “may,” “might,” “plan,” “possible,” “potential,” “predict,” “project,” “should” and “would,” as well as similar expressions, may identify forward-looking statements, but the absence of these words does not mean that a statement is not forward looking. Such statements include, but are not limited to, statements contained in this prospectus relating to our business strategy, our future operating results and liquidity and capital resources outlook. Forward-looking statements are based on our current expectations and assumptions regarding our business, the economy and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict. Our actual results may differ materially from those contemplated by the forward-looking statements. They are neither statements of historical fact nor guarantees of assurance of future performance. We caution you therefore against relying on any of these forward-looking statements. Important factors that could cause actual results to differ materially from those in the forward-looking statements include, without limitation, our ability to raise capital to fund continuing operations; our ability to protect our intellectual property rights; the impact of any infringement actions or other litigation brought against us; competition from other providers and products; our ability to develop and commercialize products and services; changes in government regulation; our ability to complete capital raising transactions; and other factors (including the risks contained in the section of this prospectus entitled “Risk Factors”) relating to our industry, our operations and results of operations. Actual results may differ significantly from those anticipated, believed, estimated, expected, intended or planned.

Factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict all of them. We cannot guarantee future results, levels of activity, performance or achievements. Except as required by applicable law, including the securities laws of the United States, we do not intend to update any of the forward-looking statements to conform these statements to actual results.

This prospectus may contain assumptions, expectations, projections, intentions and beliefs about future events. These statements are intended as forward-looking statements. We may also from time to time make forward-looking statements in other documents and reports that are filed with or submitted to the SEC, in other information sent to our security holders, and in other written materials. We also caution that assumptions, expectations, projections, intentions and beliefs about future events may and often do vary from actual results and the differences can be material.

USE OF PROCEEDS

We intend to use the net proceeds from the sale of the securities as set forth in the applicable prospectus supplement.

DESCRIPTION OF CAPITAL STOCK

The following is a summary of the rights of our common and preferred stock and some of the provisions of our charter and bylaws and of the Delaware General Corporation Law, or DGCL. Our authorized capital stock consists of 300,000,000 shares of common stock, \$0.001 par value per share, and 10,000,000 shares of undesignated preferred stock, \$0.001 par value per share.

As of May 9, 2025, there were 738,277 shares of our common stock outstanding, held by approximately 40 stockholders of record, and 95,388 shares of our series C convertible preferred stock outstanding.

Common Stock

Voting rights

Holders of our common stock are entitled to one vote for each share held on all matters submitted to a vote of stockholders. We do not provide for cumulative voting for the election of directors in our charter. Accordingly, holders of a majority of the shares of our common stock are able to elect all of our directors. Our charter establishes a classified board of directors, to be divided into three classes with staggered three-year terms. Only one class of directors will be elected at each annual meeting of our stockholders, with the other classes continuing for the remainder of their respective three-year terms. Subject to the supermajority votes for some matters, other matters shall be decided by the affirmative vote of our stockholders having a majority in voting power of the votes cast by the stockholders present or represented and voting on such matter. Our charter and bylaws provide that our directors may be removed only for cause and only by the affirmative vote of the holders of at least two-thirds in voting power of the outstanding shares of capital stock entitled to vote thereon. In addition, the affirmative vote of the holders of at least two-thirds in voting power of the outstanding shares of capital stock entitled to vote thereon is required to amend or repeal, or to adopt any provision inconsistent with, several of the provisions of our charter.

Dividend rights

Subject to preferences that may apply to any shares of preferred stock outstanding at the time, the holders of our common stock are entitled to receive dividends out of funds legally available if our Board, in its discretion, determines to issue dividends and then only at the times and in the amounts that our board of directors may determine.

No preemptive or similar rights

Our common stock is not entitled to preemptive or subscription rights, and is not subject to conversion, redemption or sinking fund provisions. The rights, preferences and privileges of the holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of our preferred stock that we may designate and issue in the future.

Right to receive liquidation distributions

Upon our liquidation, dissolution or winding-up, the assets legally available for distribution to our stockholders would be distributable ratably among the holders of our common stock and any participating preferred stock outstanding at that time, subject to prior satisfaction of all outstanding debt and liabilities and the preferential rights of and the payment of liquidation preferences, if any, on any outstanding shares of preferred stock.

Preferred Stock

Pursuant to our charter, our Board is authorized, subject to limitations prescribed by Delaware law, to issue from time to time up to 10,000,000 shares of preferred stock in one or more series, to establish from time to time the number of shares to be included in each series and to fix the designation, powers, preferences and rights of the shares of each series and any of their qualifications, limitations or restrictions, in each case without further vote or action by our stockholders. Our Board is able to increase or decrease the number of shares of any series of preferred stock, but not below the number of shares of that series then outstanding,

without any further vote or action by our stockholders. Our Board may be able to authorize the issuance of preferred stock with voting or conversion rights that could adversely affect the voting power or other rights of the holders of our common stock. The issuance of preferred stock, while providing flexibility in connection with possible acquisitions and other corporate purposes, could, among other things, have the effect of delaying, deferring or preventing a change in control of our company and might adversely affect the market price of our common stock and the voting and other rights of the holders of our common stock.

Series C Convertible Preferred Stock

The material terms and provisions of the shares of series C convertible preferred stock (“Series C Preferred Stock”) are summarized below. This summary of some provisions of the Series C Preferred Stock is not complete. For the complete terms of the Series C Preferred Stock, you should refer to the Certificate of Designation (the “Series C Certificate of Designation”) filed as an exhibit to this prospectus and incorporated herein by reference.

Conversion. There are currently 95,388 shares of our series C convertible preferred stock outstanding. As of the date of this prospectus, each of the 10 holders of Series C Preferred Stock is entitled to convert all of their shares of Series C Preferred Stock into an aggregate of one share of common stock per holder. Therefore, there is a total of 10 shares of common stock that may be issued upon the conversion of all of the shares of Series C Preferred Stock.

Dividends. The Series C Preferred Stock is entitled to receive dividends (on an as-if-converted-to-common stock basis) actually paid on shares of common stock when, as and if such dividends are paid on shares of common stock. No other dividends will be paid on shares of Series C Preferred Stock.

Voting Rights. In general, the Series C Preferred Stock does not have voting rights. However, as long as any shares of Series C Preferred Stock remain outstanding, the Series C Certificate of Designation provides that we cannot, without the affirmative vote of holders of a majority of the then-outstanding shares of Series C Preferred Stock, (a) alter or change adversely the powers, preferences or rights given to the Series C Preferred Stock (including by the designation, authorization, or issuance of any shares of preferred stock that purports to have equal rights with, or be senior in rights or preferences to, the Series C Preferred Stock), (b) alter or amend the Series C Certificate of Designation, (c) amend our certificate of incorporation or other charter documents in any manner that adversely affects any rights of the holders of Series C Preferred Stock, (d) increase the number of authorized shares of Series C Preferred Stock, (e) except for stock dividends or distributions for which adjustments are to be made pursuant to the Series C Certificate of Designation, pay dividends on any shares of capital stock of the Company, or (f) enter into any agreement with respect to any of the foregoing. Holders of Series C Preferred Stock are entitled to vote for the election of directors of the Company, voting on an as-converted to common stock basis and voting together as a single class with the holders of shares of common stock.

Liquidation. In the event of a liquidation, the holders of shares of Series C Preferred Stock are entitled to be paid, after and subject to the payment in full of all amounts required to be distributed to the holders of any other shares of the Company outstanding as of the date of our acquisition of ReShape Medical ranking on liquidation prior and in preference to the Series C Preferred Stock, but before any payments to be made to the holders of common stock or any other series of preferred stock, an amount per share equal to the greater of (i) \$274.8774, plus any dividends declared but unpaid thereon, or (ii) such amount per share as would have been payable had all shares of Series C Preferred Stock been converted to common stock immediately prior to such liquidation. In addition, in the event we consummate a merger or consolidation with or into another person or other reorganization event in which our common shares are converted or exchanged for securities, cash or other property, or we sell, lease, license, assign, transfer, convey or otherwise dispose of all or substantially all of our assets or we or another person acquire 50% or more of our outstanding shares of common stock, then following such event, the holders of the Series C Preferred Stock will be entitled to receive upon conversion of the Series C Preferred Stock the same kind and amount of securities, cash or property which the holders would have received had they converted the Series C Preferred Stock immediately prior to such fundamental transaction. Any successor to us or surviving entity must assume the obligations under the Series C Certificate of Designation with respect to the Series C Preferred Stock.

Stock Options

As of May 9, 2025, we had outstanding options to purchase an aggregate of six shares of our common stock.

Restricted Stock Units

As of May 9, 2025, we had one unvested restricted stock unit outstanding.

Warrants

As of May 9, 2025, we had outstanding warrants to purchase an aggregate of 3,256 shares of our common stock.

Anti-Takeover Provisions

The provisions of Delaware law, our charter and our bylaws could have the effect of delaying, deferring or discouraging another person from acquiring control of our company. These provisions, which are summarized below, may have the effect of discouraging takeover bids. They are also designed, in part, to encourage persons seeking to acquire control of us to negotiate first with our board of directors. We believe that the benefits of increased protection of our potential ability to negotiate with an unfriendly or unsolicited acquirer outweigh the disadvantages of discouraging a proposal to acquire us because negotiation of these proposals could result in an improvement of their terms.

Delaware law

We are subject to the provisions of Section 203 of the DGCL, or Section 203, regulating corporate takeovers. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a “business combination” with an “interested stockholder” for a period of three years following the date on which the person became an interested stockholder unless:

- prior to the date of the transaction, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;
- upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding, but not the outstanding voting stock owned by the interested stockholder, (i) shares owned by persons who are directors and also officers and (ii) shares owned by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or
- at or subsequent to the date of the transaction, the business combination is approved by the board of directors of the corporation and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66.67% of the outstanding voting stock that is not owned by the interested stockholder.

Generally, a business combination includes a merger, asset or stock sale, or other transaction or series of transactions together resulting in a financial benefit to the interested stockholder. An interested stockholder is a person who, together with affiliates and associates, owns or, within three years prior to the determination of interested stockholder status, did own 15% or more of a corporation’s outstanding voting stock. We expect the existence of this provision to have an anti-takeover effect with respect to transactions our board of directors does not approve in advance. We also anticipate that Section 203 may also discourage attempts that might result in a premium over the market price for the shares of common stock held by stockholders.

Charter and bylaw provisions

Our charter and our bylaws include a number of provisions that could deter hostile takeovers or delay or prevent changes in control of our company, including the following:

- *Board of Directors Vacancies.* Our charter and bylaws authorize only our Board to fill vacant directorships, including newly created seats. In addition, the number of directors constituting our Board will be permitted to be set only by a resolution adopted by a majority vote of our entire Board. These provisions would prevent a stockholder from increasing the size of our Board and then gaining control of our board of directors by filling the resulting vacancies with its own nominees. This makes it more difficult to change the composition of our Board but promotes continuity of management.
- *Classified Board.* Our charter and bylaws provide that our Board be classified into three classes of directors, each with staggered three-year terms. A third party may be discouraged from making a tender offer or otherwise attempting to obtain control of us as it is more difficult and time-consuming for stockholders to replace a majority of the directors on a classified board of directors.
- *Stockholder Action; Special Meetings of Stockholders.* Our charter provides that our stockholders may not take action by written consent but may only take action at annual or special meetings of our stockholders. As a result, a holder controlling a majority of our capital stock would not be able to amend our bylaws or remove directors without holding a meeting of our stockholders called in accordance with our restated bylaws. Further, our restated bylaws and charter provide that special meetings of our stockholders may be called only by a majority of our Board, the chairman of our Board, our Chief Executive Officer or our President, thus prohibiting a stockholder from calling a special meeting. These provisions might delay the ability of our stockholders to force consideration of a proposal or for stockholders controlling a majority of our capital stock to take any action, including the removal of directors.
- *Advance Notice Requirements for Stockholder Proposals and Director Nominations.* Our bylaws provide advance notice procedures for stockholders seeking to bring business before our annual meeting of stockholders or to nominate candidates for election as directors at our annual meeting of stockholders. Our bylaws also specify certain requirements regarding the form and content of a stockholder's notice. These provisions might preclude our stockholders from bringing matters before our annual meeting of stockholders or from making nominations for directors at our annual meeting of stockholders if the proper procedures are not followed. We expect that these provisions might also discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempt to obtain control of our company.
- *No Cumulative Voting.* The DGCL provides that stockholders are not entitled to the right to cumulate votes in the election of directors unless a corporation's certificate of incorporation provides otherwise. Our charter does not provide for cumulative voting.
- *Directors Removed Only for Cause.* Our charter provides that stockholders may remove directors only for cause and only by the affirmative vote of the holders of at least two-thirds of our outstanding common stock.
- *Amendment of Charter Provisions.* Any amendment of the above expected provisions in our charter would require approval by holders of at least two-thirds of our outstanding common stock, unless such amendment is approved by at least two-thirds of our directors, in which case the amendment may be approved by the holders of a majority of our outstanding common stock.
- *Issuance of Undesignated Preferred Stock.* Our Board has the authority, without further action by the stockholders, to issue up to 10,000,000 shares of undesignated preferred stock with rights and preferences, including voting rights, designated from time to time by our Board. The existence of authorized but unissued shares of preferred stock would enable our board of directors to render more difficult or to discourage an attempt to obtain control of us by means of a merger, tender offer, proxy contest or other means.
- *Choice of Forum.* Our charter provides that the Court of Chancery of the State of Delaware will be the exclusive forum for: any derivative action or proceeding brought on our behalf; any action asserting a breach of fiduciary duty; any action asserting a claim against us arising pursuant to the DGCL, our charter or our bylaws; any action to interpret, apply, enforce or determine the validity of our charter or our bylaws; or any action asserting a claim against us that is governed by the internal

affairs doctrine. The enforceability of similar choice of forum provisions in other companies' certificates of incorporation has been challenged in legal proceedings, and it is possible that a court could find these types of provisions to be inapplicable or unenforceable.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Equiniti Trust Company, LLC. The transfer agent's address is 48 Wall Street, 22nd Floor, New York, NY 10005, and its telephone number is (800) 937-5449.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of shares of our common stock or preferred stock. We may issue warrants independently or together with other securities, and the warrants may be attached to or separate from any offered securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and the investors or a warrant agent. The following summary of material provisions of the warrants and warrant agreements are subject to, and qualified in their entirety by reference to, all the provisions of the warrant agreement and warrant certificate applicable to a particular series of warrants. The terms of any warrants offered under a prospectus supplement may differ from the terms described below. We urge you to read the applicable prospectus supplement and any related free writing prospectus, as well as the complete warrant agreements and warrant certificates that contain the terms of the warrants.

The particular terms of any issue of warrants will be described in the prospectus supplement relating to the issue. Those terms may include:

- the number of shares of common stock or preferred stock purchasable upon the exercise of warrants to purchase such shares and the price at which such number of shares may be purchased upon such exercise;
- the designation, stated value and terms (including, without limitation, liquidation, dividend, conversion and voting rights) of the series of preferred stock purchasable upon exercise of warrants to purchase preferred stock;
- the date, if any, on and after which the warrants and the related preferred stock or common stock will be separately transferable;
- the terms of any rights to redeem or call the warrants;
- the date on which the right to exercise the warrants will commence and the date on which the right will expire;
- United States Federal income tax consequences applicable to the warrants; and
- any additional terms of the warrants, including terms, procedures, and limitations relating to the exchange, exercise and settlement of the warrants.

Holders of equity warrants will not be entitled:

- to vote, consent or receive dividends;
- receive notice as stockholders with respect to any meeting of stockholders for the election of our directors or any other matter; or
- exercise any rights as stockholders of ReShape.

Each warrant will entitle its holder to purchase the number of shares of preferred stock or common stock at the exercise price set forth in, or calculable as set forth in, the applicable prospectus supplement. Unless we otherwise specify in the applicable prospectus supplement, holders of the warrants may exercise the warrants at any time up to the specified time on the expiration date that we set forth in the applicable prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void.

A holder of warrant certificates may exchange them for new warrant certificates of different denominations, present them for registration of transfer and exercise them at the corporate trust office of

the warrant agent or any other office indicated in the applicable prospectus supplement. Until any warrants to purchase common stock or preferred stock are exercised, the holders of the warrants will not have any rights of holders of the underlying common stock or preferred stock, including any rights to receive dividends or payments upon any liquidation, dissolution or winding up on the common stock or preferred stock, if any.

DESCRIPTION OF UNITS

We may issue units consisting of any combination of the other types of securities offered under this prospectus in one or more series. We may evidence each series of units by unit certificates that we will issue under a separate agreement. We may enter into unit agreements with a unit agent. Each unit agent will be a bank or trust company that we select. We will indicate the name and address of the unit agent in the applicable prospectus supplement relating to a particular series of units.

The following description, together with the additional information included in any applicable prospectus supplement, summarizes the general features of the units that we may offer under this prospectus. You should read any prospectus supplement and any free writing prospectus that we may authorize to be provided to you related to the series of units being offered, as well as the complete unit agreements that contain the terms of the units. Specific unit agreements will contain additional important terms and provisions and we will file as an exhibit to the registration statement of which this prospectus is a part, or will incorporate by reference from another report that we file with the SEC, the form of each unit agreement relating to units offered under this prospectus.

If we offer any units, certain terms of that series of units will be described in the applicable prospectus supplement, including, without limitation, the following, as applicable:

- the title of the series of units;
- identification and description of the separate constituent securities comprising the units;
- the price or prices at which the units will be issued;
- the date, if any, on and after which the constituent securities comprising the units will be separately transferable;
- a discussion of certain United States federal income tax considerations applicable to the units; and
- any other terms of the units and their constituent securities.

GLOBAL SECURITIES

Book-Entry, Delivery and Form

Unless we indicate differently in any applicable prospectus supplement or free writing prospectus, the securities initially will be issued in book-entry form and represented by one or more global notes or global securities, or, collectively, global securities. The global securities will be deposited with, or on behalf of, The Depository Trust Company, New York, New York, as depositary, or DTC, and registered in the name of Cede & Co., the nominee of DTC. Unless and until it is exchanged for individual certificates evidencing securities under the limited circumstances described below, a global security may not be transferred except as a whole by the depositary to its nominee or by the nominee to the depositary, or by the depositary or its nominee to a successor depositary or to a nominee of the successor depositary.

DTC has advised us that it is:

- a limited-purpose trust company organized under the New York Banking Law;
- a “banking organization” within the meaning of the New York Banking Law;
- a member of the Federal Reserve System;
- a “clearing corporation” within the meaning of the New York Uniform Commercial Code; and
- a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants deposit with DTC. DTC also facilitates the settlement among

its participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, thereby eliminating the need for physical movement of securities certificates. "Direct participants" in DTC include securities brokers and dealers, including underwriters, banks, trust companies, clearing corporations and other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation, or DTCC. DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others, which we sometimes refer to as indirect participants, that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC.

Purchases of securities under the DTC system must be made by or through direct participants, which will receive a credit for the securities on DTC's records. The ownership interest of the actual purchaser of a security, which we sometimes refer to as a beneficial owner, is in turn recorded on the direct and indirect participants' records. Beneficial owners of securities will not receive written confirmation from DTC of their purchases. However, beneficial owners are expected to receive written confirmations providing details of their transactions, as well as periodic statements of their holdings, from the direct or indirect participants through which they purchased securities. Transfers of ownership interests in global securities are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in the global securities, except under the limited circumstances described below.

To facilitate subsequent transfers, all global securities deposited by direct participants with DTC will be registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of securities with DTC and their registration in the name of Cede & Co. or such other nominee will not change the beneficial ownership of the securities. DTC has no knowledge of the actual beneficial owners of the securities. DTC's records reflect only the identity of the direct participants to whose accounts the securities are credited, which may or may not be the beneficial owners. The participants are responsible for keeping account of their holdings on behalf of their customers.

So long as the securities are in book-entry form, you will receive payments and may transfer securities only through the facilities of the depository and its direct and indirect participants. We will maintain an office or agency in the location specified in the prospectus supplement for the applicable securities, where notices and demands in respect of the securities may be delivered to us and where certificated securities may be surrendered for payment, registration of transfer or exchange.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any legal requirements in effect from time to time.

Redemption notices will be sent to DTC. If less than all of the securities of a particular series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each direct participant in the securities of such series to be redeemed.

Neither DTC nor Cede & Co. (or such other DTC nominee) will consent or vote with respect to the securities. Under its usual procedures, DTC will mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns the consenting or voting rights of Cede & Co. to those direct participants to whose accounts the securities of such series are credited on the record date, identified in a listing attached to the omnibus proxy.

So long as securities are in book-entry form, we will make payments on those securities to the depository or its nominee, as the registered owner of such securities, by wire transfer of immediately available funds. If securities are issued in definitive certificated form under the limited circumstances described below, we will have the option of making payments by check mailed to the addresses of the persons entitled to payment or by wire transfer to bank accounts in the United States designated in writing to the applicable trustee or other designated party at least 15 days before the applicable payment date by the persons entitled to payment, unless a shorter period is satisfactory to the applicable trustee or other designated party.

Redemption proceeds, distributions and dividend payments on the securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit direct participants' accounts upon DTC's receipt of funds and corresponding detail information from us on the payment date in accordance with their respective holdings shown on DTC records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers in bearer form or registered in "street name." Those payments will be the responsibility of participants and not of DTC or us, subject to any statutory or regulatory requirements in effect from time to time. Payment of redemption proceeds, distributions and dividend payments to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC, is our responsibility, disbursement of payments to direct participants is the responsibility of DTC, and disbursement of payments to the beneficial owners is the responsibility of direct and indirect participants.

Except under the limited circumstances described below, purchasers of securities will not be entitled to have securities registered in their names and will not receive physical delivery of securities. Accordingly, each beneficial owner must rely on the procedures of DTC and its participants to exercise any rights under the securities.

The laws of some jurisdictions may require that some purchasers of securities take physical delivery of securities in definitive form. Those laws may impair the ability to transfer or pledge beneficial interests in securities.

DTC may discontinue providing its services as securities depository with respect to the securities at any time by giving reasonable notice to us. Under such circumstances, in the event that a successor depository is not obtained, securities certificates are required to be printed and delivered.

As noted above, beneficial owners of a particular series of securities generally will not receive certificates representing their ownership interests in those securities. However, if:

- DTC notifies us that it is unwilling or unable to continue as a depository for the global security or securities representing such series of securities or if DTC ceases to be a clearing agency registered under the Exchange Act at a time when it is required to be registered and a successor depository is not appointed within 90 days of the notification to us or of our becoming aware of DTC's ceasing to be so registered, as the case may be;
- we determine, in our sole discretion, not to have such securities represented by one or more global securities; or
- an event of default has occurred and is continuing with respect to such series of securities,

we will prepare and deliver certificates for such securities in exchange for beneficial interests in the global securities. Any beneficial interest in a global security that is exchangeable under the circumstances described in the preceding sentence will be exchangeable for securities in definitive certificated form registered in the names that the depository directs. It is expected that these directions will be based upon directions received by the depository from its participants with respect to ownership of beneficial interests in the global securities.

Euroclear and Clearstream

If so provided in the applicable prospectus supplement, you may hold interests in a global security through Clerstream Banking S.A., which we refer to as "Clearstream," or Euroclear Bank S.A./N.V., as operator of the Euroclear System, which we refer to as "Euroclear," either directly if you are a participant in Clearstream or Euroclear or indirectly through organizations which are participants in Clearstream or Euroclear. Clearstream and Euroclear will hold interests on behalf of their respective participants through customers' securities accounts in the names of Clearstream and Euroclear, respectively, on the books of their respective U.S. depositories, which in turn will hold such interests in customers' securities accounts in such depositories' names on DTC's books.

Clearstream and Euroclear are securities clearance systems in Europe. Clearstream and Euroclear hold securities for their respective participating organizations and facilitate the clearance and settlement of securities transactions between those participants through electronic book-entry changes in their accounts, thereby eliminating the need for physical movement of certificates.

Payments, deliveries, transfers, exchanges, notices and other matters relating to beneficial interests in global securities owned through Euroclear or Clearstream must comply with the rules and procedures of those systems. Transactions between participants in Euroclear or Clearstream, on one hand, and other participants in DTC, on the other hand, are also subject to DTC's rules and procedures.

Investors will be able to make and receive through Euroclear and Clearstream payments, deliveries, transfers and other transactions involving any beneficial interests in global securities held through those systems only on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

Cross-market transfers between participants in DTC, on the one hand, and participants in Euroclear or Clearstream, on the other hand, will be effected through DTC in accordance with the DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by their respective U.S. depositaries; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (European time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its U.S. depositary to take action to effect final settlement on its behalf by delivering or receiving interests in the global securities through DTC, and making or receiving payment in accordance with normal procedures for same-day fund settlement. Participants in Euroclear or Clearstream may not deliver instructions directly to their respective U.S. depositaries.

Due to time zone differences, the securities accounts of a participant in Euroclear or Clearstream purchasing an interest in a global security from a direct participant in DTC will be credited, and any such crediting will be reported to the relevant participant in Euroclear or Clearstream, during the securities settlement processing day (which must be a business day for Euroclear or Clearstream) immediately following the settlement date of DTC. Cash received in Euroclear or Clearstream as a result of sales of interests in a global security by or through a participant in Euroclear or Clearstream to a direct participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

Other

The information in this section of this prospectus concerning DTC, Clearstream, Euroclear and their respective book-entry systems has been obtained from sources that we believe to be reliable, but we do not take responsibility for this information. This information has been provided solely as a matter of convenience. The rules and procedures of DTC, Clearstream and Euroclear are solely within the control of those organizations and could change at any time. Neither we nor the trustee nor any agent of ours or of the trustee has any control over those entities and none of us takes any responsibility for their activities. You are urged to contact DTC, Clearstream and Euroclear or their respective participants directly to discuss those matters. In addition, although we expect that DTC, Clearstream and Euroclear will perform the foregoing procedures, none of them is under any obligation to perform or continue to perform such procedures and such procedures may be discontinued at any time. Neither we nor any agent of ours will have any responsibility for the performance or nonperformance by DTC, Clearstream and Euroclear or their respective participants of these or any other rules or procedures governing their respective operations.

PLAN OF DISTRIBUTION

We may sell the securities from time to time pursuant to underwritten public offerings, negotiated transactions, block trades or a combination of these methods. We may sell the securities separately or together:

- through one or more underwriters or dealers in a public offering and sale by them;
- through agents; and/or
- directly to one or more purchasers.

We may distribute the securities from time to time in one or more transactions:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;
- at prices related to such prevailing market prices; or
- at negotiated prices.

We may solicit directly offers to purchase the respective securities being offered by this prospectus. We may also designate agents to solicit offers to purchase the respective securities from time to time. We will name in a prospectus supplement any agent involved in the offer or sale of our securities.

If we utilize a dealer in the sale of the respective securities being offered by this prospectus, we will sell the respective securities to the dealer, as principal. The dealer may then resell the securities to the public at varying prices to be determined by the dealer at the time of resale.

If we utilize an underwriter in the sale of the respective securities being offered by this prospectus, we will execute an underwriting agreement with the underwriter at the time of sale and we will provide the name of any underwriter in the prospectus supplement that the underwriter will use to make resales of the securities to the public. In connection with the sale of the securities, we or the purchasers of securities for whom the underwriter may act as agent may compensate the underwriter in the form of underwriting discounts or commissions. The underwriter may sell the securities to or through dealers, and the underwriter may compensate those dealers in the form of discounts, concessions or commissions.

We will provide in the applicable prospectus supplement any compensation we will pay to underwriters, dealers or agents in connection with the offering of the respective securities, and any discounts, concessions or commissions allowed by underwriters to participating dealers. Underwriters, dealers and agents participating in the distribution of the securities may be deemed to be underwriters within the meaning of the Securities Act of 1933, as amended (the “Securities Act”), and any discounts and commissions received by them and any profit realized by them on resale of the securities may be deemed to be underwriting discounts and commissions. We may enter into agreements to indemnify underwriters, dealers and agents against civil liabilities, including liabilities under the Securities Act, or to contribute to payments they may be required to make in respect thereof.

The securities may or may not be listed on a national securities exchange. To facilitate the offering of securities, certain persons participating in the offering may engage in transactions that stabilize, maintain or otherwise affect the price of the securities. This may include over-allotments or short sales of the securities, which involve the sale by persons participating in the offering of more securities than we sold to them. In these circumstances, these persons would cover such over-allotments or short positions by making purchases in the open market or by exercising their over-allotment option. In addition, these persons may stabilize or maintain the price of the securities by bidding for or purchasing securities in the open market or by imposing penalty bids, whereby selling concessions allowed to dealers participating in the offering may be reclaimed if securities sold by them is repurchased in connection with stabilization transactions. The effect of these transactions may be to stabilize or maintain the market price of the securities at a level above that which might otherwise prevail in the open market. The transactions may be discontinued at any time.

We may authorize underwriters, dealers or agents to solicit offers by certain purchasers to purchase the respective securities from us at the public offering price set forth in the prospectus supplement pursuant to

delayed delivery contracts providing for payment and delivery on a specified date in the future. The contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth any commissions we pay for solicitation of these contracts.

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the parties may sell securities covered by this prospectus and the applicable prospectus supplement, including short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and, if not identified in this prospectus, will be identified in the applicable prospectus supplement or a post-effective amendment to this registration statement. In addition, we may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

The underwriters, dealers and agents may engage in transactions with us, or perform services for us, in the ordinary course of business.

LEGAL MATTERS

Fox Rothschild LLP, Minneapolis, Minnesota, will issue a legal opinion as to the validity of the securities offered by this prospectus.

EXPERTS

The consolidated financial statements of ReShape Lifesciences Inc. as of December 31, 2024 and for the year ended December 31, 2024 have been audited by Haskell & White LLP, an independent registered public accounting firm, as stated in their report thereon (which report expresses an unqualified opinion and includes an explanatory paragraph expressing substantial doubt about ReShape Lifesciences Inc.'s ability to continue as a going concern), and included in this Prospectus and Registration Statement in reliance upon such report and upon the authority of such firm as experts in accounting and auditing.

The consolidated financial statements of ReShape Lifesciences Inc. as of December 31, 2023 and for the year ended December 31, 2023 have been audited by RSM US LLP, an independent registered public accounting firm, as stated in their report thereon (which report expresses an unqualified opinion and includes an explanatory paragraph relating to substantial doubt about ReShape Lifesciences Inc.'s ability to continue as a going concern), and included in this Prospectus and Registration Statement in reliance upon such report and upon the authority of such firm as experts in accounting and auditing.

The financial statements of Vyome Therapeutics, Inc. as of and for the years ended December 31, 2024 and 2023 filed as Exhibit 99.2 have been audited by Kreit & Chiu CPA LLP, an independent registered public accounting firm, as stated in their report appearing herein (which report expresses an unqualified opinion on the financial statements and includes an explanatory paragraph relating to substantial doubt about Vyome Therapeutics, Inc.'s ability to continue as a going concern). Such financial statements are included in reliance upon the report of such firm given upon their authority as experts in accounting and auditing. The office of Kreit & Chiu CPA LLP is located at 733 Third Avenue, Floor 16, #1014 New York, NY 10017, the United States.

WHERE YOU CAN FIND MORE INFORMATION

We have filed with the SEC a registration statement on Form S-3 under the Securities Act that registers the distribution of the securities offered under this prospectus. The registration statement, including the attached exhibits and schedules, contains additional relevant information about us and the securities. The rules and regulations of the SEC allow us to omit from this prospectus certain information included in the registration statement. In addition, we file annual, quarterly and current reports, proxy statements and other information with the SEC.

You may also obtain the documents that we file electronically on the SEC's website at www.sec.gov or on our website at www.reshapelifesciences.com. Information contained on our website is not incorporated by reference herein and does not constitute part of this prospectus.

INCORPORATION OF DOCUMENTS BY REFERENCE

The SEC allows us to incorporate by reference the information we file with them. This allows us to disclose important information to you by referencing those filed documents. We have previously filed the following documents with the SEC and are incorporating them by reference into this prospectus:

- [Our Annual Report on Form 10-K for the year ended December 31, 2024](#) (the consolidated financial statements included in this Annual Report on Form 10-K have been retrospectively adjusted to apply the reverse stock split effected May 9, 2025, which updated consolidated financial statements are attached as Exhibit 99.3);
- Our Current Reports on Form 8-K (only to the extent information is “filed” and not “furnished”) filed with the SEC on [January 21, 2025](#), [February 20, 2025](#), [March 20, 2025](#), [April 2, 2025](#), [April 21, 2025](#), [April 28, 2025](#) and [May 9, 2025](#); and
- the description of securities contained in [Exhibit 4.1](#) to our Annual Report on Form 10-K for the year ended December 31, 2024.

We also are incorporating by reference any future information filed (rather than furnished) by us with the SEC under Section 13(a), 13(c), 14 or 15(d) of the Exchange Act after the date of the initial filing of the registration statement of which this prospectus is a part and before the effective date of the registration statement and after the date of this prospectus until the termination of the offering. The most recent information that we file with the SEC automatically updates and supersedes more dated information.

You can obtain a copy of any documents which are incorporated by reference in this prospectus or prospectus supplement, except for exhibits which are specifically incorporated by reference into those documents, at no cost, by writing or telephoning us at:

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 14. Other Expenses of Issuance and Distribution

The following table sets forth the estimated costs and expenses in connection with the sale and distribution of the securities being registered hereby, other than underwriting discounts and commissions. All of the amounts shown are estimates, except the SEC registration fee. The expenses listed will be paid by ReShape Lifesciences Inc.

SEC registration fee	\$ 7,655	(1)
Legal fees and expenses		(1)
Printing expenses		(1)
Accountants' fees and expenses		(1)
Transfer agent and registrar fees		(1)
Trustee fees and expenses		(1)
Depository fees and expenses		(1)
Warrant agent fees and expenses		(1)
Miscellaneous expenses		(1)
Total	\$	(1)

(1) These fees are calculated based on the securities offered and the number of issuances and accordingly cannot be estimated at this time.

Item 15. Indemnification of Directors and Officers***General Corporation Law of the State of Delaware***

Section 145(a) of the Delaware General Corporation Law, or DGCL, provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person's conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that the person's conduct was unlawful.

Section 145(b) of the DGCL states that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which the

person shall have been adjudged to be liable to the corporation unless and only to the extent that the Delaware Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnity for such expenses as the Delaware Court of Chancery or such other court shall deem proper.

Section 145(c) of the DGCL provides that to the extent that a present or former director or officer of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (a) and (b) of Section 145, or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith.

Section 145(d) of the DGCL states that any indemnification under subsections (a) and (b) of Section 145 (unless ordered by a court) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the present or former director, officer, employee or agent is proper in the circumstances because the person has met the applicable standard of conduct set forth in subsections (a) and (b) of Section 145. Such determination shall be made with respect to a person who is a director or officer at the time of such determination (1) by a majority vote of the directors who are not parties to such action, suit or proceeding, even though less than a quorum, (2) by a committee of such directors designated by majority vote of such directors, even though less than a quorum, (3) if there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion or (4) by the stockholders.

Section 145(f) of the DGCL states that the indemnification and advancement of expenses provided by, or granted pursuant to, the other subsections of Section 145 shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office.

Section 145(g) of the DGCL provides that a corporation shall have the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against such person and incurred by such person in any such capacity or arising out of such person's status as such, whether or not the corporation would have the power to indemnify such person against such liability under the provisions of Section 145.

Section 145(j) of the DGCL states that the indemnification and advancement of expenses provided by, or granted pursuant to, Section 145 shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

Section 102(b)(7) of the DGCL permits a corporation to provide in its certificate of incorporation that a director or officer of the corporation shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director or officer, except for liability for any breach of the director's or officer's duty of loyalty to the corporation or its stockholders, for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, for unlawful payments of dividends or unlawful stock purchases or redemptions in the case of a director, for any transaction from which the director or officer derived an improper personal benefit, or in any action by or in the right of the corporation in the case of an officer.

Charter

As permitted by the DGCL, our charter contains provisions that eliminate the personal liability of its directors for monetary damages for any breach of fiduciary duties as a director, except liability for the following:

- any breach of the director's duty of loyalty to us or our stockholders;
- acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;

- under Section 174 of the DGCL (regarding unlawful dividends and stock purchases); or
- any transaction from which the director derived an improper personal benefit.

Bylaws

As permitted by the DGCL, our bylaws provide that:

- we are required to indemnify our directors and executive officers to the fullest extent permitted by the DGCL, subject to very limited exceptions;
- we may indemnify its other employees and agents as set forth in the DGCL;
- we are required to advance expenses, as incurred, to our directors and executive officers in connection with a legal proceeding to the fullest extent permitted by the DGCL, subject to very limited exceptions; and
- the rights conferred in the restated bylaws are not exclusive.

Indemnification Agreements

We have entered into indemnification agreements with each of our current directors and executive officers to provide these directors and executive officers additional contractual assurances regarding the scope of the indemnification set forth in our charter and bylaws and to provide additional procedural protections. There is no pending litigation or proceeding involving a director or executive officer of ReShape for which indemnification is sought. The indemnification provisions in our charter, bylaws and the indemnification agreements to be entered into between us and each of our directors and executive officers may be sufficiently broad to permit indemnification of our directors and executive officers for liabilities arising under the Securities Act.

Insurance Policies

We have director and officer insurance providing for indemnification for our directors and officers for certain liabilities, and such insurance provides for indemnification of our directors and officers for liabilities under the Securities Act.

Item 16. List of Exhibits

(a) Exhibits

Exhibit No.	Description
2.1	<u>Agreement and Plan of Merger, dated as of January 19, 2021, by and among Obalon Therapeutics, Inc., Optimus Merger Sub, Inc., and the Company (incorporated by reference to Exhibit 2.1 to the Company's Current Report on Form 8-K filed with the SEC on January 20, 2021).</u>

* To be filed by amendment or by a report filed under the Exchange Act and incorporated by reference herein.

** Filed herewith.

Item 17. *Undertakings*

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be

reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the “Calculation of Filing Fee Tables” or “Calculation of Registration Fee” table, as applicable, in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

Provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Irvine, State of California, on May 9, 2025.

ReShape Lifesciences Inc.
 18 Technology Drive, Suite 110
 Irvine, CA 92618

Ladies and Gentlemen:

We have acted as counsel to ReShape Lifesciences Inc., a Delaware corporation (the “**Company**”), in connection with its filing on the date hereof with the Securities and Exchange Commission (the “**Commission**”) of a registration statement on Form S-3 (as amended, the “**Registration Statement**”), including a base prospectus (the “**Base Prospectus**”), which provides that it will be supplemented by one or more prospectus supplements (each such prospectus supplement, together with the Base Prospectus, a “**Prospectus**”), under the Securities Act of 1933, as amended (the “**Act**”), relating to the registration for issue and sale by the Company of up to \$50,000,000 offering price of (i) shares of the Company’s common stock, \$0.001 par value per share (“**Common Stock**”), (ii) shares of one or more series of the Company’s preferred stock, \$0.001 par value per share (“**Preferred Stock**”), and (iii) warrants (“**Warrants**”) and units (“**Units**”). The Common Stock, Preferred Stock, Warrants and Units, plus any additional Common Stock, Preferred Stock, Warrants and Units that may be registered pursuant to any subsequent registration statement that the Company may hereafter file with the Commission pursuant to Rule 462(b) under the Act in connection with the offering by the Company contemplated by the Registration Statement, are referred to herein collectively as the “**Securities**.”

This opinion is being furnished in connection with the requirements of Item 601(b)(5) of Regulation S-K under the Act, and no opinion is expressed herein as to any matter pertaining to the contents of the Registration Statement or related applicable Prospectus, other than as expressly stated herein with respect to the issue of the Securities.

As such counsel, we have examined such matters of fact and questions of law as we have considered appropriate for purposes of this letter. With your consent, we have relied upon certificates and other assurances of officers of the Company and others as to factual matters without having independently verified such factual matters. We are opining herein as to the General Corporation Law of the State of Delaware, and with respect to the opinions set forth in paragraphs 3 and 4 below, the internal laws of the State of New York, and we express no opinion with respect to the applicability thereto, or the effect thereon, of the laws of any other jurisdiction or, in the case of Delaware, any other laws, or as to any matters of municipal law or the laws of any local agencies within any state.

A Pennsylvania Limited Liability Partnership

California	Colorado	Delaware	District of Columbia	Florida	Georgia	Illinois	Minnesota	Nevada
New Jersey	New York	North Carolina	Pennsylvania	South Carolina	Texas	Virginia	Washington	

Subject to the foregoing and the other matters set forth herein, it is our opinion that, as of the date hereof:

1. When an issuance of Common Stock has been duly authorized by all necessary corporate action of the Company, upon issuance, delivery and payment therefor in an amount not less than the par value thereof in the manner contemplated by the applicable Prospectus and by such corporate action, and in total amounts and numbers of shares that do not exceed the respective total amounts and numbers of shares (a) available under the certificate of incorporation, and (b) authorized by the board of directors in connection with the offering contemplated by the applicable Prospectus, such shares of Common Stock will be validly issued, fully paid and nonassessable. In rendering the foregoing opinion, we have assumed that the Company will comply with all applicable notice requirements regarding uncertificated shares provided in the General Corporation Law of the State of Delaware.
 2. When a series of Preferred Stock has been duly established in accordance with the terms of the Company's certificate of incorporation and authorized by all necessary corporate action of the Company, upon issuance, delivery and payment therefor in an amount not less than the par value thereof in the manner contemplated by the applicable Prospectus and by such corporate action, and in total amounts and numbers of shares that do not exceed the respective total amounts and numbers of shares (a) available under the certificate of incorporation, and (b) authorized by the board of directors in connection with the offering contemplated by the applicable Prospectus, such shares of such series of Preferred Stock will be validly issued, fully paid and nonassessable. In rendering the foregoing opinion, we have assumed that the Company will comply with all applicable notice requirements regarding uncertificated shares provided in the General Corporation Law of the State of Delaware.
 3. When the applicable warrant agreement has been duly authorized, executed and delivered by all necessary corporate action of the Company, and when the specific terms of a particular issuance of Warrants have been duly established in accordance with the terms of the applicable warrant agreement and authorized by all necessary corporate action of the Company, and such Warrants have been duly executed, authenticated, issued and delivered against payment therefor in accordance with the terms of the applicable warrant agreement and in the manner contemplated by the applicable Prospectus and by such corporate action (assuming the securities issuable upon exercise of such Warrants have been duly authorized and reserved for issuance by all necessary corporate action), such Warrants will be the legally valid and binding obligations of the Company, enforceable against the Company in accordance with their terms.
 4. When the applicable unit agreement has been duly authorized, executed and delivered by all necessary corporate action of the Company, and when the specific terms of a particular issuance of Units have been duly authorized in accordance with the terms of the applicable unit agreement and authorized by all necessary corporate action of the Company, and such Units have been duly executed, authenticated, issued and delivered against payment therefor in accordance with the terms of the applicable unit agreement and in the manner contemplated by the applicable Prospectus and by such corporate action (assuming the securities issuable upon exercise of such Units have been duly authorized and reserved for issuance by all necessary corporate action), such Units will be the legally valid and binding obligations of the Company, enforceable against the Company in accordance with their terms.
-

Our opinions are subject to: (i) the effect of bankruptcy, insolvency, reorganization, preference, fraudulent transfer, moratorium or other similar laws relating to or affecting the rights and remedies of creditors; (ii) the effect of general principles of equity, whether considered in a proceeding in equity or at law (including the possible unavailability of specific performance or injunctive relief), concepts of materiality, reasonableness, good faith and fair dealing, and the discretion of the court before which a proceeding is brought; (iii) the invalidity under certain circumstances under law or court decisions of provisions providing for the indemnification of or contribution to a party with respect to a liability where such indemnification or contribution is contrary to public policy; and (iv) we express no opinion as to (a) any provision for liquidated damages, default interest, late charges, monetary penalties, make-whole premiums or other economic remedies to the extent such provisions are deemed to constitute a penalty, (b) consents to, or restrictions upon, governing law, jurisdiction, venue, arbitration, remedies, or judicial relief, (c) waivers of rights or defenses, (d) any provision requiring the payment of attorneys' fees, where such payment is contrary to law or public policy, (e) any provision permitting, upon acceleration of any Debt Securities, collection of that portion of the stated principal amount thereof which might be determined to constitute unearned interest thereon, (f) the creation, validity, attachment, perfection, or priority of any lien or security interest, (g) advance waivers of claims, defenses, rights granted by law, or notice, opportunity for hearing, evidentiary requirements, statutes of limitation, trial by jury or at law, or other procedural rights, (h) waivers of broadly or vaguely stated rights, (i) provisions for exclusivity, election or cumulation of rights or remedies, (j) provisions authorizing or validating conclusive or discretionary determinations, (k) grants of setoff rights, (l) proxies, powers and trusts, (m) provisions prohibiting, restricting, or requiring consent to assignment or transfer of any right or property, (n) any provision to the extent it requires that a claim with respect to a security denominated in other than U.S. dollars (or a judgment in respect of such a claim) be converted into U.S. dollars at a rate of exchange at a particular date, to the extent applicable law otherwise provides, and (o) the severability, if invalid, of provisions to the foregoing effect.

With your consent, we have assumed (a) that each of the Warrants and Units and the warrant agreements and unit agreements governing such Securities (collectively, the "**Documents**") will be governed by the internal laws of the State of New York, (b) that each of the Documents has been or will be duly authorized, executed and delivered by the parties thereto, (c) that each of the Documents constitutes or will constitute legally valid and binding obligations of the parties thereto other than the Company, enforceable against each of them in accordance with their respective terms, and (d) that the status of each of the Documents as legally valid and binding obligations of the parties will not be affected by any (i) breaches of, or defaults under, agreements or instruments, (ii) violations of statutes, rules, regulations or court or governmental orders, or (iii) failures to obtain required consents, approvals or authorizations from, or to make required registrations, declarations or filings with, governmental authorities.

This opinion is for your benefit in connection with the Registration Statement and may be relied upon by you and by persons entitled to rely upon it pursuant to the applicable provisions of the Act. We consent to your filing this opinion as an exhibit to the Registration Statement and to the reference to our firm contained in the Prospectus under the heading "Legal Matters." We further consent to the incorporation by reference of this letter and consent into any registration statement or post-effective amendment to the Registration Statement filed pursuant to Rule 462(b) under the Act with respect to the Securities. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Act or the rules and regulations of the Commission thereunder.

Very truly yours,

/s/ Fox Rothschild LLP

Consent of Independent Registered Public Accounting Firm

We consent to the use in this Registration Statement on Form S-3 of ReShape Lifesciences Inc. of our report dated April 1, 2024, except for the effect of the reverse stock split effected September 23, 2024, described in Note 2, as to which the date is October 1, 2024, relating to the consolidated financial statements of ReShape Lifesciences Inc., appearing in the Prospectus, which is part of this Registration Statement.

As discussed in Note 2 to the consolidated financial statements, the 2023 consolidated financial statements have been retrospectively adjusted to apply the reverse stock split effected May 9, 2025. We have not audited the adjustments to the 2023 consolidated financial statements to retrospectively apply the reverse stock split effected May 9, 2025 as described in Note 2.

We also consent to the reference to our firm under the heading “Experts” in such Prospectus.

Consent of Independent Registered Public Accounting Firm

We consent to the use in this Registration Statement on Form S-3 of ReShape Lifesciences Inc. of our report dated April 4, 2025, except for the effects of the one-for-twenty-five reverse stock split described in Note 2, as to which the date is May 9, 2025, relating to the consolidated financial statements of ReShape Lifesciences Inc. as of December 31, 2024 and for the year then ended, appearing in the Prospectus, which is part of this Registration Statement.

Our report includes an explanatory paragraph expressing substantial doubt regarding the Company's ability to continue as a going concern. Our report also relates to the adjustments described in Note 2 to the consolidated financial statements that were applied retroactively to reflect the May 9, 2025 one-for-twenty-five reverse stock split in the 2023 financial statements.

We also consent to the reference to our firm under the heading "Experts" in such Prospectus.

**RESHAPE AND VYOME UNAUDITED PRO FORMA
CONDENSED COMBINED FINANCIAL STATEMENTS**

On July 8, 2024, ReShape, Vyome, and Merger Sub, entered into the Merger Agreement (“Merger”). Pursuant to the Merger Agreement, and subject to the satisfaction or waiver of the conditions specified therein, Merger Sub shall be merged with and into Vyome, with Vyome surviving as a subsidiary of ReShape.

At the Effective Time of the Merger, each Vyome Share issued and outstanding immediately prior to the Effective Time (other than the shares that are owned by ReShape, Vyome, or Merger Sub and shares that will be subject to a put-call option agreement with certain stockholders of Vyome located in India) will be converted into the right to receive a number of fully paid and non-assessable ReShape Shares according to an Exchange Ratio determined at least 10 calendar days prior to the ReShape Special Meeting that will result in the holders of such Vyome Shares, together with holders of Vyome securities convertible into Vyome Shares, owning 92.54% of the outstanding ReShape Shares on a fully-diluted basis immediately after the Effective Time.

The Merger Agreement provides that, at the Effective Time, each outstanding stock option or other equity award to purchase capital stock of Vyome will be converted into equity awards to purchase a number of ReShape Shares equal to the number of shares of Vyome Common Stock issuable upon exercise of such Vyome equity award multiplied by the Exchange Ratio, with an exercise price, in the case of warrants and stock options, equal to the exercise price of such Vyome option divided by the Exchange Ratio. The exercise price and number of shares will be determined in a manner consistent with the requirements of Section 409A, and as applicable, Section 424(a) of the Internal Revenue Code, and the applicable regulations promulgated thereunder.

Simultaneously with the execution of the Merger Agreement, ReShape entered into the Asset Purchase Agreement with Biorad (“Asset Sale”). Pursuant to the Asset Purchase Agreement, and subject to the satisfaction or waiver of the conditions specified therein, ReShape will sell substantially all of its assets (excluding cash) to Biorad, and Biorad will assume substantially all of ReShape’s liabilities, for a purchase price of \$2.25 million in cash, subject to adjustment based on ReShape’s actual accounts receivable and accounts payable at the closing compared to such amounts as of March 31, 2024. Biorad is party to a previously disclosed exclusive license agreement, dated September 19, 2023, with ReShape for ReShape’s Obalon® Gastric Balloon System. The proforma financials below included the anticipated impact the Asset Sale might have on our combined financial information.

Simultaneously with the execution of the Merger Agreement, ReShape, Vyome, and Vyome’s wholly-owned subsidiary Vyome Therapeutics Limited (“Vyome India”) entered into agreements with certain existing accredited investors, pursuant to which the investors have agreed to purchase of approximately \$7.57 million in securities of ReShape, Vyome and Vyome India (the “Concurrent Financing”), of which approximately \$0.6 million has been received in the form of bridge notes through April 21, 2025. As part of the Concurrent Financing, certain accredited investors have agreed to purchase up to \$5.9 million in shares of common stock of the combined company immediately following completion of the Merger. The price per share for the common stock of the Combined Company will be calculated as a 30% discount to the price per share of the common stock for the agreed upon valuation of the combined company obtained by dividing (i) the sum of \$130,000,000 and ReShape Net Cash by (ii) the sum of Total ReShape Outstanding Shares and Vyome Merger Shares. Simultaneously with the execution of the subscription agreements, Vyome entered into a securities purchase agreement with each investor pursuant to which Vyome issued to each investor a convertible promissory note in the principal amount equal to approximately 5% of such investor’s total agreed upon investment amount, which convertible notes will bear interest at 8% per annum and immediately prior to completion of the Merger will convert into a number of shares of common stock of the combined company equal to 100% of the outstanding principal and interest of the Note divided by the price per share of common stock to be purchased in the financing as set forth above. ReShape and the investors are executing and delivering the subscription agreements in reliance upon the exemption from securities registration afforded by Section 4(a)(2) of the Securities Act of 1933, as amended, and contemporaneously with the sale of the shares of common stock will execute and deliver a registration rights agreement in substantially the form attached to the subscription agreement.

The pro forma ownership percentages of the ReShape and Vyome stockholders of the Combined Company of 7.46% and 92.54%, respectively, subject to adjust as described in this proxy/information statement-prospectus, is prior to taking into account the Concurrent Financing. Therefore, the actual ownership percentages will be different following the completion of the Concurrent Financing and, because certain of the investors in the Concurrent Financing are existing Vyome stockholders, the actual ownership percentage of the ReShape stockholders will be decreased compared to that of the Vyome stockholders after the closing of the Concurrent Financing.

The following unaudited pro forma condensed combined financial statements have been prepared to illustrate the estimated effects of the Merger. The ReShape and Vyome unaudited pro forma combined balance sheet data assume that the Asset Sale and the Merger closed on December 31, 2024, and combine the ReShape and Vyome historical balance sheets at December 31, 2024. The ReShape and Vyome unaudited pro forma condensed combined statements of operations data assume that the Asset Sale and the Merger closed as of January 1, 2024 and combine the historical results of operations of ReShape and Vyome for the year ended December 31, 2024. The unaudited pro forma condensed combined financial information was prepared pursuant to the rules and regulations of Article 11 of SEC Regulation S-X, as amended.

The Merger is accounted for as a reverse recapitalization under U.S. GAAP since ReShape will have nominal operations and assets at the time of the closing of the Merger. Vyome was determined to be the accounting acquirer based upon the terms of the Merger and other factors including (i) holders of such Shares, together with holders of Vyome securities convertible into Vyome Shares are expected to own 91.62% of the outstanding ReShape Shares on a fully-diluted basis immediately after the Effective Time, (ii) Vyome will hold substantially all of the board seats of the combined company and (iii) Vyome's management will hold all key positions in the management of the combined company.

The unaudited pro forma condensed combined financial statements are based on and should be read in conjunction with both Vyome and ReShape Management's Discussion and Analysis of Financial Condition and Results of Operations and Vyome and ReShape's financial statements and related notes appearing elsewhere in this proxy/information statement-prospectus.

The unaudited pro forma condensed combined financial statements have been prepared for illustrative purposes only and are not necessarily indicative of the consolidated financial position or results of operations that would have been realized had the Merger occurred as of the dates indicated, nor is it meant to be indicative of any future consolidated financial position or future results of operations that the Combined Company will experience. The unaudited pro forma condensed combined financial statements combine the historical statements of ReShape and Vyome, the Concurrent Financing undertaken, financings done by ReShape in the first quarter of 2025, and reflects the impact of the sale of substantially all of ReShape's assets and liabilities to Biorad, for the period on a pro forma basis along with the Merger and related transactions, summarized below. The pro forma adjustments included in the accompanying unaudited pro forma condensed combined financial statements are based on currently available data and assumptions that management of ReShape believes are reasonable.

NOTES TO THE UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

1. Description of the Merger

On July 8, 2024, ReShape, Vyome, and Merger Sub, entered into the Merger Agreement. Pursuant to the Merger Agreement, and subject to the satisfaction or waiver of the conditions specified therein, Merger Sub shall be merged with and into Vyome, with Vyome surviving as a subsidiary of ReShape.

At the Effective Time of the Merger, each Vyome Share issued and outstanding immediately prior to the Effective Time (other than the shares that are owned by ReShape, Vyome, or Merger Sub and shares that will be subject to a put-call option agreement with certain stockholders of Vyome located in India) will be converted into the right to receive a number of fully paid and non-assessable ReShape Shares according to an Exchange Ratio determined at least 10 calendar days prior to the ReShape Special Meeting that will result in the holders of such Vyome Shares, together with holders of Vyome securities convertible into Vyome Shares, owning 92.54% of the outstanding ReShape Shares on a fully-diluted basis immediately after the Effective Time.

The Merger Agreement provides that, at the Effective Time, each outstanding stock option or other equity award to purchase capital stock of Vyome will be converted into equity awards to purchase a number of ReShape Shares equal to the number of shares of Vyome Common Stock issuable upon exercise of such Vyome equity award multiplied by the Exchange Ratio, with an exercise price, in the case of stock options, equal to the exercise price of such Vyome option divided by the Exchange Ratio. The exercise price and number of shares will be determined in a manner consistent with the requirements of Section 409A, and as applicable, Section 424(a) of the Internal Revenue Code, and the applicable regulations promulgated thereunder.

In connection with the transactions contemplated by the Merger Agreement ReShape entered into an agreement with a majority of the holders of its outstanding Series C Preferred Stock pursuant to which the holders of the Series C Preferred Stock agreed, subject to and contingent upon the completion of the Merger and the Asset Sale, to reduce the liquidation preference of the Series C Preferred Stock from \$26.2 million to the greater of (i) \$1 million, (ii) 20% of the purchase price paid for the Asset Sale and (iii) the excess of ReShape's actual net cash at the effective time of the Merger over the minimum net cash required as a condition to the closing of the Merger as set forth in the Merger Agreement and described below (the "Series C Amendment"). Under the terms of the Series C Amendment, the Series C Preferred Stock would automatically terminate at the effective time of the Merger and would be paid the agreed upon reduced liquidation preference.

In the Merger, ReShape stockholders will continue to own and hold their existing ReShape Shares. Each ReShape restricted stock unit award that is outstanding and unvested immediately prior to the Effective Time, shall become fully vested as of immediately prior to, and contingent upon, the Effective Time. Each ReShape stock option that is outstanding, whether vested or unvested, immediately prior to the Effective Time shall be canceled and terminated without any payment.

2. Basis of Presentation

The unaudited pro forma condensed combined financial information has been prepared in accordance with Article 11, as amended by SEC Final Rule Release No. 33-10786, *Amendments to Financial Disclosures About Acquired and Disposed Businesses*. In accordance with Release No. 33-10786, the unaudited condensed combined pro forma balance sheet and statements of operations reflect transaction accounting adjustments, as well as other adjustments deemed to be directly related to the Proposed Transactions, irrespective of whether or not such adjustments are deemed to be recurring.

Reverse Stock Split

On May 9, 2025, at the commencement of trading, ReShape effected a 1-for-25 reverse stock split. Accordingly, all share and per share amounts presented in the accompanying pro forma financial statements

and notes thereto have been adjusted retroactively, where applicable, to reflect the reverse stock split. No fractional shares were issued in connection with the reverse stock split.

On September 23, 2024, at the commencement of trading, ReShape effected a 1-for-58 reverse stock split. Accordingly, all share and per share amounts presented in the accompanying pro forma financial statements and notes thereto have been adjusted retroactively, where applicable, to reflect the reverse stock split. No fractional shares were issued in connection with the reverse stock split.

For accounting purposes, Vyome is considered to be the acquiring company and the Merger will be accounted for as a reverse recapitalization of ReShape by Vyome because, at the time of the Merger, ReShape is expected to have nominal assets and operations as a result of the closing of the Asset Sale.

Under reverse recapitalization accounting, the financial statement of the combined entity will represent a continuation of the financial statements of Vyome. No goodwill or intangible assets will be recognized. The unaudited pro forma condensed combined financial information of Vyome reflects the operations of the acquirer for accounting purposes together with the shares held by the stockholders of the legal acquirer and the issuance of the shares to be held by the accounting acquirer. The pro forma adjustments represent management's best estimates and are based upon currently available information and certain assumptions that management believes are reasonable under the circumstances.

The unaudited pro forma information is not necessarily indicative of what the Combined Company's financial position or results of operations would have been had the Merger been completed on the dates indicated. In addition, the unaudited pro forma condensed combined financial information does not purport to project the future financial position or operating results of the Combined Company.

There were no material transactions between ReShape and Vyome during the periods presented in the unaudited pro forma condensed combined financial statements.

3. Accounting Policies and Reclassification Adjustments

The accounting policies used in the preparation of this unaudited pro forma condensed combined financial information are those set out in Vyome's consolidated financial statements as of and for the year ended December 31, 2024. Based on Vyome management's assessment to date, the accounting policies of ReShape are similar in all material respects to Vyome's accounting policies.

The Combined Company may, as a result, identify additional differences between the accounting policies of the two companies which, when conformed, could have a material impact on the combined consolidated financial statements.

Certain reclassifications have been made ReShape's financial statements to conform to classifications used by Vyome.

4. Share Issuances

At the Effective Time, each Vyome Share (other than the shares that are owned by ReShape, Vyome, or Merger Sub and shares that will be subject to a put-call option agreement with certain Indian stockholders of Vyome and its subsidiary in India) will be converted into the right to receive a number of ReShape Shares, according to a ratio determined at least 10 days prior to the ReShape Special Meeting that will result in the holders of such Vyome Shares (not including the investors in the Concurrent Financing) owning 86.06% of the outstanding Combined Company Shares immediately after the effective time of the Merger, subject to adjustment based on whether ReShape's net cash is greater than or less than \$5 million and assuming the Concurrent Financing occurs. Based on the number of shares outstanding as of April 15, 2025, and assuming ReShape's net cash is equal to \$400,000, the Exchange Ratio would be equal to 0.7174 ReShape Shares for each share of Vyome common stock outstanding or underlying the Vyome preferred stock, without giving effect to the proposed reverse stock split of ReShape Shares described in this proxy/information statement- prospectus. However, that estimated Exchange Ratio is not final and is subject adjustment based on the actual shares outstanding, and ReShape's actual net cash, as of the Determination Date.

Because the exact number of ReShape Shares that will be issued in exchange for each Vyome Share will not be determined until a later date, the market value of the Merger Consideration that Vyome stockholders

will receive will depend both on the number of ReShape Shares to be issued and the price per ReShape Share at the Effective Time. The exact number of ReShape Shares to be Vyome and the market price per ReShape Share will not be known at the time of the ReShape Special Meeting and may be less or more than the current market price or the market price at the time of the ReShape Special Meeting.

Based on the closing price per share of ReShape Shares on The Nasdaq Capital Market on April 15, 2025 of \$9.50, the date on which the assumed Exchange Ratio of 0.7174 ReShape Shares for each Vyome Share was calculated for purposes of this proxy/information statement-prospectus, the estimated value of each Vyome Share in the Merger would be approximately \$6.82. The exact dollar value of the ReShape Shares that the Vyome stockholders and the ReShape stockholders will hold upon consummation of the Merger will not be known at the time of the ReShape Special Meeting and may be greater than, the same as or less than the current market price of ReShape Shares at the time of the ReShape Special Meeting. The market price of the ReShape Shares is subject to general price fluctuations in the market for publicly traded equity securities and has experienced volatility in the past and may vary significantly from the date of the ReShape Special Meeting. As a result of these fluctuations, the value of the Merger Consideration will also vary. For example, based on the range of closing prices of ReShape Shares during the period from July 8, 2024, the last trading day before public announcement of the Merger, through April 23, 2025, of \$8.5 to \$339.50, the assumed Exchange Ratio represented a value ranging from a low of \$6.10 to a high of \$243.56 for each Vyome share.

The following table shows the shares outstanding pre- and post-Merger for purposes of this pro forma financial statement, as adjusted for the share exchange ratio.

	Shares Issued	Entitlement Shares in Combined Company to honor put/call option agreement using Vyome-USA and Vyome-India shares	Fully Diluted shares outstanding
Shares of Reshape, post reverse stock split	741,554	—	741,554
Shares to be issued to former Vyome debtholders, common and preferred shareholders, penny warrants (which will be exercised and convert to common shares prior to Merger date) for participation in Concurrent financing – a portion of which are subject to the put/call option agreement	4,930,407	946,854	5,877,261
Underlying entitlement of common Shares in the Combined company for former Indian resident shareholders for participation in Concurrent Financing by putting money in Vyome-India- subject to the put/call option agreement	—	920,459	920,459
	5,671,961	1,867,313	7,539,274
Shares to be issued in Concurrent Financing only for those amounts that come at merger closing in Combined company and the entitlement shares thru a put/call option agreement using the shares of Vyome's subsidiary as a result of such an investment at merger closing in Vyome's India subsidiary	552,062	92,613	644,675
Post-merger, proforma shares outstanding in Combined company and Vyome subsidiary in India	<u>6,224,023</u>	<u>1,959,926</u>	<u>8,183,949</u>

The following table shows the split fully diluted shares outstanding for purposes of this pro forma financial statement:

	Shares
Post-merger Vyome stock options outstanding	1,758,667
Post-merger, proforma shares outstanding	8,183,949
Fully diluted shares outstanding	9,942,616

As a result of the conversion of the Vyome Convertible Debt, preferred stock and Bridge Financing to common shares prior to the Merger, Vyome will have an estimated 6.8 million common shares outstanding and 2.6 million shares subject to the put/call option described below.

ReShape completed a 1-for-58 reverse stock split in September 2024 and a 1-for-25 reverse stock split in May 2025, prior to the Merger such that approximately 0.7 million common shares will be outstanding. In connection with the Merger and pursuant to the Exchange ratio, ReShape will issue approximately 4.9 million shares to former Vyome shareholders. At the Merger date, there will be 0.9 million entitled shares of the Combined Company which are subject to put/ call option agreement using Vyome shares owned by certain Indian resident shareholders. At the Merger date, there will be 0.9 million entitled shares of the Combined Company which are subject to put/call Option agreement using Vyome's subsidiary shares owned by certain Indian resident shareholders. At the Merger date, there will be Vyome stock options outstanding for the purchase of approximately 1.8 million shares of common stock.

Post Merger, the combined company is expected to issue approximately 0.6 million shares of common stock from the Concurrent Financing, raising expected gross proceeds of approximately \$6.9 million. Also, as part of Concurrent financing for the investments made by certain India resident shareholders in Vyome's subsidiary in India, there will be approximately 0.1 million entitled shares of the Combined Company which are subject to put/call option agreement using this investment-related shares in Vyome's subsidiary in India. The actual value of the Merger Consideration will be subject to change based on the final Exchange Ratio determined as of the Determination Date and the underlying market price of the ReShape Shares. As a result, changes in Reshape's stock price will impact the market value of the ReShape Shares to be issued in the Merger. This is also indicated below through the sensitivity analysis performed using the hypothetical change in the closing price of ReShape Shares to assess the impact on the number of shares issued to holders of Vyome Shares and the number of ReShape Shares underlying the ReShape preferred stock and warrants to be issued in exchange for Vyome Series C Preferred Stock and warrants, respectively, as part of Merger Consideration on the Effective Date.

Based on ReShape's closing share price of \$7.75 on April 17, 2025, the value of shares to be issued in connection with the Merger will be approximately \$52.6 million. This amount reflects the following:

- Shares to be issued to former Vyome debtholders, common and preferred shareholders, penny warrants (which will be exercised and convert to common shares prior to Merger date) for participation in Concurrent financing — a portion of which are subject to the put/call option agreement.
- Underlying entitlement of common shares in the combined company for former Indian resident shareholders for participation in Concurrent Financing by putting money in Vyome-India-subject to the put/call option agreement

The value of shares to be issued post Merger, in connection with the Concurrent Financing, will be approximately \$5.0 million. This amount reflects the following:

- Shares to be issued in Concurrent Financing only for those amounts that come at merger closing in combined company and the entitlement shares thru a put/call option agreement using the shares of Vyome's subsidiary as a result of such an investment at merger closing in Vyome's India subsidiary

This amount will change based on fluctuations in the market price of ReShape common shares. Vyome believes that a 10% fluctuation in market price of ReShape common shares is reasonably possible based on historical volatility, and the potential effect on the value of shares to be issued would be:

	ReShape's share price	Value of shares to be issued in connection with Merger (in thousands)	Value of shares to be issued Post Merger
As presented	\$7.75	\$52,682	\$4,996
10% increase	8.53	57,951	5,496
10% decrease	6.98	47,414	4,497

5. Notes to Unaudited Pro Forma Condensed Combined Balance Sheet — Pro Forma Adjustments

ReShape Pro Forma Adjustments:

A: The proceeds from the sales of the ReShape operating business to BioRad will be used primarily pay costs related to Merger costs, employee costs and other matters. A portion of the remaining cash available after payment of such expenses will be paid to the ReShape Series C preferred shareholders and left in the Combined Company subject to various considerations, including whether ReShape undertakes a bridge loan. The tables below reflect adjustments to cash and cash equivalents as of December 31, 2024, based upon the assumption that no additional bridge loan is undertaken:

December 31, 2024:

	Amount (in thousands)
Change in control bonus – paid to Preferred Series C shareholders ⁽¹⁾	\$(1,000)
Contingent success fee ⁽²⁾	(1,500)
Cash paid for third party expenses ⁽³⁾	(680)
Consideration to Vyome for Legal and Audit fees ⁽⁴⁾	(400)
Cash paid for PTO and Severance ⁽⁵⁾	(1,518)
Cash paid for D&O Tail ⁽⁶⁾	(782)
Cash proceeds from Asset Sale to Biorad ⁽⁷⁾	2,250
A/R-A/P Adjustment ⁽⁸⁾	(1,750)
Net proceeds from Securities Purchase Agreement Offering ⁽⁹⁾	4,548
Total pro forma adjustment to cash and cash equivalents	\$ (832)

- (1) Reflects payment of \$1.0 million to Preferred Series C shareholders related to change in control payout under the Series C purchase agreements.
- (2) Reflects contingent success fee to be paid to Maxim upon completion of transaction.
- (3) Reflects costs paid related to the Merger transaction. Amounts include fairness opinion, legal, and audit fees.
- (4) Reflects payment to Vyome for Legal and Audit fees as a condition to the closing of the Merger.
- (5) Reflects severance, termination, or similar payments due to certain current and former employees.
- (6) Reflects costs for the “tail” D&O insurance policies paid in accordance with the Merger Agreement.
- (7) Reflects cash proceeds from the Asset Sale to Biorad ReShape will sell substantially all of its assets (excluding cash) to Biorad, and Biorad will assume substantially all of ReShape’s liabilities, for a purchase price of \$2.5 million in cash.
- (8) Reflects payment for the net settlement of remaining accounts payable and accounts receivable from Reshape at closing of the Merger.
- (9) Reflect net proceeds from Securities Purchase Agreement with certain investors pursuant to which the Company agreed to issue and sell to the Investors (i) 103,005 shares of the Company’s common stock,

par value \$0.001 per share (ii) warrants to purchase up to 103,005 shares of Common Stock at an initial exercise price of \$145.75 per share. The Securities were sold as part of units at a price of \$58.25 per unit. The offering closed on February 18, 2025.

B: Reflects the elimination of ReShape’s assets and liabilities as of December 31, 2024 to the standalone operating entity, as Vyome is not assuming any of ReShape’s assets or liabilities in the transaction. These adjustments reflect the impact of the sale of substantially all ReShape’s assets and liabilities to BioRad, and the elimination of the operating accounts of ReShape as a result of the Asset Sale.

C: To record the (i) elimination of ReShape’s historical equity, (ii) issuance of ReShape Shares to Vyome stockholders upon closing of the Merger, (iii) transaction costs associated with the Merger, and (iv) impact of reverse capitalization transaction.

	<u>Amount</u> <u>(in thousands)</u>
Elimination of Reshape’s historical APIC balance	\$(642,555)
Reverse Recapitalization of Reshape Equity	(253)
Change in control bonus – paid to Preferred Series C shareholders	(1,000)
Entitlement Shares in Combined Company to honor put/call option agreement and issuance of common stock to Vyome as part of merger	(5)
Payment of contingent success fee	(1,500)
Payment of third party expenses	(680)
Payment of PTO and Severance	(1,518)
Payment of D&O Tail	(782)
Gain from Asset Sale to Biorad	2,289
Transaction costs booked to APIC	(2,295)
Issuance of common stock from Securities Purchase Agreement Offering	5,454
Total pro forma adjustments to APIC	<u><u>\$(642,845)</u></u>

	<u>Amount</u> <u>(in thousands)</u>
Elimination of Reshape’s historical accumulated deficit	\$642,704
Payment of other miscellaneous transaction costs	145
Total pro forma adjustment to accumulated deficit	<u><u>\$642,849</u></u>

Vyome Pro Forma Adjustments:

D: Through August 2024, Vyome continued its compulsory note payable bridge offering (“Bridge Financing”), which could be raised prior to the Merger. The term of these Bridge Financing notes is similar to the convertible notes issued by Vyome since 2020 and may be issued by either the Vyome US parent company or the Vyome subsidiary in India. Through March 31, 2025, the Vyome US parent company raised approximately \$0.6 million of these Bridge Financing notes which, along with accrued interest, will convert immediately prior to the Merger at a 25% discount to the 30% discount to the valuation determined through the Merger. The Bridge Financing notes issued by the Vyome subsidiary in India of approximately \$86,000 (of which approximately \$31,250 is yet to come into Vyome subsidiary due to delay in closing conditions precedent) have the same terms and are also subject to a “put/call option” — see discussion below. Immediately prior to the Merger, all but the notes subject to the put/call option from such Bridge Financing notes were converted into shares of common stock of Vyome.

In July 2024, Vyome commenced a debt and equity offering (“Concurrent Financing”) of up to \$10 million to be issued by Vyome. It’s subsidiary in India and the combined company immediately after completion of Merger. The investors in the Concurrent Financing were able to invest in a one-year 8% compulsory convertible note issued by either Vyome or the Vyome subsidiary in India or shares of either the

combined company or Vyome’s subsidiary entity in India. Certain investors also received a warrant to purchase shares of the combined company’s common stock at \$0.001 per share. The Company has received commitments of approximately \$6.5 million of the combined company common stock and has received commitments of approximately \$1.0 million of common stock of the Vyome subsidiary in India and are also subject to a “put/call option” — see discussion below — under such Concurrent Financing.

E: Vyome’s outstanding principal amount of their Convertible Notes including any unpaid accrued interest shall automatically convert in whole into Vyome’s common shares immediately prior to the Merger date at a conversion price equal to the assumed pre-Merger valuation per share multiplied by 0.75 and then multiplied by 70%. Since this conversion is deemed to have happened at the beginning of each period presented, the recorded interest expense and changes in the fair value of the convertible notes is eliminated from the presentation of the pro forma results of operations.

F: Each share of Vyome’s preferred stock is mandatorily convertible into shares of Vyome common stock at the conversion price as defined in the shareholders’ agreement immediately prior to the Merger date. However, certain India-based shareholders will not convert their preferred shares into common shares due to regulatory restrictions. Instead, they will receive shares subject to the put/call option — see below.

The shares issued by Vyome subsidiary in India and certain shares owned by Indian resident shareholders are subject to put and call option agreements whereby the Combined Company can call the shares at the quoted market value on such date called by the combined company, or the shareholders can put their shares to the combined company either for exchange, subject to certain conditions, of the equivalent number of combined company shares or for a specified amount of cash subject to explicit approval of the board of directors of the combined company.

G: Vyome’s estimated transaction costs for the Merger related expenses is \$1.7 million.

6. Notes to Unaudited Pro Forma Condensed Combined Statement of Operations — Pro Forma Adjustments

E: — Refer to Note E above for adjustments related to Vyome’s convertible debt.

7. Pro Forma Weighted Average Shares (Basic and Diluted)

Basic net loss per share of common stock is computed by dividing net loss by the weighted average number of vested shares of common stock outstanding during the period. Diluted net income per share of common stock is computed by dividing net income by the weighted average number of common and dilutive common-equivalent shares outstanding during each period. The exchanged Vyome stock options were excluded from the calculation of weighted average dilutive shares of common stock because their inclusion would have been anti-dilutive.

The below tables reflect the Pro Forma earnings per share computation as of December 31, 2024.

	Pro Forma For the Year Ended December 31, 2024 (in thousands)
Numerator for basic earnings per share calculation:	
Pro Forma loss (for basic and diluted EPS)	\$ (1,124)
Denominator for basic and diluted earnings per share calculation:	
Weighted-average ReShape’s outstanding shares	741,554
Entitlement Shares in Combined Company to honor put/call option agreement and issuance of common stock to Vyome as part of merger and Concurrent Financing	7,442,395
Pro Forma weighted average shares (basic and diluted)	8,183,949
Pro Forma earnings per share (basic and diluted)	\$ (0.14)

Report of Independent Registered Public Accounting Firm

Board of Directors and Stockholders
Vyome Therapeutics Inc. and subsidiary

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Vyome Therapeutics Inc. and subsidiary (the “Company”) as of December 31, 2024 and 2023 and the consolidated statements of operations and comprehensive income (loss), changes in stockholders’ deficit, and cash flows for each of the two years then ended, and the related notes (collectively referred to as the “consolidated financial statements”). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2024 and 2023 and the results of its operations and its cash flows for each of the two years then ended, in conformity with accounting principles generally accepted in the United States of America.

Going Concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the consolidated financial statements, the Company has suffered continued negative cash flows and losses from operations that raise substantial doubt about its ability to continue as a going concern. Management’s plans in regard to these matters are also described in Note 2. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These consolidated financial statements are the responsibility of the entity’s management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as Vyome Therapeutics Inc.’s auditor since 2023.

VYOME THERAPEUTICS INC. AND SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(All amounts are in US Dollars except per share data and as stated otherwise)

1. Organization and principal activities

Business:

Vyome Therapeutics, Inc. (“VTI”), a Delaware corporation, was incorporated on August 22, 2017. VTI was formed with the intent of operating the R&D business of Vyome Biosciences India Private Limited, India (the “R&D Business”), which was transferred to Vyome Therapeutics Limited (a wholly owned subsidiary of VTI) pursuant to a Demerged order of National Company law Tribunal (“NCLT”) in India, formally consummated in December 2018. VTI and the wholly owned subsidiary in India, Vyome Therapeutics Limited (“VTL”) are collectively referred to as the “Company” or “Vyome”. “R&D business” is defined as novel drug development in the area of immune-inflammatory diseases space and the commercial exploitation of the same.

The Company is a Princeton, NJ-based clinical-stage specialty pharmaceutical company working to treat immune-inflammatory and rare diseases of unmet need with next-generation therapeutic solutions. The lead program VT-1953, a topical gel with a novel molecule to treat signs and symptoms of Malignant Fungating wounds, is a potential orphan drug program. The Company is planning to have discussions with the Food & Drug Administration (FDA) on the pivotal trial protocol in the third quarter of 2025. The Company had initiated a Phase II investigator-initiated trial for VT-1953. The Company also has a Pre-Investigative New Drug application stage ophthalmic drops program, a potentially orphan drug program, and a repurposed immune modulator to treat steroid-sparing anterior uveitis. Another late clinical-stage program, VB 1953, for moderate to severe acne has successfully completed its Phase II clinical trial and this program is Phase III ready. The Company may experience delays in the conduct of clinical trials of its candidates. Clinical trials can be delayed for a variety of reasons, including delays in obtaining regulatory approval to commence a clinical trial, in securing clinical trial agreements with prospective sites with acceptable terms, in obtaining institutional review board approval to conduct a clinical trial at a prospective site, in recruiting patients to participate in a clinical trial or in obtaining sufficient supplies of clinical trial materials. Any delays in completing the Company’s clinical trials will increase its costs, slow down its product development, timeliness, and approval process, and delay its ability to generate revenue.

The Company also is developing other assets for treating immune-inflammatory diseases which are in pre-clinical or early clinical development.

The Company also has commercialized novel reformulated topical anti-fungal products using its patented technology after two such products successfully completed clinical testing in India. The Company has entered into a licensing and marketing agreement with the Sun Pharma group of companies in India (“Sun Pharma”) to sell a family of novel topical anti-fungal products owned by the Company. The Company used third-party entities to manufacture the products. In December 2024, the above arrangement was terminated.

The Company has entered into a Development and Licensing agreement for Lulicanazole (an anti-fungal product) with Sun Pharma for additional development and commercialization in India. Sales of Lulicanazole commenced in the third quarter of 2023 by Sun Pharma.

Since its inception, the Company has devoted substantially all its efforts to drug development, business planning, research and development, recruiting management and technical staff, acquiring operating assets, and raising capital. The Company is subject to risks common to companies in the biotechnology industry, including, but not limited to, successful development of technology, obtaining additional funding, protection of proprietary technology, compliance with government regulations, risks of failure of pre-clinical studies, clinical studies and clinical trials, the need to obtain marketing approval for its drug candidates and its consumer products, fluctuations in operating results, economic pressure impacting therapeutic pricing, dependence on key personnel, risks associated with changes in technologies, development by competitors of technological innovations and the ability to transition from pilot scale manufacturing to large scale production.

2. Summary of Significant Accounting Policies

a) Basis of Presentation

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) and pursuant to the accounting and disclosure rules and regulations of the Securities and Exchange Commission (“SEC”), and reflect all adjustments consisting only of normal recurring adjustments of the Company, which are, in opinion of management, necessary for a fair presentation of the financial position as of December 31, 2024 and 2023, and the results of operations, and cash flows for the years presented. Any reference in these notes to applicable guidance is meant to refer to GAAP as found in the Accounting Standards Codification (“ASC”) and Accounting Standards Updates (“ASU”) promulgated by the Financial Accounting Standards Board (“FASB”).

The Company organized its operations into two operating segments. The segments reflect the way the Company evaluates its business performance and manages its operations by the Company’s chief operating decision maker (“CODM”) for making decisions, allocating resources and assessing performance. The Company’s CODM has been identified as the chief executive officer. The Company determined it has in two operating segments: (1) Sale of Products and (2) biotechnology segment. The Company’s reportable segments are strategic business units that offer different products and services. They are managed separately because each business requires different technology and marketing strategies. See Note 14.

Certain amounts in 2023 have been reclassified to conform to the 2024 presentation.

b) Basis of Consolidation

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiary, VTL. All intercompany accounts and transactions have been eliminated in the consolidation.

c) Going Concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. For the years ended December 31, 2024, and 2023, the Company has generated a net loss of \$1,447,461 and \$ 799,858, respectively. As of December 31, 2024, the Company’s current liabilities exceed its current assets by approximately \$5.4 million. The Company has operated under an austerity plan for the past two years. The Company’s major sources of funds to date have been through the sale of preferred stock and the issuance of convertible debt. The Company does not believe it has sufficient funds to finance the operating requirements for at least the next 12 months from the issuance date of these consolidated financial statements. These factors raise substantial doubt regarding the Company’s ability to continue as a going concern. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Obtaining additional financing to support the successful development of the Company’s contemplated plan of drug development and operations and its transition, ultimately, to the attainment of profitable operations is necessary for the Company to continue operations. The Company continues to raise additional capital through the issuance of additional convertible notes. In addition, a financial advisor has been engaged to pursue additional capital funding and/or a strategic transaction. The Company signed a definitive merger agreement (“Merger”) with Reshape Lifesciences, Inc. (“Reshape”) in July 2024, and Reshape has filed a Form S-4 with the SEC with respect to the Merger transaction. The Company will continue to seek funds through debt or equity financings, marketing and distribution arrangements, and other collaborations, strategic alliances and licensing arrangements, or other sources of financing. However, there can be no assurances that such financing, the Reshape merger or other strategic transactions will be available on acceptable terms, or at all. If the Company is unable to raise additional funds, it will need to do one or more of the following:

- Delay clinical trials and processes;
- License third parties to develop and commercialize products or technologies that it would otherwise seek to develop and commercialize itself;
- Seek strategic alliances or business combinations;
- Attempt to sell the Company;
- Cease operations; or
- Declare bankruptcy

d) Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results, as determined at a later date, could differ from those estimates. Significant estimates used in preparing these consolidated financial statements include the realization of deferred tax assets, timing of the recognition of research and development costs, the fair value of debt and equity-based instruments, and future obligations under employee benefit plans.

e) Foreign Currency Translation and Transactions

The Company also operates in India, which may give rise to significant foreign currency risks from fluctuations and the degree of volatility of foreign exchange rates between the US dollar and the Indian Rupee.

The Company's functional currency is the United States Dollar. The functional currency of its Indian subsidiary is Indian National Rupees. Consequently, revenues and expenses of operations of the Indian subsidiary are translated into United States Dollars using average period exchange rates, while assets and liabilities of the Indian subsidiary are translated into United States Dollars using the year-end exchange rate in effect at the balance sheet dates. Adjustments resulting from the translation of functional currency financial statements to reporting currency are accumulated and reported as a part of Accumulated Other Comprehensive Income (Loss), a separate component of stockholders' deficit in the accompanying consolidated balance sheets.

Transactions in foreign currencies are translated at the exchange rate prevailing on the date of the transaction. Resulting gains or losses from the settlement of such foreign currency transactions are included in the consolidated statements of operations. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rates in effect on the balance sheet date. Non-monetary assets and liabilities denominated in foreign currencies are expressed in functional currency at the historical exchange rates. Losses resulting from foreign currency translations amounting to \$ (1,127) and \$ 468 for the years ended December 31, 2024, and 2023, respectively.

f) Cash and Cash Equivalents

Cash includes all highly liquid instruments with a maturity of three months or less when purchased. The Company maintains its cash balances in financial institutions that are insured by the Federal Deposit Insurance Corporation ("FDIC"). At various times during the year, such balances may exceed the FDIC limit. The Company has not experienced any credit losses associated with its balances in such accounts for the years ended December 31, 2024, and 2023. Cash held in the U.S. bank account as of December 31, 2024, and 2023 was \$ 3,197 and \$ 5,521, respectively. Cash held in India as of December 31, 2024, and 2023 was \$98,707 and \$11,126, respectively.

g) Accounts Receivable, Net

The Company records trade accounts receivable at net realizable value and are included in other current assets on the accompanying consolidated balance sheet. Generally, the Company does not require collateral to support its accounts receivable.

In 2023, the Company adopted *Financial Instruments — Credit Losses (Topic 326) Measurement of Credit Losses on Financial Instruments*, which removed all current thresholds and requires entities under the new current expected credit loss (“CECL”) model to recognize an allowance for credit losses for the difference between the amortized cost basis of a financial instrument and the amount of amortized cost that an entity expects to collect over the instrument’s contractual life. The new CECL model is based on expected losses rather than incurred losses. The adoption of ASU 2016-13 did not have a material impact on the consolidated financial statements. Management determined that no allowance for doubtful accounts was necessary as of December 31, 2024, or 2023.

h) Property and Equipment, Net

Property and equipment, net is stated at the net of accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, summarized as follows:

Computers and software	3 years
Office equipment	5 years
Furniture and Fixtures	10 years
Lab machinery	10 years
Leasehold improvements	Lower of estimated useful life or remaining period of lease term

Repairs and maintenance costs are expensed as incurred; major renewals and betterments are capitalized. When assets are disposed of, the assets and related allowances for depreciation and amortization are eliminated from the accounts, and any resulting gain or loss is reflected in the Consolidated Statements of Operations and Comprehensive Income (Loss).

i) Goods and Service Tax and Other Credits Receivable

The Company has indirect tax credit carryforwards arising in India, which may be utilized or refunded as VTL generates sales to third parties or invoices to VTI pursuant to intercompany transfer pricing arrangements. The Company expects to utilize these indirect tax credit carryforwards over a 4-to-5-year period.

j) Intangible Assets

On August 21, 2021, Vyome acquired the majority of the outstanding shares (purchase of substantially all of the outstanding shares of preferred stock) of Livechain, Inc., (“LICH”) for \$220,000. The total costs of the asset acquisition were \$314,191. LICH is an inactive non-reporting shell (“Shell Company”) that trades on the bulletin board under the ticker symbol LICH. As of the date of the transaction and through December 31, 2024, LICH had no operations. LICH did not meet the definition of a business and therefore was accounted for as an asset acquisition of the shell company, a single indefinite-lived asset.

Intangible assets with indefinite lives (i.e., non-reporting shell) are not amortized; rather, they are tested for impairment whenever events or circumstances exist that would make it more likely than not that an impairment exists.

k) Impairment of Long-Lived Assets

The Company evaluates all long-lived assets for impairment annually, or sooner if events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable. If the carrying amount is not fully recoverable, an impairment loss is recognized to reduce the carrying amount

to fair value and is charged to expense in the period of impairment. As of December 31, 2024 and 2023 management has determined that these assets are not impaired.

l) Revenue Recognition

The Company recognizes revenue under ASC Topic 606, “*Revenue from Contracts with Customers*” (“ASC 606”). The Company determines revenue recognition through the following steps:

- Step 1: Identify the contract with the customer;
- Step 2: Identify the performance obligations in the contract;
- Step 3: Determine the transaction price;
- Step 4: Allocate the transaction price to the performance obligations in the contract; and
- Step 5: Recognize revenue when the company satisfies a performance obligation.

The Company records sales of its dermatological products to the pharmaceutical company when performance obligations with customers are satisfied. The Company’s performance obligation is a promise to transfer a distinct good to the customer and each distinct good represents a single performance obligation. Such performance obligations are satisfied at a point in time and revenues are recognized when all rights and rewards of ownership are transferred. The majority of the Company’s products are shipped by common carriers resulting in recognition of revenues upon shipment at which time control passes to the customer. Revenue is measured as the amount of consideration the Company expects to receive in exchange for the transferring of products. Customers may be entitled to cash discounts, typically denoted at the time of invoicing and shipping. Such amounts are considered to be variable consideration under ASC 606. An estimate for cash discounts is included in the transaction price as a component of sales and is estimated based on the satisfaction of outstanding receivables and historical performance. The Company does not have any material financing terms as payment is received shortly after the transfer of control of the products to the customer within a period of 30-60 days.

Net service fee payment and agent fees for sales of products made by Sun Pharma are recorded as service fee revenue in the period earned.

Pursuant to licensing and marketing contracts, the Company receives payments from its pharmaceutical company marketing partner for the right to distribute the products (“royalties”). Such royalty payments are linked to the net sales value of the products by its marketing partner to third parties and are recognized in the period to which the royalty relates. Such amounts are recorded under Revenue in the Consolidated Statements of Operations and Comprehensive Income (Loss).

The Company recognizes milestone payments under the license and marketing agreements when all performance obligations related to the identified performance obligations are completed.

m) Cost of Products Sold

The cost of products sold represents the cost of manufacturing the products supplied by third-party manufacturers.

n) Research and Development Expenses

Research and development costs are expensed as incurred. Research and development expenses consist of internal and external expenses. Internal expenses include employee compensation and overheads. External expenses include development, clinical trials, statistical analysis, report writing, and regulatory compliance costs incurred with clinical research organizations and other third-party vendors. At the end of the reporting period, the Company compares payments made to third-party service providers to the estimated progress toward completion of the research or development objectives. Such estimates are subject to change as additional information becomes available. Depending on the timing of payments to the service providers and the progress that the Company estimates has been made as a result of the service provided, the Company may record net prepaid or accrued expenses relating

to these costs. Payments made to third parties that perform research and development services on the Company's behalf are expensed as services are rendered, or as contractually agreed.

o) Stock-based Compensation

The Company accounts for stock options granted to employees and non-employees at fair value, which is measured using the Black-Scholes Option pricing model. The fair value measurement date for employee awards is the date of the grant. The Company recognizes stock-based compensation expense over the requisite service period of the individual grant, generally equal to the vesting period and uses the straight-line method to recognize stock-based compensation.

The Company's policy is to account for forfeitures of awards when they occur in accordance with ASC 718, *Compensation-Stock Compensation*. The Company reverses compensation cost previously recognized, in the period the award is forfeited, for an award that is forfeited before completion of the requisite service period.

The Company utilizes the Black-Scholes option-pricing model, which incorporates assumptions and estimates to value options granted. Estimates and assumptions impacting the fair value measurement include the fair value per share of the underlying stock issuable upon exercise of the options, expected life of the options, risk-free interest rate, expected dividend yield and expected volatility from peer public companies of the price of the underlying stock.

As the Company's common stock has not been publicly traded, its board of directors periodically estimated the fair value of the Company's common stock considering, among other things, contemporaneous valuations of its common stock prepared by an independent valuation firm in accordance with the guidance provided by the American Institute of Certified Public Accountants 2013 Practice Aid, *Valuation of Privately-Held-Company Equity Securities Issued as Compensation*. The expected life of the stock options in years is estimated using the "simplified method," as prescribed in SEC's Staff Accounting Bulletin (SAB) No. 107, as the Company has no historical information from which to develop reasonable expectations about future exercise patterns and post-vesting employment termination behavior for its stock option grants. The simplified method is the midpoint between the vesting period and the contractual term of the option. For stock price volatility, the Company uses comparable public companies as a basis for its expected volatility to calculate the fair value of option grants. The risk-free rate is based on the U.S. Treasury yield curve commensurate with the expected life of the option. The expected dividend yield is zero as the Company has no history of paying dividends and no plans to do so in the near term.

p) Income Taxes

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards in the consolidated financial statement. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the consolidated statements of operations in the period that includes the enactment date.

Valuation allowances are recognized to reduce deferred tax assets to the amount that will more likely than not be realized. In assessing the need for a valuation allowance, management considers all available evidence for each jurisdiction including past operating results, estimates of future taxable income and the feasibility of ongoing tax planning strategies. When the Company changes its determination as to the amount of deferred tax assets that can be realized, the valuation allowance is adjusted with a corresponding impact to income tax expense in the period in which such determination is made.

The Company also accounts for uncertain tax positions in accordance with ASC Topic 740, *Income Taxes*. This guidance prescribes a more-likely-than-not threshold for financial statement

recognition and measurement of a tax position taken in the Company's income tax returns. As of December 31, 2024 and 2023, the Company had no uncertain tax positions which affected its financial position and its results of operations or its cash flows and will continue to evaluate for uncertain tax positions in the future. There are no interest costs or penalties provided for in the Company's consolidated financial statements for the years ended December 31, 2024 and 2023. If at any time the Company should record interest and penalties in connection with income taxes, the interest and the penalties will be expensed within the general and administrative expenses category in the accompanying Consolidated Statements of Operations and Comprehensive Income (Loss).

q) Leases

ASC Topic 842, "*Leases*" establishes a right-of-use ("ROU") model that requires a lessee to recognize a ROU asset and lease liability on the balance sheet for all leases with a term longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern and classification of expense recognition in the income statement. Lessor accounting under the new standard is substantially unchanged. Additional qualitative and quantitative disclosures are also required.

The Company adopted the following practical expedients and accounting policies elections related to this standard:

- Short-term lease accounting policy election allowing lessees to not recognize ROU assets and liabilities for leases with a term of 12 months or less; option to not separate lease and non-lease components in the Company's lease contracts; and
- The package of practical expedients applied to all of its leases, including (i) not reassessing whether any expired or existing contracts are or contain leases, (ii) not reassessing the lease classification for any expired or existing leases, and (iii) not reassessing the capitalization of initial direct costs for any existing leases.

Disclosures related to the amount, timing and cash flows arising from leases are included in Note 12.

r) Convertible Debt

The Company accounts for notes payable using the fair value option in accordance with the guidance contained in ASC 825-10-25. The fair value option provides an option to elect fair value as an alternative measurement for selected financial assets, financial liabilities, unrecognized firm commitments, and written loan commitments. See Note 8 for additional information.

s) Fair Value Measurements

The Company considers its cash and cash equivalents, accounts receivable, and accounts payable to meet the definition of financial instruments, and the carrying amounts of such instruments approximated their fair values due to the short maturities of these instruments. The Company also records the convertible debt at fair value.

The Company measures fair value as required by the ASC Topic 820, *Fair Value Measurements and Disclosures* ("ASC Topic 820"). ASC Topic 820 defines fair value, establishes a framework and gives guidance regarding the methods used for measuring fair value, and expands disclosures about fair value measurements. ASC Topic 820 clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants.

As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, there exists a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

Level 1 — Unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access as of the measurement date.

Level 2 — Inputs other than quoted prices included within Level 1 that are directly observable for the asset or liability or indirectly observable through corroboration with observable market data.

Level 3 — Unobservable inputs for the asset or liability only used when there is little, if any, market activity for the asset or liability at the measurement date.

The Company utilizes a Probability Weighted Expected Return Model (“PWERM”) to value the convertible debt. The quantitative information with respect to valuation methodology and significant unobservable inputs used for the Company’s convertible debt that are categorized within Level 3 of the fair value hierarchy included the discount rate and expected financing date. The other factors used in the calculation of fair value are contractual terms of the convertible note instruments.

The following table sets forth the financial liability, measured at fair value, by level within the fair value hierarchy as of December 31, 2024 and 2023:

	December 31, 2024	December 31, 2023
Level 3		
Convertible debt	\$3,589,410	\$2,930,889

t) Basic And Diluted Net Loss Per Common Share

Net loss per share information is determined using the two-class method, which includes the weighted-average number of shares of common stock outstanding during the period and other securities that participate in dividends (a “participating security”). The Company considered its Preferred Stock to be participating securities because the shares included rights to participate in dividends with the common stock.

Under the two-class method, basic net loss per share attributable to common stockholders is computed by dividing the net income attributable to common stockholders by the weighted-average number of shares of common stock outstanding during the period. The net loss attributable to common stockholders is calculated by adjusting the net loss of the Company for the accretion on the Preferred Stock. Net losses are not allocated to preferred stockholders as they do not have an obligation to share in the Company’s net losses. In periods with net income attributable to common stockholders, the Company would allocate net income first to preferred stockholders based on dividend rights under the Company’s certificate of incorporation and then to preferred and common stockholders based on ownership interests. Diluted net loss per share attributable to common stockholders is computed using the more dilutive of (1) the two-class method or (2) the if-converted method.

During the years ended December 31, 2024 and 2023, diluted earnings per common share is the same as basic earnings per common share because, as the Company incurred a net loss during each period presented, the potentially dilutive securities from the assumed exercise of all outstanding stock options, convertible debt and preferred stock would have an anti-dilutive effect. The diluted shares as of December 31, 2024 not included in the loss per share calculation include 15,303,417 shares of common stock issuable upon conversion of preferred stock and 1,455,750 shares potentially issuable under stock options. The diluted shares as of December 31, 2023 not included in the loss per share calculation include 14,759,760 shares of common stock issuable upon conversion of preferred stock and 812,720 shares potentially issuable under stock options. The potentially dilutive shares to be issued upon conversion of the convertible debt is not included in the loss per share calculation as its effect is not determinable and would be anti-dilutive.

u) Post Employment Benefits

The subsidiary in India has a defined benefit gratuity scheme for its employees in India. This gratuity scheme provides for lump sum payment in accordance with the provisions of the Payment of Gratuity Act, 1972 to vested employees at retirement or death while in employment or on termination of employment of an amount equivalent to 15 days basic salary payable for each completed year of

service or part thereof in excess of six months subject to a limit of INR 1,000,000 (equivalent to approximately \$12,000). Vesting occurs upon completion of 5 years of continuous service.

Accumulated compensated absences, which are expected to be encashed within 12 months from the end of the year, are treated as short-term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement at the end of the year. Actuarial gains or losses are recognized in the Consolidated Statement of Operations and Comprehensive Income (Loss) in the year in which they arise.

v) Recent Accounting Announcements

From time to time, new accounting pronouncements are issued by the FASB and are early adopted by the Company or adopted as of the specified effective date. There were no recent accounting pronouncements that impacted the Company or are expected to have a significant effect on its consolidated financial statements, other than the adoption of ASU 2023-07. The adoption of ASU 2023-07 required the Company to include the additional break-out of operating expenses in its segment footnote — See Note 14.

3. Other Current Assets

Other current assets as of December 31, 2024 and 2023 consist of the following:

	December 31, 2024	December 31, 2023
Prepaid expenses	\$ 9,051	\$12,897
Others	77,382	73,471
Total Other Current Assets	\$86,433	\$86,368

4. Property And Equipment, Net

Property and equipment, net, as of December 31, 2024 and 2023 consist of the following:

	December 31, 2024	December 31, 2023
Buildings and improvement	\$ 128,778	\$ 132,454
Computer and office equipment	68,796	70,774
Furniture & fixtures	13,865	12,531
Laboratory equipment	411,840	423,818
Total	623,279	639,577
Accumulated depreciation	(564,100)	(562,733)
Net fixed assets	\$ 59,179	\$ 76,844

Depreciation expense was \$ 17,347 and \$ 21,193 for the years ended December 31, 2024 and 2023, respectively.

5. Goods And Service Tax And Other Credits Receivable

The Company's balance of goods and service tax and other credits receivable from government authorities as of December 31, 2024 and 2023 consist of the following:

	December 31, 2024	December 31, 2023
Tax deducted at source and tax collected at source receivable	\$ 3,283	\$ 14,158
Goods and service tax refund receivable	—	4,735
Input goods and service tax credit	643,475	678,934
	\$646,758	\$697,827

6. Accounts Payable And Accrued Expenses

Accounts payable and accrued expenses as of December 31, 2024, and 2023 consist of the following:

	December 31, 2024	December 31, 2023
Accounts payable	\$501,921	\$ 589,839
Accrued expenses	463,686	434,629
	<u>\$965,607</u>	<u>\$1,024,468</u>

7. Salary And Post-Employment Benefits Payable

Salary and post-employment benefits payable as of December 31, 2024, and 2023 consist of the following:

	December 31, 2024	December 31, 2023
Salaries payable	\$777,578	\$1,211,205
Accrued leave encashment (note 13)	72,768	84,647
Accrued gratuity plan (note 13)	69,094	90,886
	<u>\$919,440</u>	<u>\$1,386,738</u>

In June 2024, an officer and a director of the Company agreed to forgo accrued salaries and consulting fees payable of \$1,115,232 in exchange for the issuance of stock options for the purchase of 643,030 shares of common stock (see Note 10). The Company accounted for this debt extinguishment as a capital contribution since the liability was with related parties. Accordingly, the difference between the liability extinguished of \$1,115,232 and the fair value of the stock options issued (\$379,950) of \$ 735,282 is considered a capital contribution.

8. Convertible debt

Commencing in October 2020, the Company began raising money under a compulsorily convertible promissory note (the “Promissory Notes”) pursuant to a Subscription Agreement (the “Subscription Agreement”). The Promissory Note was issued as part of a private placement (the “Offering”) for the sale up to \$2,449,009 (which was subsequently expanded) of secured convertible promissory notes (collectively, the “Promissory Notes”) for a period until three years of maturity. The Promissory Notes bear interest at a rate of eight percent (8%) per annum, on a non-compounding basis, and are due and payable on the earlier of (i) the date upon which the Promissory Notes are converted into equity securities of the Company, or (ii) at maturity in three (3) years (“Maturity Date”). These Promissory Notes also provide for the following terms:

a) In the event that the Company issues and sells shares of its equity securities (“**Equity Securities**”) to investors (the “**Investors**”) prior to the Maturity Date in an equity financing with total proceeds to the Company of not less than \$10,000,000 (excluding the conversion of the Promissory Notes or other convertible securities issued for capital raising purposes (e.g., Simple Agreements for Future Equity) (a “**Qualified Financing**”), then the outstanding principal amount of this Note and any unpaid accrued interest shall automatically convert in whole without any further action by the Holder into Equity Securities sold in the Qualified Financing at a conversion price equal to the cash price per share paid for Equity Securities by the Investors in the Qualified Financing multiplied by 0.75 in some notes or 0.8 in some other notes; provided, that if such Qualified Financing is also a Deemed Liquidation Event (as defined in the Company’s Certificate of Incorporation, as amended, restated, and otherwise in effect from time to time, the “**Certificate of Incorporation**”), shall govern with respect to the conversion of this Note. The issuance of Equity Securities pursuant to the conversion of this Note shall be upon and subject to the same terms and conditions applicable to Equity Securities sold in the Qualified Financing. Notwithstanding this paragraph, if the conversion price of the Notes as determined pursuant to this paragraph (the “**Conversion Price**”) is less than the price per share at which Equity Securities are issued in the Qualified Financing, the Company may, solely at its

option, elect to convert this note into shares of a newly created series of preferred stock having the identical rights, privileges, preferences and restrictions as Equity Securities issued in the Qualified Financing, and otherwise on the same terms and conditions, other than with respect to (if applicable): (i) the per share liquidation preference and the conversion price for purposes of price-based anti-dilution protection, which will equal the Conversion Price; and (ii) the per share dividend, which will be the same percentage of the Conversion Price as applied to determine the per share dividends of the Investors in the Qualified Financing relative to the purchase price paid by the Investors. For the avoidance of doubt, such newly created series of preferred stock described in the preceding sentence shall be pari passu with the Equity Securities issued in the Qualified Financing.

b) If the Company consummates a transaction that is a Deemed Liquidation Event (as defined in the Certificate of Incorporation) while this Note remains outstanding, then the outstanding principal amount of this Note and any unpaid accrued interest shall, immediately prior to the closing of such Deemed Liquidation Event, automatically convert in whole without any further action by the Holder into shares of a newly created series of preferred stock ("**New Senior Preferred Stock**") at a conversion price equal to the Original Issue Price (as defined in the Certificate of Incorporation) for the most senior series of preferred stock of the Company outstanding at such time (the "**New Senior Preferred Conversion Price**"). The New Senior Preferred Stock shall have the identical rights, privileges, preferences and restrictions as the most senior series of preferred stock of the Company outstanding at the time of such conversion, other than with respect to: (i) the per share liquidation preference, which shall be equal to two (2) times in some notes three (3) times in the other notes the New Senior Preferred Conversion Price; (ii) the conversion price for purposes of price-based anti-dilution protection, which will equal the New Senior Preferred Conversion Price; and (iii) the per share dividend, which will be the same percentage of the New Senior Preferred Conversion Price as applied to determine the per share dividends of the holders of the most senior series of preferred stock of the Company outstanding at such time relative to the Original Issue Price for such shares. For the avoidance of doubt, the New Senior Preferred Stock shall be senior to the most senior series of preferred stock of the Company outstanding at such time and shall be pari passu with all other securities into which compulsory convertible notes issued by the Company convert.

c) If this Note has not otherwise been converted pursuant to the above transactions, then, effective as of the Maturity Date, all outstanding principal and accrued and unpaid interest under this Note shall be automatically converted into New Senior Preferred Stock, at a conversion price equal to the New Senior Preferred Conversion Price.

2023 and 2024 transactions

During the years ended December 31, 2024 and 2023, the Company received \$200,000 and \$150,001 of proceeds from the sale of Promissory Notes.

During 2023 and 2024, certain Notes that had reached their maturity date were extended by an additional year. In connection with such extension, the conversion rate was amended from 0.80 to 0.75 and liquidation preference was amended from three times to two times in clause (b). All other terms remained the same. The Company accounted for such extension as a modification of the debt instrument. The modification did not result in additional interest charges in 2023 or 2024. From April to December 2024, seven Notes have matured out of which two noteholders converted to Series D Preferred stock at maturity as per the terms of the Notes. The Company and other Noteholders are discussing extending the term with the board and shareholders' approval.

In July 2024, the Company began offering investors the opportunity to participate in a Securities Purchase Agreement providing investors the right to certain equity instruments and other equity rights, some of which are dependent upon the completion of the Merger. An aggregate of 20 investors agreed to participate in such financing through December 31, 2024, for an aggregate of approximately \$7.57 million, of which approximately \$416,700 and \$50,300 was received through December 31, 2024, in the form of bridge notes deposited in the United States and India, respectively. The bridge notes have similar terms to the above convertible notes except that there is a one-year maturity. The remainder of the committed funds will be placed in an escrow account six to seven days before the Merger, pending completion of the Merger. None of the commitment funds have been placed in an escrow account or received by the Company as of December 31, 2024.

In August 2024, two Convertible Notes with an aggregate principal plus accrued interest of \$ 434,076 were converted into 111,616 shares of Series D preferred stock at \$3.889 per share. No other Convertible Notes have been converted through December 31, 2024.

Accounting Treatment

The Company records the Promissory notes at fair value. The fair value amount of the convertible debt and accrued expense is summarized as follows:

	December 31, 2024	December 31, 2023
Current portion		
Conversion rate at 75%	\$3,102,204	\$1,356,796
Conversion rate at 70%	487,206	—
Conversion rate at 80%	—	606,590
Total current portion	3,589,410	1,963,386
Long Term portion		
Conversion rate at 75%	\$ —	967,503
Total Long term Portion	—	967,503
Total	\$3,589,410	\$2,930,889

Interest expense on the above debt instruments was \$186,657 and \$162,743 for the years ended December 31, 2024, and 2023, respectively. Changes in the fair value of the Convertible Notes for the years ended December 31, 2024, and 2023 are summarized as follows:

	December 31, 2024	December 31, 2023
Balance, beginning of the year	\$2,930,889	\$2,832,205
Addition during the year	667,009	150,001
Conversion to preferred stock	(434,076)	—
Interest accrued	186,657	162,743
Change in fair value	238,931	(214,060)
Total	\$3,589,410	\$2,930,889

The fair value of the convertible notes is classified within Level 3 of the fair value hierarchy, using the inputs below to calculate the fair value. The Company used a probability-weighted scenario analysis to determine the fair value of the convertible notes. The risk-free rate used in the analysis is based on the yield on a US Government zero-coupon bond, interpolated for the period that corresponds to the time to liquidity as at the valuation date.

	Year ended December 31, 2024	Year ended December 31, 2023
Adjusted Interest rate	4.21% – 4.40%	3.2%
Time to Financing Date	6 – 8 months	5 months

9. Common Stock and Preferred Stock

Authorized Capital

At December 31, 2024, the Company is authorized to issue 20,000,000 shares of common stock, \$0.001 par value per share, and 16,000,000 shares of preferred stock, \$0.001 par value per share.

Common Stock

During 2024 and 2023, the Company did not issue any common stock.

Preferred stock

As of December 31, 2024, and 2023, the Company had the following preferred stock outstanding:

Series	Number of shares issued	Conversion Price	Aggregate Liquidation Preference as of December 31, 2023	Aggregate Liquidation Preference as of December 31, 2024
Series seed	1,078,560	\$0.83	\$ 1,260,811	\$ 1,332,687
Series A	2,592,080	\$1.22	4,419,626	4,671,576
Series B	965,200	\$2.47	3,338,836	3,529,173
Series B-1	1,480,560	\$2.47	5,121,578	5,413,544
Series C	4,432,880	\$2.64	16,404,271	17,339,432
Series C-1	530,040	\$2.64	1,961,461	2,073,278
Series D	4,224,097 ^(*)	\$3.89	20,086,234	23,437,007
Total	15,303,417		\$52,592,817	\$57,796,697

* Includes 432,041 shares issued in June 2024 in settlement of a liability to a vendor (see Note 13) and 111,616 issued in August 2024 upon conversion of debt (see Note 8).

The significant terms of the common and preferred stock, pursuant to the amended December 2018 articles of incorporation, are as follows:

Preferred stock carries an 8% cumulative preference dividend, payable when declared by the Board of Directors. No dividend has been paid on any series of preferred stock as of December 31, 2024, and 2023. As of December 31, 2024, and 2023, cumulative dividends in arrears for all classes' preferred shares were approximately \$18,080,000 and \$14,990,000, respectively.

Each share of preferred stock shall be convertible at the option of the holder, without the payment of additional consideration, into units of common stock at the conversion price as defined in the shareholders' agreement. The conversion price is subject to adjustment in the event of subsequent issuance of common stock at a lower price than the original conversion price. Each series preferred stock is mandatorily convertible into common stock at the conversion price as defined in the shareholders' agreement on occurrence of an initial public offering ('IPO').

In the event of voluntary or involuntary liquidation, dissolution, or winding up of the Company, all classes of preferred stockholders would be entitled to receive, in preference to common shareholders, an amount equal to the original issue price plus accrued and unpaid dividends. All series of preferred stock rank pari passu with each other in terms of liquidation preference except series B1 and C1. Part of the amount invested by series B1 and C1 preferred stock as mentioned in the shareholders' agreement rank junior to other preferred stockholders, however, rank pari passu with each other. After the liquidation preference payments to all classes of preferred stockholders have been met, preferred shareholders have unlimited right to participate on a prorated basis with common shareholders.

Holders of the preferred stock shall be entitled to elect 4 members of the Board of Directors and also hold certain protective rights with respect to significant corporate transactions as defined. Each holder of common stock shall be entitled to one vote in respect of each share held.

10. Stock-Based Compensation

On December 14, 2018, the Company authorized an Employee Stock Option Plan 2018 ('ESOP plan') under which 1,719,720 shares of common stock were reserved/authorized by the Company for issuance to directors, consultants and employees of the Company. The ESOP plan entitles director, consultants and employees of the Company to purchase common stock for each option of the Company at a stipulated price, subject to compliance with vesting conditions i.e. employees remaining in employment during the vesting period and director and consultants to continue rendering services during the vesting period. The options of

directors and consultants vest as per the schedule prescribed in the grant letter. These can be exercised any time after the vesting period and during their tenure with the Company. However, the exercise period lapses ninety (90) days after the employee, director or consultant leaves the Company. At December 31, 2024, there are 225,210 options available to be issued under the ESOP Plan.

The Company did not recognize any stock-based compensation expense in the years ended December 31, 2024, and 2023.

The fair value of stock-based compensation transactions is measured using the Black-Scholes option pricing model. Measurement inputs include share price on the measurement date, the exercise price of the instrument, expected volatility (based on weighted average historic volatility for a duration equal to the weighted average life of the instruments, life based on the average of the vesting and contractual periods for employee awards as minimal prior exercises of options in which to establish historical exercise experience), and the risk-free interest rate (based on government bonds). Service and performance conditions attached to the transactions, if any, are not considered in determining fair value. The expected life of the stock options is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may also not necessarily be the actual outcome. The Company is a private company and lacks company-specific historical and implied volatility information. Therefore, it estimates its expected stock volatility based on the historical data regarding the volatility of a publicly traded set of peer companies. The expected term of stock options granted to non-employees is between 5 and 7 years. The risk-free interest rate is determined by reference to the U.S. Treasury yield curve in effect at the time of grant of the award for time periods approximately equal to the expected term of the award.

Stock-based compensation expense attributable to equity awards granted to employees is measured at the grant date based on the fair value of the award. The expense is recognized on a straight-line basis over the requisite service period for awards that vest, which is generally the period from the grant date to the end of the vesting period. Stock-based awards provided to non-employees are measured and expensed as the services are provided and are remeasured at each reporting period until these stock options vest.

During 2024, the Company issued 643,030 fully vested stock options, exercisable at \$0.90 per share, in lieu of cash compensation — see Note 7. There were no stock options granted in 2023.

The summary of stock options activity for the years ended December 31, 2024 and 2023 is as follows:

	Number of Options	Weighted Average Exercise Price	Weighted Average Time to Expiry (years)
Outstanding as of December 31, 2022	1,101,600	\$0.69	7.0
Granted during the year	—		
Exercised during the year	—		
Expired during the year	(288,880)	1.07	
Outstanding as of December 31, 2023	812,720	\$0.55	6.0
Granted during the year	643,030	0.90	10.0
Exercised during the year	—		
Expired during the year	—		
Outstanding as of December 31, 2024	1,455,750	\$0.71	6.42
Exercisable as of December 31, 2024	1,455,750	\$0.71	6.42

The following outlines the outstanding and vested stock options by exercise price at December 31, 2024.

Exercise price	Number of options outstanding	Number of options vested
\$0.48	700,720	700,720
\$0.90	643,030	643,030
\$1.00	112,000	112,000
Total	<u>1,455,750</u>	<u>1,455,750</u>

As of December 31, 2024, there is no future compensation cost to be recognized in the Consolidated Statements of Operations and Comprehensive Loss related to stock options granted through December 31, 2024. The intrinsic value of vested and outstanding stock options was approximately \$277,000 at December 31, 2024.

11. Income taxes

Both VTI and VTL generated a current taxable loss for the years ended December 31, 2024 and 2023, and therefore the only current income taxes payable were certain minimum taxes.

The effective tax rate for the years ended December 31, 2024 and 2023 differs from the federal statutory income tax rate of 21% principally due to the full valuation allowance recognized against deferred income tax assets, and to a lesser extent due to different tax rates in the jurisdiction of VTL and certain non-deductible expenses for income tax purposes, summarized as follows:

	For the Years Ended December 31,	
	2024	2023
Tax benefit at the federal statutory rate	21%	21%
State tax, net of federal benefit	7%	7%
Permanent differences – principally unrealized gains/losses	(5)%	7%
India tax rate differential and other	3%	20%
Change in valuation allowance	(26)%	(55)%
Effective income tax rate	<u>0%</u>	<u>0%</u>

Deferred tax assets at December 31, 2024 and 2023 are as follows:

	December 31, 2024	December 31, 2023
VTI – net operating loss carryforwards	\$ 5,372,432	\$ 4,411,158
Stock options	139,582	139,582
Accrued compensation	130,373	338,148
Accrued expenses	35,101	506,532
Interest	133,526	100,638
Research and development tax credits	78,388	78,388
VTL – net operating loss carryforwards	1,568,803	1,537,845
VTL – fixed asset basis	449,668	418,710
Total deferred tax assets	7,907,873	7,531,001
Less: valuation allowance	(7,907,873)	(7,531,001)
Net deferred tax assets	<u>\$ —</u>	<u>\$ —</u>

Due to the change in ownership provisions of the Internal Revenue Code, the availability of the Company's net operating loss carryforwards may be subject to annual limitations against taxable income in

future periods, which could substantially limit the eventual utilization of such carryforwards. The Company has not analyzed the historical or potential impact of its equity financings on beneficial ownership and therefore no determination has been made whether the net operating loss carryforward is subject to any Internal Revenue Code Section 382 limitation. To the extent there is a limitation, there would be a reduction in the deferred tax asset with an offsetting reduction in the valuation allowance. As at December 31, 2024, VTI has net operating loss carry-forwards of approximately \$19,300,000 in the United States which shall expire as follows: \$7.4 million has no expiry, \$10.2 million expiry in 2039 and \$1.7 million expiry in 2038. At December 31, 2024, VTL has approximately \$4.8 million of net operating loss carryforwards.

A valuation allowance is established attributable to deferred tax assets recognized on carry forward tax losses by the Company where, based on available evidence, it is more likely than not that they will not be realized. The Company recorded full valuation allowance against its net deferred tax assets on December 31, 2024 and 2023. Significant management judgment is required in determining provision for income taxes, deferred tax assets and liabilities and any valuation allowance recorded against deferred tax assets. The valuation allowance is based on the Company's estimates of taxable income by jurisdiction in which the Company operates and the period over which deferred tax assets will be recoverable. The change in valuation allowance is approximately \$377,000 and \$436,000 for the years ended December 31, 2024, and 2023, respectively.

The Company is subject to income taxes and tax audits in many jurisdictions. A certain degree of estimation is thus required in recording the assets and liabilities related to income taxes. Tax audits and examinations can involve complex issues, interpretations, and judgments and the resolution of matters that may span multiple years, particularly if subject to litigation or negotiation.

The Company's investments in its foreign subsidiaries are considered to be permanently invested and no provision for income taxes on the related foreign exchange translation adjustments or income/(loss) of those subsidiaries has been recorded.

The Company does not expect a significant change to the amount of unrecognized tax benefits over the next 12 months. However, any adjustments arising from certain ongoing examinations by tax authorities could alter the timing or amount of taxable income or deductions, of the allocation of income among tax jurisdictions, and these adjustments could differ from the amount accrued. The Corporation's federal and provincial income tax returns filed for all years remain subject to examination by the taxation authorities.

12. Leases

The Company leased offices and laboratory space in India under a 5-year lease terminating in December 2023, with a monthly rental payment which ranged from approximately \$2,000 to \$4,000 per month. From September 2021 through December 2023, the landlord did not charge the Company for contractual rent escalations. The leases were extended for a one-year period ending December 2024 with an automatic renewal for two years with monthly payments ranging from \$2,500 to \$2,900 per month. The Company has an intention to renew the leases for the two additional years allowed under the lease agreement, and therefore has recorded the ROU asset and lease liability based upon the expected lease termination in December 2026.

Operating leases are presented in the Company's consolidated balance sheets as right-of-use assets from leases, current lease liabilities, and long-term lease liabilities. The assets and liabilities from our leases are recognized at the lease commencement date based on the present value of remaining lease payments over the lease term using the Company's incremental borrowing rates. Short-term leases, which have an initial term of 12 months or less, are not recorded on the balance sheet. As the Company's operating leases do not provide implicit rates, the Company has utilized its incremental borrowing rate (8%), determined based on the long-term borrowing costs of companies with similar credit profiles, to record its lease obligations. For operating leases, the Company recognizes the minimum rental expense on a straight-line basis based on the fixed components of a lease arrangement. The Company will amortize this expense over the term of the lease beginning with the lease commencement date.

The annual lease payments will be approximately \$32,000 and \$35,000 in the years ended December 31, 2025 and 2026, respectively. The following table presents information about the amount and timing of liabilities arising from the Company's operating leases as of December 31, 2024:

	December 31, 2024
Lease payments – 2025	\$32,508
Lease payments – 2026	34,946
Total undiscounted operating lease payments	67,454
Less: Imputed interest	(6,600)
Present value of operating lease liabilities	\$60,854
Current portion of lease liability	\$28,024
Long-term portion of lease liability	32,830
Total lease liability	\$60,854
Weighted average remaining lease term in years at December 31, 2024	2.0 years
Weighted average remaining lease term in years at December 31, 2023	3.0 years
Discount rate – year ended December 31, 2024	8.0%
Discount rate – year ended December 31, 2023	8.0%

The Right of Use Asset as December 31, 2024 of \$59,387 will be amortized over the two year remaining under lease term. Rent expense was approximately \$ 32,400 and \$ 41,400 for the years ended December 31, 2024, and 2023 respectively. In the U.S., the Company has month-to-month shared space arrangements.

13. Commitments and contingencies

CRO contract

In December 2018, as amended in July 2020 (“July Agreement”), the Company entered into an agreement with a Contract Research Organization (“CRO”) for services to be rendered with respect to the phase 2B clinical trials for the VB-1953 product. Pursuant to such an agreement the Company owed the CRO approximately \$2,080,000 as of July 2020. Also pursuant to the July Agreement, if the balance remains outstanding as of March 2021, then the balance could convert to Series D preferred stock at the mutually agreed at Series D preferred conversion price as of the July Agreement date. During 2023, the Company and the CRO have agreed by signing a definitive agreement to convert the liability of \$1,680,210 into shares of 432,041 shares of Series D preferred shares (based upon the then estimated fair value of such shares), however, the shares have not yet been issued. The Company was required to authorize additional Series D preferred shares in order to consummate this transaction, and accordingly, as of December 31, 2023, \$1,680,210 was recorded as liabilities to be settled in equity in the consolidated balance sheet. In June 2024, the Company increased its authorized shares of preferred stock and issued 432,041 shares of Series D preferred stock to settle this liability.

Employee Benefits — Gratuity

The Company has a defined benefit gratuity scheme for its employees in India. This gratuity scheme provides for lump sum payment in accordance with the provisions of Payment of Gratuity Act, 1972 to vested employees at retirement or death while in employment or on termination of employment of an amount equivalent to 15 days basic salary payable for each completed year of service or part thereof in excess of six months subject to a limit of INR 1,000,000 (equivalent to approximately \$12,000). Vesting occurs upon completion of 5 years of continuous service. A roll forward of the liability balance for the years ended December 31, 2024 and 2023 are as follows:

	December 31, 2024	December 31, 2023
Obligation recognized in balance sheet:		
Beginning of the year	\$ 90,886	\$78,224
Benefits paid	(14,056)	(1,504)
Expenses charged to profit or loss	(9,430)	3,323
Currency translation differences	(2,323)	(189)
Interest on gratuity payable	4,017	11,032
End of the year	<u>\$ 69,094</u>	<u>\$90,886</u>

Employee Benefits — Leave Encashment

Accumulated compensated absences or paid leave encashment, which are expected to be encashed within 12 months from the end of the year and are treated as short-term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement at the end of the year. Actuarial gains or losses are recognized in the Consolidated Statement of Operations and Comprehensive Income (Loss) in the year in which they arise. A roll forward of the liability balance for the years ended December 31, 2024, and 2023 are as follows:

	December 31, 2024	December 31, 2023
Obligation recognized in balance sheet:		
Beginning of the year	\$84,647	\$83,724
Benefits paid	(3,920)	(2,074)
Expenses charged to profit or loss	(5,669)	3,263
Currency translation differences	(2,290)	(266)
End of the year	<u>\$72,768</u>	<u>\$84,647</u>

Employee Benefits — Provident Fund

In accordance with Indian law, all employees in India are entitled to receive benefits under the ‘Provident Fund’, which is a defined contribution plan. Both the employee and the employer make monthly contributions to the plan at a predetermined rate (presently at 12%) of the employees’ basic salary. These contributions are made to the fund which is administered and managed by the Government of India. The Company’s monthly contributions to the above-mentioned plans are charged to consolidated statements of operations and comprehensive income (loss) in the year they are incurred and there are no further obligations under the plan beyond those monthly contributions. The Company’s contribution towards the Provident Fund during the years ended December 31, 2024, and 2023 was \$1,568 and \$1,724, respectively.

Litigation

From time to time, the Company is involved in various disputes, claims, liens, and litigation matters arising out of the normal course of business, which could result in a material adverse effect on the Company’s combined financial position, results of operations, or cash flows. Liabilities for loss contingencies arising from claims, assessments, litigation, fines and penalties, and other sources are recorded when it is probable that a liability has been incurred, and the amount of the assessment can be reasonably estimated. As of December 31, 2024, and 2023, the Company had no outstanding claims or litigation and had no liabilities recorded for loss contingencies.

14. Segments

The Company operates in two segments — the sale of products (“Pharmaceutical Segment”) and the development of biotechnology products (“Biotechnology Segment”), with substantially all of the resources of the Company focused on its biotechnology activities. The Company purchased substantially all of the

products for the Pharmaceutical Segment from a third-party manufacturer. Other income items relate to corporate financing activities outside of these two segments. Reporting by segment is summarized as follows:

Amount in USD	Year ended December 31, 2024			Year ended December 31, 2023		
	Biotechnology	Pharmaceutical	Total	Biotechnology	Pharmaceutical	Total
Revenues	\$ —	\$256,944	\$ 256,944	\$ —	\$415,940	\$ 415,940
Gross margin	—	194,970	194,970	—	269,323	269,323

Net income (loss)	\$(1,513,856)	\$ 66,395	\$(1,447,461)	\$ (915,716)	\$115,858	\$ (799,858)
Assets of segment	\$ 1,379,267	\$ 2,294	\$ 1,381,561	\$1,390,351	\$ 66,816	\$1,457,167

The Company derives revenues from the sale of products, including royalties related to sales of such products and from the license of technology. Substantially all revenues for the years ended December 31, 2024 and 2023 are derived from one customer, Sun Pharma Group. Revenues for the years ended December 31, 2024 and 2023 are summarized as follows:

	December 31, 2024	December 31, 2023
Product Sale of Dandruff Lotion and Shampoo	\$ —	\$221,351
Service fee for arrangements for sale of Dandruff products	75,217	67,762
Licensing and milestone fees – Lulicanazole	—	121,100
Raw material product sales under Lulicanazole agreement	134,325	—
Royalty income related to above product sales	47,402	5,727
Total	<u>\$256,944</u>	<u>\$415,940</u>

In December 2020, the Company entered into a licensing contract for Lulicanazole to Sun Pharma, whereby the Company would be entitled to development and sales-based milestones and royalties on future sales of the product by Sun Pharma. The Company received a development-based milestone from Sun Pharma of \$121,100 during the year ended December 31, 2023. No sales-based milestones have been received under this license through December 31, 2024.

During 2023, the Company amended its arrangement with Sun Pharma such that the Company will no longer be responsible for purchasing and selling inventory of the Dandruff Lotion and Shampoo, but instead will receive a net service fee payment for sales of such products made by Sun Pharma. This arrangement was terminated in December 2024.

As the Company's long-lived assets, except for the intangible asset and deferred offering costs are substantially all located in India, and all of the Company's revenue and expense related to the sale of products are derived from within India, no geographical segments are presented.

15. Due to affiliates

The Company incurred consultancy charges to certain members of the Board of Directors of the Company (“Directors”) recognized as selling, general and administrative expenses in the Consolidated Statements Of Operations and Comprehensive Loss amounting to approximately \$100,000 in each of the years ended December 31, 2024, and 2023. The amount outstanding to such Directors as at the end of December 31, 2024, and 2023 is approximately \$100,000 and \$450,000, respectively, which is included in the due to affiliates in the Consolidated Balance Sheets.

The Company incurred compensation expenses to the Chief Executive Officer of the Company (“CEO”) recognized as selling, general, and administrative expenses in the Consolidated Statements of Operations and Comprehensive Income (Loss) amounting to approximately \$260,000 for each of the years ended December 31, 2024, and 2023. The amount outstanding as of the end of December 31, 2024, and 2023 to the CEO is \$285,660 and \$ 692,495, respectively, which is included in Salary and Employment Benefits Payable in the Consolidated Balance Sheets.

Certain Directors have provided short-term advances to the Company from time to time, amounting to approximately \$15,000 as of December 31, 2024. This is included in due to affiliates in the accompanying Consolidated Balance Sheets.

16. Revision to 2023 Financial Statements

During 2024, the Company determined that it had incorrectly recorded certain expenses in the 2024 period, which should have been recorded in the 2023 period, and omitted certain costs that should have been recorded in 2023. Further, the Company determined that it had incorrectly computed the translation of the India subsidiary’s fixed assets and equity accounts in 2023. The Company evaluated the materiality of the error described above from a qualitative and quantitative perspective. Based on this evaluation, taking into account the guidance in the SEC Staff Accounting Bulletin No. 99, “*Materiality*”, (“SAB 99”) and SEC Staff Accounting Bulletin No. 108, “*Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements*,” (“SAB 108”), the Company concluded that the correction would not be material to the consolidated financial position or results of operations for the year ended December 31, 2023. The Company has revised the 2023 figures as summarized in the following table:

2023 accounts	As previously reported	Adjustments	As adjusted
Deferred offering costs	\$ 66,415	\$ 45,000	\$ 111,415
Property and Equipment, net	85,931	(9,087)	76,844

Net loss per share	\$ 0.38		\$ 0.42
Cash flows from operations	(563,983)	(2,415)	(566,398)
Cash flows from financing activities	122,349	2,434	124,783

17. Subsequent events

For the consolidated financial statements as of and for the year ended December 31, 2024, we have evaluated subsequent events through the date the financial statements are available to be issued and determined that there have been no events that have occurred that would require adjustments to our disclosures in the consolidated financial statements except for the transaction described below:

In 2025, the Company received subscription agreements for the issuance convertible notes in the amount of \$160,000, which have substantially the same terms as disclosed in Note 7.

The Company entered into a note payable with Reshape for \$400,000 of which payments under such note are expected to be received in several installments. The first installment of \$200,000, net of \$20,000 of Reshape legal bills, was received on April 15, 2025. The note bears interest at 8% per annum and matures on September 30, 2025. If the Merger Agreement is terminated due to the Company's failure to close on the Concurrent financing that is already committed then the promissory note will become senior in right of payment to all other debt of the Company and will become a secured obligation of the Company.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders
ReShape Lifesciences Inc.

Opinion on the Consolidated Financial Statements

We have audited the accompanying consolidated balance sheet of ReShape Lifesciences Inc. (the “Company”) as of December 31, 2024, and the related consolidated statements of operations, comprehensive loss, stockholders’ equity (deficit), and cash flows for the year then ended, and the related notes (collectively referred to as the “consolidated financial statements”). In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Company as of December 31, 2024, and the consolidated results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The consolidated financial statements of the Company as of and for the year ended December 31, 2023, before the effects of the retroactive adjustments described in Note 2 with respect to the May 9, 2025 one-for-twenty-five reverse stock split were audited by other auditors whose report dated April 1, 2024, except for the effect of the reverse stock split on September 23, 2024 described in Note 2, as to which the date is October 1, 2024, expressed an unqualified opinion, with an explanatory paragraph expressing substantial doubt about the Company’s ability to continue as a going concern, on those statements. We also audited the adjustments described in Note 2 that were applied retroactively to the 2023 consolidated financial statements to reflect the May 9, 2025 one-for-twenty-five reverse stock split and the related disclosures therein. In our opinion, such adjustments and related disclosures are appropriate and have been properly applied. We were not engaged to audit, review, or apply any procedures to the 2023 consolidated financial statements of the Company other than with respect to the adjustment and disclosures referred to herein and, accordingly, we do not express an opinion or any other form of assurance on the 2023 consolidated financial statements taken as a whole.

Substantial Doubt About the Company’s Ability to Continue as a Going Concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the consolidated financial statements, the Company has suffered recurring losses from operations and negative cash flows. The Company currently does not generate revenue sufficient to offset operating costs and anticipates such shortfalls to continue. These conditions raise substantial doubt about the Company’s ability to continue as a going concern. Management’s plans in regard to these matters, which include a merger and asset sale, are also described in Note 3 to the consolidated financial statements. The consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the outcome of this uncertainty.

Basis for Opinion

These consolidated financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s consolidated financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit, we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audit provides a reasonable basis for our opinion.

Critical Audit Matters

Critical audit matters are matters arising from the current period audit of the consolidated financial statements that were communicated or required to be communicated to the audit committee and that:

- (1) relate to accounts or disclosures that are material to the consolidated financial statements and
- (2) involved our especially challenging, subjective, or complex judgments. We determined that there are no critical audit matters.

/s/ Haskell & White LLP

HASKELL & WHITE LLP

We have served as the Company's auditor since 2024.

Irvine, California

April 4, 2025, except for the effects of the one-for-twenty-five reverse stock split described in Note 2, as to which the date is May 9, 2025

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders and the Board of Directors of ReShape Lifesciences Inc.

Opinion on the Financial Statements

We have audited, before the effects of the adjustments to retrospectively apply the reverse stock split effective May 9, 2025 described in Note 2, the accompanying consolidated balance sheet of ReShape Lifesciences Inc. and its subsidiaries (the Company) as of December 31, 2023, the related consolidated statement of operations, comprehensive loss, stockholders' equity and cash flows for the year then ended, and the related notes to the consolidated financial statements (collectively, the financial statements). The 2023 financial statements before the effects of the adjustments around the May 9, 2025 reverse stock split described in Note 2 are not presented herein. In our opinion, before the effects of the adjustments to retrospectively apply the reverse stock split effective May 9, 2025 described in Note 2, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2023, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

We were not engaged to audit, review, or apply any procedures to retrospectively apply the changes in the Company's disclosures related to the reverse stock split effective May 9, 2025 described in Note 2 and, accordingly we do not express an opinion or any other form of assurance about whether such adjustments are appropriate and have been properly applied. Those adjustments were audited by other auditors.

Substantial Doubt About the Company's Ability to Continue as a Going Concern

The accompanying 2023 financial statements were prepared assuming that the Company would continue as a going concern. As discussed in Note 3 to the 2023 financial statements, the Company had suffered recurring losses from operations and negative cash flows. The Company was not generating revenue sufficient to offset operating costs and anticipated such shortfalls to continue. This raised substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters were also described in Note 3 to the 2023 financial statements. The 2023 financial statements did not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

ReShape Lifesciences Inc.
Notes to Consolidated Financial Statements

(1) Description of the Business and Risks and Uncertainties

Description of Business

We were incorporated under the laws of Delaware on January 2, 2008. On June 15, 2021, we completed a merger with ReShape Lifesciences Inc. Pursuant to the Merger Agreement, a wholly owned subsidiary of Obalon merged with and into ReShape, with ReShape surviving the merger as a wholly owned subsidiary of Obalon. As a result of the merger, Obalon, the parent company, was renamed “ReShape Lifesciences Inc.” and ReShape was named ReShape Weightloss Inc. ReShape Lifesciences’ shares of common stock trade on the Nasdaq under the symbol RSLS.

ReShape Medical (formerly ReShape Lifesciences Inc.) was incorporated in the state of Minnesota in December 2002 and reincorporated in the state of Delaware in July 2004. In 2017, the Company changed its name from EnteroMedics Inc. to ReShape Lifesciences Inc.

The Company is headquartered in Irvine, California. The Company is a developer of minimally invasive medical devices that advance bariatric surgery to treat obesity and metabolic diseases. The Company’s current portfolio consists of the Lap-Band® Adjustable Gastric Banding System, the Obalon Balloon System, the first and only swallowable gas filled balloon system, and the Diabetes Bloc-Stim Neuromodulation, a technology under development as a new treatment for type 2 diabetes mellitus. The Company sells the Lap-Band worldwide and is managed in the following geographical regions: United States, Australia, Europe and the rest of world. Refer to Note 15 for additional information about our operating segments.

Risks and Uncertainties

The Company continues to devote significant resources to developing its product technology, commercialization activities and raising capital. These activities are subject to significant risks and uncertainties, including the ability to obtain additional financing, and there can be no assurance that the Company will be successful in obtaining additional financing on favorable terms, or at all. If adequate funds are not available, the Company may have to further reduce its cost structure until financing is obtained and/or delay development, or commercialization of products, or license to third parties the rights to commercialize products, or technologies that the Company would otherwise seek to commercialize. Refer to Note 3 for additional information about the Company’s liquidity, going concern and management’s plans.

The medical device industry is characterized by frequent and extensive litigation and administrative proceedings over patent and other intellectual property rights. Whether a product infringes a patent involves complex legal and factual issues, the determination of which is often difficult to predict, and the outcome may be uncertain until the court has entered final judgment and all appeals are exhausted. The Company’s competitors may assert that its products or the use of the Company’s products are covered by U.S. or foreign patents held by them. Refer to Note 14 for additional information about contingencies and litigation matters.

Pending Merger and Asset Sale

On July 8, 2024, we entered into an Agreement and Plan of Merger (“Merger Agreement”) with Vyome Therapeutics, Inc. (“Vyome”) and Raider Lifesciences Inc., a Delaware corporation, and a direct, wholly owned subsidiary of ReShape (“Merger Sub”). Pursuant to the Merger Agreement, and subject to the satisfaction or waiver of the conditions specified therein, Merger Sub shall be merged with and into Vyome, with Vyome surviving as a subsidiary of ReShape (the “Merger”). The combined company intends to change its name to Vyome Holdings, Inc. and will focus on Vyome’s business of advancing the development of its immuno- inflammatory assets and on identifying additional opportunities between the world-class Indian innovation corridor and the U.S. market.

Simultaneously with the execution of the Merger Agreement, we entered into an Asset Purchase Agreement (the “Asset Purchase Agreement”) with Ninjour Health International Limited, a company incorporated under the laws of the United Kingdom (“Ninjour”). Pursuant to the Asset Purchase Agreement, and subject to the satisfaction or waiver of the conditions specified therein, we will sell substantially all of our assets (excluding cash) to Ninjour (or an affiliate thereof), and Ninjour will assume substantially all of our liabilities, for a purchase price of \$5.16 million in cash, subject to adjustment based on ReShape’s actual accounts receivable and accounts payable at the closing compared to such amounts as of March 31, 2024 (the “Asset Sale”). Ninjour is an affiliate of Biorad Medisys, Pvt. Ltd., which is party to a previously disclosed exclusive license agreement, dated September 19, 2023, with ReShape for ReShape’s Obalon® Gastric Balloon System.

On October 1, 2024, we filed a Registration Statement on Form S-4 in connection with the Merger and Asset Sale, which we anticipate will close in the second quarter of 2025, assuming the conditions to closing are satisfied. On December 6, 2024, we filed an Amendment No. 1 to that Registration Statement on Form S-4 and on January 15, 2025 we filed an Amendment No. 2 to that Registration Statement on Form S-4.

We entered into the Equity Purchase Agreement and Convertible Note transactions in order to fund our operations through the closing of the Merger and Asset Sale. The description of our business set forth above reflects our current business operations, but if the Merger and Asset Sale are completed, we will sell substantially all of our assets to Ninjour Health International Limited (or an affiliate thereof) and the combined company following the Merger intends to focus on Vyome’s business. However, the completion of the Merger and Asset Sale both remain subject to a number of conditions to closing, including the approval of our stockholders and, with respect to the Merger, the approval of the Nasdaq Stock Market, and there can be no assurance that the Merger and Asset Sale will be consummated. Failure to complete the Merger and Asset Sale could negatively impact our future operations, financial results and stock price.

We incurred transaction costs of \$1.0 million during the year ended December 31, 2024 related to legal and audit fees associated with the pending merger and asset sale.

(2) Summary of Significant Accounting Policies

Basis of Presentation

The Company has prepared the accompanying consolidated financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Reverse Stock Split

On May 9, 2025, at the commencement of trading, the Company effected a 1-for-25 reverse stock split. Accordingly, all share and per share amounts for the periods presented in the accompanying consolidated financial statements and notes thereto have been adjusted retroactively, where applicable, to reflect the reverse stock split. No fractional shares were issued in connection with the reverse stock split.

On September 23, 2024, at the commencement of trading, the Company effected a 1-for-58 reverse stock split. Accordingly, all share and per share amounts for the periods presented in the accompanying consolidated financial statements and notes thereto have been adjusted retroactively, where applicable, to reflect the reverse stock split. No fractional shares were issued in connection with the reverse stock split.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries. All intercompany transactions and accounts have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers highly liquid investments generally with maturities of 90 days or less when purchased to be cash equivalents. Cash equivalents are stated at cost, which approximates market value. The Company's cash equivalents are primarily in money market funds and certificates of deposit. The Company deposits its cash and cash equivalents in high-quality credit institutions.

Restricted Cash

Restricted cash represents \$100 thousand at both December 31, 2024 and 2023, related to a collateral money market account maintained by the Company as collateral in connection with corporate credit cards with Silicon Valley Bank.

The following table provides a reconciliation of cash, cash equivalents and restricted cash reported in the consolidated balance sheets to the same total reported in the consolidated statements of cash flows (in thousands):

	December 31, 2024	December 31, 2023
Cash and cash equivalents	\$693	\$4,459
Restricted cash	100	100
Total cash, cash equivalents, and restricted cash in the consolidated statements of cash flows	\$793	\$4,559

Accounts Receivable

The majority of the Company's accounts receivable arise from direct product sales and sales of products under consignment arrangements, and have payment terms that generally require payment within 30 to 90 days. The Company provides reserves against accounts receivable for estimated losses that may result from a customer's inability to pay based on customer-specific analysis and general matters such as current assessments of past due balances, economic conditions and forecasts, and historical credit loss activity. Amounts determined to be uncollectible are charged or written-off against the reserve. Additionally, under the current expected credit loss model, we utilize historical loss rates based on number of days past due, adjusted to reflect current economic conditions and forecasts of future economic conditions.

Inventory

The Company accounts for inventory at the lower of cost or net realizable value, where net realizable value is based on market prices less costs to sell. The Company establishes inventory reserves for obsolescence based upon specific identification of expired or unusable units with a corresponding provision included in cost of revenue. The allowance for excess and slow-moving inventory was \$1.0 million at both December 31, 2024 and 2023.

Property and Equipment, Net

Property and equipment are stated at cost less accumulated depreciation and amortization. Depreciation of property and equipment is computed using the straight-line method over their estimated useful lives of five to seven years for furniture and equipment and three to five years for computer hardware and software. Leasehold improvements are amortized on a straight-line basis over the lesser of their useful life or the term of the lease. Upon retirement or sale, the cost and related accumulated depreciation or amortization are removed from the consolidated balance sheets and the resulting gain or loss is reflected in the consolidated statements of operations. Repairs and maintenance are expensed as incurred.

Other Long-Lived Assets

Indefinite-lived intangible assets relate to in-process research and development ("IPR&D") acquired in business combinations. The estimated fair values of IPR&D projects acquired in a business combination which have not reached technological feasibility are capitalized and accounted for as indefinite-lived intangible

assets until completion or abandonment of the projects. In accordance with guidance within FASB ASC 350 “Intangibles — Goodwill and Other,” identifiable intangible assets with indefinite lives are not subject to amortization but must be evaluated for impairment.

Finite-lived intangible assets primarily consist of developed technology and trademarks/tradenames and were being amortized on a straight-line basis over their estimated useful lives. During 2023, the Company fully impaired the finite-lived intangible assets, see Note 6 for further details.

We evaluate long-lived assets, including finite-lived intangible assets, for impairment by comparison of the carrying amounts to future net undiscounted cash flows expected to be generated by such assets when events or changes in circumstances indicate the carrying amount of an asset group may not be recoverable. Should an impairment exist, the impairment loss would be measured based on the excess carrying value of the asset over the asset’s fair value or estimates of future discounted cash flows. The Company recorded an impairment to developed technology and IPR&D intangible assets for the year ended December 31, 2023, for further details see Note 6.

Income Taxes

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry-forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. A valuation allowance for deferred income tax assets is recorded when it is more likely than not that some portion or all of the deferred income tax assets will not be realized. The Company’s policy is to classify interest and penalties related to income taxes as income tax expense in the consolidated statements of operations.

Foreign Currency

When the local currency of the Company’s foreign subsidiaries is the functional currency, all assets and liabilities are translated into United States dollars at the rate of exchange in effect at the balance sheet date. Income and expense items are translated at the weighted-average exchange rate prevailing during the period. The effects of foreign currency translation adjustments for these subsidiaries are deferred and reported in stockholders’ equity as a component of Accumulated Other Comprehensive Loss. The effects of foreign currency transactions denominated in a currency other than an entity’s functional currency are included in Gain on foreign currency exchange in the consolidated statements of operations. The Company does not hedge foreign currency translation risk in the net assets and income it reports from these sources.

Revenue Recognition

The Company recognizes revenue when it satisfies a performance obligation by transferring control of the promised goods or services to its customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those goods or services. Product sales consist of a single performance obligation that the Company satisfies at a point in time. The Company recognizes product revenue when the following events have occurred: (a) the Company has transferred physical possession of the products, (b) the Company has a present right to payment, (c) the customer has legal title to the products, and (d) the customer bears significant risks and rewards of ownership of the products.

For the Company’s Lap-Band product, these criteria are met under the agreements with most customers upon product shipment. This includes sales to distributors, who sell the products to their customers, take title to the products and assume all risks of ownership at the time of shipment. Distributors are obligated to pay within specified terms regardless of when, if ever, they sell the products.

Taxes collected from customers and remitted to governmental authorities are accounted for on a net basis. Accordingly, such amounts are excluded from revenues. Amounts billed to customers related to

shipping and handling are included in revenues. Shipping and handling costs related to revenue producing activities are included in cost of sales.

Variable Consideration

The Company records revenue from customers in an amount that reflects the transaction price it expects to be entitled to after transferring control of the goods. Customers and distributors of the Lap-Band product generally have the right to return or exchange products purchased for up to thirty days from the date of product shipment contingent upon a 10% restocking fee. Any such return or exchange of Lap-Band products will be recorded as a reduction of revenue in the period incurred.

Certain Lap-Band customers may receive volume rebates or discounts. Discounts are treated as a reduction in sales price and therefore corresponding revenue at the point of sale. Any volume rebates offered would be estimated and reserved as a reduction in revenue.

Warranty

The Company generally provides warranties against defects in materials and workmanship, and provides replacements at no charge to the customer, as long as the customer has notified the Company within 30 days of delivery and returns such products in accordance with the Company's instructions. As they are considered assurance-type warranties, the Company does not account for them as separate performance obligations. Warranty reserve requirements are based on a specific assessment of the products sold with warranties where a customer asserts a claim for warranty or a product defect.

For the vBloc product line, the Company has a 5-year warranty on all implantable parts. vBloc sales began in 2015 and ended in 2018, so this warranty period went through 2023.

Cost of Goods Sold

The Company expenses to cost of goods sold, direct and indirect inventory costs as sold. Additionally, the Company expenses to costs of goods sold, various indirect costs such as warehousing finished goods, shipping costs of sales to customers, non-production salaries and consulting costs relating to inventory, and portions of salaries that are not allocatable to operating expenses.

Advertising Costs

Advertising costs are expensed as incurred and totaled \$0.7 million and \$2.2 million for the years ended December 31, 2024 and 2023, respectively.

Stock-Based Compensation

The Company applies Accounting Standards Codification ("ASC") 718 *Compensation — Stock Compensation* and accordingly records compensation expense for stock options over the vesting or service period using the fair value on the date of grant, as calculated by the Company using the Black-Scholes model. The Company's stock-based compensation plans are more fully described in Note 13.

Net Loss Per Share

Basic net loss per share is computed by dividing net loss by the weighted-average number of common shares outstanding during the period. Diluted net loss per share is based on the weighted-average common shares outstanding during the period plus dilutive potential common shares calculated using the treasury stock method. Such potentially dilutive shares are excluded when the effect would be to reduce a net loss per share. For purposes of basic and diluted per share computations, loss from continuing operations and net loss are reduced by the down round adjustments for convertible preferred stock and warrants.

The following table sets forth the potential shares of common stock that are not included in the calculation of diluted net loss per share because to do so would be anti-dilutive as of the end of each period presented:

	December 31,	
	2024	2023
Stock options	5	9
Unvested restricted stock units	1	1
Convertible preferred stock	10	10
Warrants	3,261	10,757

Concentration of Credit Risk, Interest Rate Risk and Foreign Currency Exchange Rate

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist primarily of cash and cash equivalents, restricted cash and trade accounts receivable. Cash and cash equivalents are primarily deposited in demand and money market accounts. At times, such deposits may be in excess of insured limits. Investments in money market funds are not considered to be bank deposits and are not insured or guaranteed by the federal deposit insurance company or other government agency. These money market funds seek to preserve the value of the investment at \$1.00 per share; however, it is possible to lose money investing in these funds. The Company has not experienced any losses on its deposits of cash and cash equivalents. To minimize the risk associated with trade accounts receivable, management maintains relationships with the Company's customers that allow management to monitor current changes in business operations so the Company can respond as needed.

Substantially all of the Company's revenue is denominated in U.S. dollars. Only a small portion of revenue and expenses are denominated in foreign currencies, principally the Australian dollar and Euro for 2024 and 2023. The Company has not entered into any hedging contracts. Future fluctuations in the value of the U.S. dollar may affect the price competitiveness of the Company's products outside the U.S.

Fair Value of Financial Instruments

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (referred to as an "exit price"). Fair value of an asset or liability considers assumptions that market participants would use in pricing the asset or liability, including consideration of non-performance risk.

Assets and liabilities are categorized into a three-level fair value hierarchy based on valuation inputs used to determine fair value.

Level 1 inputs are quoted prices in active markets for identical assets or liabilities.

Level 2 inputs are observable, either directly or indirectly.

Level 3 inputs are unobservable due to little or no corroborating market data.

The carrying amounts of the Company's financial instruments, including cash equivalents, accounts receivable, accounts payable and certain accrued and other liabilities approximate fair value due to their short-term maturities. Refer to Note 6 regarding the impairment of developed technology and IPR&D and Note 10 regarding fair value measurements and inputs of warrants.

Recent Accounting Pronouncements

New accounting standards adopted by the Company in 2024 are discussed below or in the related notes, where appropriate.

The Company adopted Accounting Standards Update ("ASU") ASU 2023-07, Segment Reporting (Topic 280) Improvements to Reportable Segment Disclosures, in the fourth quarter of 2024. The amendments in this update require public entities to disclose, on an annual and interim basis, significant

segment expenses that are regularly provided to the chief operating decision maker (the “CODM”) and which are included within each reported measure of segment profit or loss as well as disclosure of other segment items and a description of their composition. The amendments also require public entities to disclose the title and position of the CODM and an explanation of how the CODM uses the reported measure(s) of segment profit or loss in assessing segment performance and deciding how to allocate resources. The adoption of this guidance resulted in incremental disclosures in the Company’s consolidated financial statements. Refer to Note 15 for additional information.

New accounting standards not yet adopted are discussed below:

In November 2024, the Financial Accounting Standards Board (“FASB”) issued ASU 2024-03, *Disaggregation of Income Statement Expenses*, which requires annual and interim disclosure of disaggregated disclosures of certain costs and expenses on the income statement. The standard is effective for fiscal years beginning after December 15, 2026, and interim periods within fiscal years beginning after December 15, 2027, with early adoption permitted. Amendments are applied on a prospective basis with retrospective application permitted. The Company is currently evaluating the impact of this guidance.

(3) Liquidity and Management’s Plans

The Company currently does not generate revenue sufficient to offset operating costs and anticipates such shortfalls to continue, primarily due to the introduction of GLP-1 pharmaceuticals, which has taken a significant market share of the medical treatments for obesity. As of December 31, 2024, the Company had net a working capital deficit of approximately \$0.1 million. The Company’s principal source of liquidity as of December 31, 2024, consisted of approximately \$0.7 million of cash and cash equivalents, and \$1.0 million of accounts receivable. The Company raised \$0.8 million in October 2024 in a convertible debt agreement with an institutional investor. In February 2025, the Company entered into a Security Purchase Agreement to issue and sell 103,005 shares of common stock and warrants to purchase up to 103,005 shares of common stock at an initial price of \$145.75 per share, subject to adjustments. The securities were at a price of \$58.25 per unit. The Company received \$4.5 million for this offering after deducting underwriting expenses, commissions and offering expenses. Based on the Company’s available cash resources, it may not have sufficient cash on hand to fund its current operations for more than 12 months from the date of filing this Form 10-K. This condition raises substantial doubt about its ability to continue as a going concern.

The Company’s anticipated operations include plans to (i) merge with Vyome Therapeutics, Inc and sell certain assets to Biorad, which will continue the operations, (ii) grow sales and operations of the Company with the Lap-Band product line both domestically and internationally as well as to obtain cost savings synergies, (iii) introduce to the market Lap-Band 2.0 FLEX, (iv) continue development of the Diabetes Bloc-Stim Neuromodulation (“DBSN”) device, and (v) prior to such merger and sale, explore and capitalize on synergistic opportunities to expand our portfolio and offer future minimally invasive treatments and therapies in the obesity continuum of care. The Company believes that it has the flexibility to manage the growth of its expenditures and operations depending on the amount of available cash flows, which could include reducing expenditures for marketing and product development activities.

The Company has incurred significant net losses and negative cash flows from operations since inception, and as a result has an accumulated deficit of approximately \$642.7 million. The Company also expects to incur a net loss and negative cash flows from operations for 2025.

The Company will be required to raise additional capital, however, there can be no assurance as to whether additional financing will be available on terms acceptable to the Company, if at all. If sufficient funds on acceptable terms are not available when needed, it would have a negative impact on the Company’s financial condition and could force the Company to delay, limit, reduce, or terminate product development or future commercialization efforts or grant rights to develop and market product candidates or testing products that the Company would otherwise plan to develop.

Therefore, the plans cannot be deemed probable of being implemented. As a result, the Company’s plans do not alleviate substantial doubt about our ability to continue as a going concern.

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and satisfaction of liabilities in the ordinary course of business. The

financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might result from the outcome of the uncertainties described above.

Supply Chain Disruptions Risk and Uncertainties

In response to the global supply chain instability and inflationary cost increases, we continue to take action to minimize, as much as possible, any potential adverse impacts by working closely with our suppliers to closely monitor the availability of raw materials, lead times, and freight carrier availability.

We continuously monitor domestic and global economic conditions, introduction of alternative procedures, and pharmaceuticals and weight loss trends that may impact our business. With this information, we develop new models and approaches to achieve the best outcomes.

(4) Supplemental Balance Sheet Information

Inventory

	December 31, 2024	December 31, 2023
Raw materials	\$ 753	\$1,020
Sub-assemblies	1,024	1,379
Finished goods	683	1,342
Total inventory	<u>\$2,460</u>	<u>\$3,741</u>

Prepaid expenses and other current assets:

	December 31, 2024	December 31, 2023
Prepaid insurance	\$281	\$110
Patents	14	13
Prepaid advertising and marketing	12	41
Taxes	41	47
Other current assets	—	126
Total prepaid expenses and other current assets	<u>\$348</u>	<u>\$337</u>

Accrued and other liabilities:

	December 31, 2024	December 31, 2023
Payroll and benefits	\$ 694	\$ 701
Accrued legal settlements	—	200
Customer deposits	720	639
Taxes	30	61
Accrued professional	200	155
Other liabilities	44	58
Total accrued and other liabilities	<u>\$1,688</u>	<u>\$1,814</u>

(5) Property and Equipment

Property and equipment consist of the following:

	December 31,	
	2024	2023
Machinery and equipment	\$ 61	\$ 61
Furniture and equipment	5	5
Computer hardware and software	78	78
Tooling and molds	6	6
	<u>150</u>	<u>150</u>
Less accumulated depreciation and amortization	(112)	(90)
Property and equipment, net	<u>\$ 38</u>	<u>\$ 60</u>

Depreciation expense for the years ended December 31, 2024 and 2023, was approximately \$22 thousand and \$121 thousand, respectively.

During the year ended December 31, 2024, the Company recognized an impairment charge of \$36 thousand related to its ROU asset, as the present value of the expected cash flows from the sublease of its facility in Irvine was lower than the carrying value. During the year ended December 31, 2023, the Company impaired approximately \$0.8 million, consisting of fixed assets and intangible assets due to the overall decline in value of the Company.

(6) Intangible Assets

During the year ended December 31, 2023, the Company determined the carrying value of the developed technology and trademarks/tradenames had been impaired due to the financial condition of the Company and recognized a non-cash impairment charge of \$0.2 million, which fully impaired the intangible assets.

Amortization expense for the year ended December 31, 2023 was approximately \$33 thousand.

The Company had impaired all of its remaining intangible assets during 2023, therefore there was no amortization expense for the year ended December 31, 2024, and there is no future projection of amortization expense at December 31, 2024.

(7) Leases

The Company had a noncancelable operating lease for office and warehouse space in San Clemente, California, which expired June 30, 2023. The Company also had an operating lease and warehouse space in Carlsbad, California, which expired June 30, 2022. On March 13, 2023, the Company entered into a lease for approximately 5,038 square feet of office and warehouse space at 18 Technology Drive, Suite 110, Irvine, California 92618 and relocated our principal executive offices from our former San Clemente, California location to the Irvine, California location. The Irvine, California lease has a term of 36 months commencing on May 1, 2023.

The Company does not have any short-term leases or financing lease arrangements and the effects of any lease modifications have not been material. Lease and non-lease components are accounted for separately.

The Company determines the lease term as the noncancelable period of the lease, and may include options to extend or terminated the lease when reasonably certain that the Company will exercise that option. Leases with a term of 12 months or less are not recognized on the balance sheet. The Company uses its incremental borrowing rate based on the information available at lease commencement in determining the present value of unpaid lease payments. Right-of-use assets also include any lease payments made at or before lease commencement and any initial direct costs incurred, and exclude any lease incentives received.

Operating lease costs for the years ended December 31, 2024 and 2023, were \$0.3 million and \$0.3 million, respectively. Variable lease costs were not material.

Supplemental information related to operating leases is as follows:

Balance Sheet information	December 31, 2024	December 31, 2023
Operating lease ROU assets	\$116	\$250
Operating lease liabilities, current portion	\$115	\$111
Operating lease liabilities, long-term portion	41	151
Total operating lease liabilities	\$156	\$262

Cash flow information for the twelve months ended December 31,	2024	2023
Cash paid for amounts included in the measurement of operating leases liabilities	\$111	\$228

Maturities of operating lease liabilities at December 31, 2024 were as follows:

2025	115
2026	59
Total lease payments	174
Less: imputed interest	18
Total lease liabilities	\$156
Weighted-average remaining lease term at end of period (in years)	1.4
Weighted-average discount rate at end of period	6.9%

(8) Equity

The Company may issue preferred stock, common stock, or both, in connection with underwritten public offerings, registered direct offerings, private placements or business acquisitions. Such issuances of equity typically include the issuance or sale of warrants to purchase common stock. Certain issuances of convertible preferred stock and warrants may contain anti-dilutive features apart from customary adjustments for splits and reverse splits of common stock (collectively, “down round features”). When a series of convertible preferred stock contains this non-standard down round feature, the Company is required to adjust the conversion price in the event of future stock sales at a lower unit price. When warrants issued in connection with an equity transaction contain, or are amended to contain, this non-standard down round feature, the Company is required to adjust the exercise price upon the issuance of any shares of common stock or securities convertible into shares of common stock below the then-existing exercise price and evaluate and account for the value attributable to the reduced warrant exercise price. In the event down round adjustments are triggered, the values attributable to the adjustment to the convertible preferred stock conversion price and warrant exercise price are recorded as an increase to additional paid-in capital and increase to accumulated deficit.

All series of the Company’s convertible preferred stock are classified in stockholders’ equity, including those with the down round feature, when applicable to the equity transaction.

Warrants to purchase common stock are classified in stockholders’ equity, including those issued with the down round feature, as they are both indexed to the Company’s own stock and meet the scope exception in ASC 815 “Derivatives and Hedging.”

The Company had the following equity transactions during the years ended December 31, 2024 and 2023:

November 2023 Exercise of Warrants for Common Stock

On November 21, 2023, the Company entered into a warrant exercise agreement with an existing accredited investor to exercise certain outstanding warrants to purchase up to an aggregate of 3,713 shares

of the Company's common stock (the "Existing Warrants"). In consideration for the immediate exercise of the Existing Warrants for cash, the exercising holders received new unregistered warrants to purchase up to an aggregate of 7,424.16 shares (equal to 200% of the shares of common stock issued in connection with the Exercise) of the Company's common stock (the "New Warrants") in a private placement. In connection with the Exercise, the Company also agreed to reduce the exercise price of the Existing Warrants from \$363 to \$333.50 and to reduce the exercise price of the remaining unexercised warrants from either \$478.50 or \$363 to \$333.50 per share, which is equal to the most recent closing price of the Company's common stock on The Nasdaq Capital Market prior to the execution of the warrant exercise agreement.

The New Warrants will become exercisable six months after issuance at an exercise price of \$333.50 per share and have a term of exercise equal to five and one-half years. The Existing Warrants and the New Warrants each include a beneficial ownership limitation that prevents the investor from owning more than 9.99%, with respect to the Existing Warrants, and 4.99%, with respect to the New Warrants, of the Company's outstanding common stock at any time.

The gross proceeds to the Company from the Exercise was approximately \$1.2 million, prior to deducting warrant inducement agent fees and estimated offering expenses. The Company intends to use the remainder of the net proceeds for commercial growth, working capital and general corporate purposes.

Maxim Group LLC ("Maxim") acted as the exclusive warrant inducement agent and financial advisor to the Company for the Exercise. The Company agreed to pay Maxim an aggregate cash fee equal to 6.5% of the gross proceeds received by the Company from the Exercise.

October 2023 Securities Offering

On October 3, 2023, the Company completed a Securities Purchase Agreement with certain investors pursuant to which the Company agreed to issue and sell to the investors (i) 1,221 shares of the Company's common stock, par value \$0.001 per share (the "Common Stock"), (ii) warrants to purchase up to 9,414 shares of Common Stock at an initial exercise price of \$478.50 per share (the "Common Warrants") and (iii) pre-funded warrants to purchase 5,056 shares of Common Stock at an exercise price of \$0.001 per share. The securities were sold as part of units at a price of \$478.50 per unit or, with respect to the units including pre-funded warrants, \$477 per unit. In connection with the offering, the Company also agreed that certain existing warrants to purchase up to an aggregate of 666 shares of Common Stock at an exercise price of \$4,451.50 per share and warrants to purchase up to an aggregate of 264 shares of Common Stock at an exercise price of \$11,600 per share that were previously issued to one of the investors, were amended effective upon the closing of the Offering so that the amended warrants have an exercise price of \$478.50 per share. The net proceeds from the offering were approximately \$2.8 million, after deducting the placement agent fees and before deducting offering expenses.

April 2023 Securities Offering

On April 20, 2023, the Company entered into a Securities Purchase Agreement with a certain institutional investor, pursuant to which the Company agreed to issue and sell to the Investor in a registered direct offering (i) 201 shares of the Company's common stock, par value \$0.001 per share, and (ii) pre-funded warrants to purchase an aggregate of 352 shares of Common Stock. Each share of common stock was sold at a price of \$4,451.50 per share and each Pre-funded Warrant was sold at an offering price of \$4,450.00 per share underlying such Pre-funded Warrants, for aggregate gross proceeds of approximately \$2.5 million before deducting the placement agent's fees and the offering expenses. The Company has been using the net proceeds of this offering to continue implementation of its growth strategies, for working capital and general corporate purposes. In addition, under the Purchase Agreement, the Company also agreed to issue and sell to the Investor in a concurrent private placement warrants to purchase an aggregate of 552 shares of common stock.

In connection with such offering, the Company also agreed that certain existing warrants to purchase up to an aggregate of 114 shares of Common Stock that were issued to the Investor, at an exercise price of \$21,750 per share, were amended effective upon the closing of the Offering so that the amended warrants have an exercise price of \$4,451.50. The Company's exclusive placement agent in connection with the Offering, Maxim Group LLC, received a cash fee equal to 7.0% of the gross proceeds received by the Company from

the sale of the securities in Offering, as well as reimbursement for certain expenses, and warrants to purchase up to 28 shares of Common Stock, which is equal to 5.0% of the aggregate amount of shares of Common Stock issued in the Offering, at an exercise price of \$4,901.00 per share.

February 2023 Public Offering of Common Stock and Warrants

On February 8, 2023, the Company closed a public offering of 880 units, with each consisting of one share of its common stock, or one pre-funded warrant to purchase one share of its common stock, and one warrant to purchase one and one-half shares of its common stock. Each unit was sold at public offering price of \$11,600.00. The warrants in the units are immediately exercisable at a price of \$11,600.00 per share and expire five years from the date of issuance. Alternatively, each warrant can be exercised pursuant to the “alternative cashless exercise” provision, to which the holders would receive an aggregate number of shares of common stock equal the product of (x) the aggregate number of shares of common stock that would be issuable upon a cash exercise and (y) 0.50. For purposes of clarity, one common warrant to purchase one and one-half shares would be exercisable for 0.75 shares under this alternative cashless exercise provision. The shares of common stock (or pre-funded warrants in lieu thereof) and accompanying warrants were only purchasable together in this offering but were issued separately and immediately separable upon issuance. As of December 31, 2024, warrants to purchase 1,155 shares of common stock have been exercised under the alternative cashless exercise for a total of 577 shares of common stock.

Gross proceeds, before deducting underwriting discounts and commissions and estimated offering expenses, are approximately \$10.2 million. The Company has been using the net proceeds of this offering to continue implementation of its growth strategies, for working capital and general corporate purposes.

The Company also granted the underwriters an option to purchase an additional 132 shares of common stock and/or additional warrants to purchase up to 198 shares of common stock, to cover over-allotments, of which Maxim Group LLC exercised its option to purchase additional warrants to purchase 198 shares of common stock.

June 2024 Exercise of Warrants for Common Stock

On June 4, 2024, the Company issued 4,018 shares of common stock in exchange for 7,425 common stock purchase warrants. These warrants were exercised using the cashless mechanism within the warrant agreement.

May 2024 Exercise of Warrants for Common Stock

On May 30, 2024, an accredited investor exercised outstanding warrants, of which 73 shares of common stock were issued in accordance with the terms of the warrant agreement. The Company received approximately \$24 thousand of cash.

Common Stock Issued Related to Stock Awards and Options

Restricted Stock Units

The Company issued restricted stock units (“RSUs”) to certain members of the management and Board of Directors. During the year ended December 31, 2023, the Company issued 2 shares of common stock subject to the vesting of the awards. No awards were issued during the year ended December 31, 2024.

Exercise of Stock Options

There were no exercises of stock options during the years ended December 31, 2024 and 2023.

Series C Convertible Preferred Stock

The Series C convertible stock has a liquidation preference of \$274.88 per share. Holders of the Series C convertible preferred stock have the right to convert their shares into shares of common stock instead of receiving the liquidation preference. The Series C convertible preferred stock is entitled to dividends

on an as-if-converted-to-common stock basis if such dividends are paid on shares of common stock. In general, the holders of the Series C convertible preferred stock do not have voting rights, except in connection with director elections.

(9) Warrants

The Company's grants of warrants to purchase common stock are primarily in connection with equity and debt financings. Warrant activity was as follows:

	Shares
Balance December 31, 2022	134
Issued	24,768 ⁽¹⁾
Exercised	(14,114) ⁽²⁾
Cancelled	(1)
Balance December 31, 2023	10,757
Issued	—
Exercised	(7,490) ⁽³⁾
Cancelled	(6)
Balance December 31, 2024	3,261

- (1) Warrants issued in 2023 includes: 18,907 common stock purchase warrants, of which 1,517 are classified as liability warrants, 5,469 pre-funded warrants, and 360 representative's warrants.
- (2) Warrants exercised in 2023 includes: 7,520 common stock purchase warrants at an exercise price range of \$478.50 per share and \$333.50 per share, 1,155 common stock purchase warrants (liability warrants) exercised with the alternative cashless option, 669 pre-funded warrants at an exercise price range of \$1.50 and \$0.25 per share.
- (3) Warrants exercised in 2024 includes: 73 common stock purchase warrants and 7,425 common stock purchase warrants (liability warrants) exercised with the alternative cash less option.

Warrant Assumptions — 2023 Warrants Issued

The following table provides the assumptions used to calculate the fair value of the new warrants issued during 2023, using a Black-Scholes model:

	Warrants	Strike Price	Volatility	Expected Term	Risk Free Rate
Pre-funded warrants – February 2023	63	\$ 0.25	96.5%	5.0	3.78%
Representative's warrants – February 2023	51	\$12,760.00	96.5%	5.0	3.79%
Common stock warrants – April 2023	553	\$ 4,451.50	88.4%	5.5	3.56%
Pre-funded warrants – April 2023	352	\$ 0.25	88.4%	5.5	3.56%
Representative's warrants – April 2023	28	\$ 4,901.00	96.3%	5.0	3.57%
Common stock warrants – October 2023	9,414	\$ 478.50	89.1%	5.0	4.74%
Pre-funded warrants – October 2023	5,056	\$ 1.50	89.1%	5.0	4.74%
Representative's warrants – October 2023	314	\$ 526.25	89.2%	5.0	4.74%

The following table provides the assumptions used to calculate the fair value of the new warrants issued during 2023, using a Monte Carlo model:

	Warrants	Strike Price	Volatility	Expected Term	Risk Free Rate
Common stock warrants – November 2023	7,425	\$333.50	86.9%	5.5	4.40%

The following table provides the assumptions used in the bifurcated Black-Scholes option pricing model for the common stock purchase warrants classified as a liability:

	Cash Exercise	Cashless Exercise
Stock Price	\$8,562.25	\$8,562.25
Exercise Price	\$ 23,200	\$ 0.00
Term (years)	5.00	5.00
Volatility	96.50%	96.50%
Risk Free Rate	3.784%	3.784%
Dividend Yield	0%	0%

The following table presents the changes in the fair value of the liability warrants:

	Common Stock Purchase Warrants
Fair value as of February 8, 2023 (issuance date)	\$10,363
Fair value of liability warrants in excess of proceeds, at issuance	(164)
Exercises of liability warrants	(6,249)
Gain on changes in fair value of liability warrants	(3,878)
Fair value as of December 31, 2023	\$ 72
Gain on changes in fair value of liability warrants	(52)
Fair value as of December 31, 2024	\$ 20

(10) Debt

In a private transaction, on October 16, 2024, the Company entered into a securities purchase agreement (the “SPA”) with an institutional investor (the “Investor”). Pursuant to the SPA, the Company agreed to issue the Investor a senior secured convertible note in the aggregate original principal amount of \$833,333.34 (the “Note”), and also issue to the Investor 320 shares of common stock, par value \$0.001, of the Company (“Common Stock”) as “commitment shares” to the Investor.

The Company is the issuer of the Note, and its respective subsidiaries will guaranty the obligations under the Note pursuant to a Guaranty, dated October 16, 2024 (the “Guaranty”). The Note will be fully secured by collateral of the Company and its subsidiaries. The security interest in favor of the Investor, as collateral agent, will cover substantially all assets of the Company including, without limitation, the intellectual property, trademark, and patent rights of the Company. The parties entered into a Security Agreement (the “Security Agreement”) and certain intellectual property security agreements granting such security interest in favor of the Investor.

In connection with the SPA, the Company issued to the Investor the Note on October 16, 2024, which bears an interest rate of 10% per annum and is due and payable on the earlier of (i) January 16, 2025 and (ii) the date of consummation or termination of the Company’s previously announced merger with Vyome Therapeutics, Inc. The initial conversion price of the Note is \$130.50 per share of Common Stock. The Note may not be converted by the Investor into shares of Common Stock if such conversion would result in the Investor and its affiliates owning in excess of 4.99% of the number of shares of the Common Stock outstanding immediately after giving effect to the issuance of all shares issuable upon conversion of the Note. The Note provides for certain events of default that are typical for a transaction of this type, including, among other things, any breach of the representations or warranties made by the Company or its subsidiaries. In connection with any event of default that results in the acceleration of payment of the Note and while it is continuing, the interest rate on the Note shall accrue at an interest rate equal to the lesser of 24% per annum or the maximum rate permitted under applicable law. On February 18, 2025, the Company repaid the Note in full.

(11) Revenue Disaggregation

The following table presents the Company's revenue disaggregated by geography:

	Year Ended December 31,	
	2024	2023
United States	\$6,887	\$7,134
Australia	392	526
Europe	687	956
Rest of world	40	62
Total revenue	<u>\$8,006</u>	<u>\$8,678</u>

(12) Stock-based Compensation

The ReShape Lifesciences Inc. 2022 Equity Incentive Plan (the "Plan") became effective December 14, 2022, and provides for the grant of stock options or other stock-based awards to employees, officers, non-employee directors and outside consultants of the Company. The maximum number of shares of common stock that will be available for issuance under this Plan was originally 1,810 shares; provided however, that the aggregate number of shares that may be issued under all awards under the Plan will automatically increase on an annual basis on the first day of each year beginning in 2024 such that the aggregate number of shares that may be issued under all awards under this Plan equals 15% of the total number of shares of Common Stock, on a converted basis, on the last day of the immediately preceding fiscal year. Under the 2003 Stock Incentive Plan, as amended in 2018 (the "Prior Plan"), as of December 31, 2024, there were 1,764 shares available.

The Plan is administered by the committee, which determines the types of awards to be granted, including the number of shares subject to the awards, the exercise price and the vesting schedule. Options granted under the Plan expire no later than ten years from the date of grant. The exercise price of each option may not be less than 100% of the fair market value of the common stock at the date of grant, except if an incentive stock option is granted to a Plan participant possessing more than 10% of the Company's common stock, as defined by the Plan, the exercise price may not be less than 110% of the fair value of the common stock at the date of grant. Employee stock options generally vest over four years.

Stock Options

A summary of the status of the Company's stock options are as follows:

	Shares	Weighted Average Exercise Price Per Share	Weighted Average Remaining Contractual Life (years)	Aggregate Intrinsic Value (in thousands)
Outstanding at December 31, 2022	15	\$451,892.50		\$ —
Options granted	—	—		
Options exercised	—	—		
Options cancelled	(5)	216,543		
Outstanding at December 31, 2023	10	547,737.50		\$ —
Options granted	—	—		
Options exercised	—	—		
Options cancelled	(5)	197,954		
Outstanding at December 31, 2024	<u>5</u>	826,326	6.3	\$ —
Exercisable at December 31, 2024	5	826,326	6.3	—
Vested and expected to vest at December 31, 2024	6	884,224.50	6.3	—

As of December 31, 2024, stock options under the Plan that were outstanding, exercisable and vested, and expected to vest, had no intrinsic value. The unrecognized share-based expense at December 31, 2024 was \$0.1 million and will be recognized over a weighted average period of 0.8 years.

Stock option awards outstanding under the Company's incentive plans have been granted at exercise prices that are equal to the market value of its common stock on the date of grant. Such options generally vest over a period of four years and expire at ten years after the grant date. The Company recognizes compensation expense ratably over the vesting period. The Company uses a Black-Scholes option-pricing model to estimate the fair value of stock options granted, which requires the input of both subjective and objective assumptions as follows:

Expected Term — The estimate of expected term is based on the historical exercise behavior of grantees, as well as the contractual life of the options granted.

Expected Volatility — The expected volatility factor is based on the volatility of the Company's common stock.

Risk-free Interest Rate — The risk-free interest rate is determined using the implied yield for a traded zero-coupon U.S. Treasury bond with a term equal to the expected term of the stock options.

Expected Dividend Yield — The expected dividend yield is based on the Company's historical practice of paying dividends on its common stock.

The Company did not issue any stock options during the years ended December 31, 2024 and 2023, respectively.

Restricted Stock Units

A summary of the status of the Company's unvested RSUs are as follows:

	Shares	Weighted Average Grant Date Fair Value
Unvested RSUs at December 31, 2022	4	\$ 10,100.70
Granted	—	—
Vested ⁽¹⁾	(3)	(11,298.98)
Cancelled/Forfeited	—	—
Non-vested RSUs at December 31, 2023	1	7,505.04
Granted	—	—
Vested ⁽¹⁾	(0)	(9,333.94)
Cancelled/Forfeited	—	—
Non-vested RSUs at December 31, 2024	<u>1</u>	<u>3,847.14</u>

- (1) At December 31, 2024 and 2023, there were 2 and 2 shares of common stock, respectively, related to RSU awards that have vested and the shares were not released to the participants subsequently. Additionally, during the year ended December 31, 2023, due to a decline in our stock price 1 shares of common stock were not issued in order to cover employee taxes.

The fair value of each RSU is the closing price on the Nasdaq of the Company's common stock on the date of grant. Upon vesting, a portion of the RSU award may be withheld to satisfy the statutory income tax withholding obligation. The remaining RSUs will be settled in shares of the Company's common stock after the vesting period. The unrecognized compensation cost related to RSUs at December 31, 2024 was \$18 thousand and is expected to be recognized over a period of 0.7 years.

Compensation expense related to stock options was recognized as follows:

	Year Ended December 31,	
	2024	2023
Sales and marketing	\$ 23	\$107
General and administrative	85	450
Research and development	76	209
Total stock-based compensation expense	<u>\$184</u>	<u>\$766</u>

(13) Income Taxes

Income tax expense consists of the following:

	Year ended December 31,	
	2024	2023
Deferred:		
Federal	\$—	\$—
State	—	—
Foreign	6	28
Deferred income tax expense	6	28
Current:		
Federal	—	—
State	20	7
Foreign	13	17
Total income tax expense, net	<u>\$39</u>	<u>\$52</u>

A reconciliation of the U.S. federal statutory income tax rate to the Company's effective income tax rate is as follows:

	Year ended December 31,	
	2024	2023
Income tax benefit at U.S. federal statutory rate	21.0%	21.0%
State income tax benefit, net of federal benefit	6.3%	5.9%
Stock warrant valuation	0.2%	9.7%
Stock based compensation	(0.8)%	—%
Other permanent differences	—%	(2.2)%
Change in state tax rate	0.9%	4.3%
Foreign rate differential	—%	2.7%
Net operating loss true up	16.4%	(6.3)%
Other adjustments	(1.0)%	(0.8)%
Change in valuation allowance	(43.6)%	(34.8)%
Effective income tax rate	<u>(0.6)%</u>	<u>(0.5)%</u>

A reconciliation of the beginning and ending amount of uncertain tax positions are as follows:

	2024	2023
Uncertain gross tax positions, January 1	\$1,052	\$1,052
Current year tax positions	—	—
Increase in prior year tax positions	—	—
Settlements	—	—
Lapse of statute of limitations	—	—
Uncertain gross tax positions, December 31	<u>\$1,052</u>	<u>\$1,052</u>

The components of deferred tax assets and liabilities are as follows:

	December 31,	
	2024	2023
Deferred tax assets:		
Start-up costs	\$ 556	\$ 1,096
Capitalized research and development costs	92	170
Reserves and accruals	793	751
Property and equipment	38	56
Intangible assets	3,998	4,420
Research and development credit	2,492	2,492
Lease liability	43	70
Net operating loss carryforwards	71,901	67,930
State and local taxes	2	2
Total gross deferred tax assets	79,915	76,987
Valuation allowance	(79,858)	(76,895)
Deferred tax assets, net of valuation allowance	57	92
Operating lease right-of-use assets	(35)	(64)
Total gross deferred tax liabilities	(35)	(64)
Deferred income taxes, net	<u>\$ 22</u>	<u>\$ 28</u>

In assessing the realization of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during periods in which those temporary differences become deductible. Based on the level of historical losses and projections of losses in future periods, the Company provided a valuation allowance at December 31, 2024 and 2023, respectively. The remaining net deferred tax asset at December 31, 2024 is the remaining balance of the Netherlands net operating loss. A valuation allowance is not applicable to this entity, as they historically produce income and utilize their net operating loss carryforward. In 2022, the indefinite-lived intangible asset became fully impaired. The Company has a policy that NOL's are shown gross with valuation allowances with respect to IRC 382 limitations.

As of December 31, 2024 and 2023, the Company had U.S. federal net operating loss carryforwards of \$227.2 million and \$218.9 million, respectively. All losses have been generated beginning in 2018 and will carryover indefinitely. The Company had state net operating loss carryforwards of \$380.1 million and \$348.7 million at December 31, 2024 and 2023, respectively and had foreign net operating loss carryforwards of \$0.4 million and \$0.2 million at December 31, 2024 and 2023, respectively. Net operating loss carryforwards of the Company are subject to review and possible adjustment by the taxing authorities. With certain exceptions (e.g. the net operating loss carryforwards), the Company is no longer subject to U.S. federal, state or local examinations by tax authorities for years prior to 2016. There are no tax examinations currently in progress.

The Company's ability to utilize its net operating loss carryforwards, tax credits, and built-in items of deduction, including capitalized start-up costs and research and development costs, has been, and may continue to be substantially limited due to ownership changes. These ownership changes limit the amount of net operating loss carryforwards, credits and built-in items of deduction that can be utilized annually to offset future taxable income. In general, an ownership change, as defined in IRC Section 382, results from a transaction or series of transactions over a three-year period resulting in an ownership change of more than 50% of the outstanding stock of a company by certain stockholders or public groups. Due to the valuation allowance against deferred tax assets at December 31, 2024, the net effect of any further limitation will have no impact on results of operations.

The Company completed an IRC 382 analysis for the year ended December 31, 2024. The Company experienced an ownership change during 2023 that resulted in further limitations on the utilization of its net operating losses, and will expire unused. The Company reflected the estimated impact of the 2023 ownership change in the deferred tax table and gross net operating loss carryforwards within this footnote. The Company does not believe it experienced an ownership change in 2024.

The Company has adopted accounting standards which prescribe a recognition threshold and measurement attribute for the financial statement recognition and measurement of uncertain tax positions taken or expected to be taken in a company's income tax return, and also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. The Company had no amounts of unrecognized tax benefits that, if recognized, would affect its effective income tax rate for the years ended December 31, 2024 and 2023. The Company's policy is to classify interest and penalties related to income tax expense as tax expense. As of December 31, 2024, the Company had no amount accrued for the payment of interest and penalties related to unrecognized tax benefits.

The Inflation Reduction Act (IRA) was enacted on August 16, 2022 and includes a new corporate alternative minimum tax based on book income, an excise tax on stock buybacks, and other items such as tax incentives for energy and climate initiatives. There is no impact to the Company at this time, however this may change depending on each year's differing facts and activities. The Company will continue to monitor this over time.

(14) Commitments and Contingencies

Employee Arrangements and Other Compensation

Certain members of management are entitled to severance benefits payable upon termination following a change in control, which would approximate \$1.2 million at December 31, 2024. The Company also has agreements with certain employees to pay bonuses based on targeted performance criteria. As of December 31, 2024 and 2023, approximately \$425 thousand and \$15 thousand, respectively, was accrued for performance bonuses, which is included in accrued liabilities in the consolidated balance sheets.

Purchase Commitments

The Company generally purchases its products and accessories from a limited group of third-party suppliers through purchase orders. The Company had \$0.4 million of inventory open purchase orders as of December 31, 2024, for orders being issued to suppliers for which the Company has not received the goods or services and which are expected to be fulfilled within one year. These purchase commitments were made to secure better pricing and to ensure the Company will have the necessary inventory to meet anticipated near term demand. Although open purchase orders are considered enforceable and legally binding, the Company may be able to cancel, reschedule, or adjust requirements prior to supplier fulfillment.

Litigation

On August 6, 2021, Cowen and Company, LLC filed a complaint against ReShape, as successor in interest to Obalon Therapeutics, in the Supreme Court of the State of New York based on an alleged breach of contract arising out of Cowen's prior engagement as Obalon's financial advisor. The complaint alleges that Cowen is entitled to be paid a \$1.35 million fee in connection with ReShape's merger with Obalon under the terms of Cowen's engagement agreement with Obalon. The complaint also sought reimbursement

of Cowen’s attorneys’ fees and interest in connection with its claim. On May 11, 2023, the Supreme Court of the State of New York issued the final judgement in favor of Cowen & Company in the amount of \$1.35 million, plus interest at the statutory rate of 9% per annum from June 16, 2021 until judgement is paid in full, and reimbursement of \$675,000 of Cowen’s attorneys’ fees, with \$275,000 to be paid upfront, \$200,000 paid after six months and \$200,000 paid after 12 months. As of December 31, 2024, the Company has fully paid this judgement and related costs.

On December 2, 2024, the Company received a notice, dated November 22, 2024, from Rosenberg Law indicating that it is submitting an application to add the Company as a defendant in Canadian litigation (Raymond Edson Marshall v. Allergan Inc., Court File Reference VLC-S-S-151970) concerning the Lap-Band gastric banding device. According to the notice, the application to add the Company as a defendant was scheduled to be heard at the Vancouver Supreme Court on January 10, 2025. As of the date of this report, the terms of the order adding ReShape as a party have not yet been finalized and entered with the court registry and ReShape has not been served with the finalized orders confirming its addition as a defendant in the matter. Based on our analysis to date, there is no legal liability that is probable or reasonably estimable and no implications on the financial statements for the year ended December 31, 2024.

The Company is not aware of any pending or threatened litigation against it that could have a material adverse effect on the Company’s business, operating results or financial condition, other than what was disclosed above. The medical device industry in which the Company operates is characterized by frequent claims and litigation, including claims regarding patent and other intellectual property rights as well as improper hiring practices. As a result, the Company may be involved in various legal proceedings from time to time.

Product Liability Claims

The Company is exposed to product liability claims that are inherent in the testing, production, marketing and sale of medical devices. Management believes any losses that may occur from these matters are adequately covered by insurance, and the ultimate outcome of these matters will not have a material effect on the Company’s financial position or results of operations. The Company is not currently a party to any product liability litigation and is not aware of any pending or threatened product liability litigation that could have a material adverse effect on the Company’s business, operating results or financial condition.

(15) Segment Reporting

The Company adopted *ASU 2023-07* during the year ended December 31, 2024 retrospectively to all periods presented in the consolidated financial statements. The Company has one reportable segment managed on a consolidated basis by the Chief Executive Officer (CEO) who is the chief operating decision maker (“CODM”). In identifying *one* reportable segment, the Company considered the basis of organization for the design and development of products and services that manage and treat obesity and metabolic disease.

The accounting policies of the segment are the same as those described in the summary of significant accounting policies. The CODM assesses performance and decides how to allocate resources based on consolidated net loss as reported in the consolidated statements of operations and comprehensive loss. There are no other expense categories regularly provided to the CODM that are not already included in the consolidated statements of operations and comprehensive loss. The measure of segment assets is reported on the balance sheet as cash, cash equivalents and money market accounts.

Summary of segment net loss, including significant segment expenses were as follows:

	Year Ended December 31,	
	2024	2023
Revenue	\$ 8,006	\$ 8,678
Less:		
Cost of revenue	2,949	3,130
Sales and marketing	2,991	7,548
General and administrative	6,931	10,324
Research and development	1,803	2,315
Transaction costs	1,024	—
Impairment of long-lived assets	36	777
Gain on disposal of assets, net	—	(33)
Other income, net:	(637)	(4,048)
Income tax expense	39	52
Net loss	<u><u>\$(7,130)</u></u>	<u><u>\$(11,387)</u></u>

(16) Subsequent Events

The Company has evaluated subsequent events occurring after the balance sheet date through the date these consolidated financial statements were issued and determined that the following material events required disclosure:

On March 14, 2025, Gary Blackford informed the Board of Directors of the Company of his decision to resign from the Board and all related committees effective March 15, 2025. Mr. Blackford's decision to resign from the Board was not due to any disagreement with the Company on any matter relating to the Company's operations, policies or practices.

On February 15, 2025, the Company entered into a Securities Purchase Agreement (the "Purchase Agreement") with certain investors (the "Investors") pursuant to which the Company agreed to issue and sell to the Investors (i) 103,005 shares of the Company's common stock, par value \$0.001 per share (the "Common Stock") and (ii) warrants to purchase up to 103,005 shares of Common Stock at an initial exercise price of \$145.75 per share (the "Warrants"), subject to adjustment as set forth in the Warrants. The securities were sold as part of units at a price of \$58.25 per unit. The offering closed on February 18, 2025.

The Warrants, which are not exercisable unless and until approved by the Company's stockholders, will expire on the later of (i) 12 days after date of stockholder approval and (ii) the earlier of (x) the closing date of the Company's previously announced merger with Vyome Therapeutics, Inc. and (y) 60 days after the date of stockholder approval. The exercise price of the Warrants will be subject to adjustment on the date that is four trading days after stockholder approval is obtained (the "Reset Date"), if the lowest volume weighted average price ("VWAP") for the Company's Common Stock during the period beginning four trading days prior to the effective date of stockholder approval and ending four trading days after the effective date of stockholder approval is lower than the then exercise price of the warrants, in which case, on the Reset Date, the exercise price of the Warrants will be reset (subject to a floor of \$1.25 per share) to equal such lowest VWAP and the number of shares of Common Stock underlying the Warrants will be increased so that the reset exercise price multiplied by increased number of shares equals the aggregate exercise price that would have resulted from the full exercise of the Warrants immediately prior to the Reset Date. The Warrants also contain certain mechanisms for cashless exercise, including alternative cashless exercise pursuant to which holders of warrants have the option, upon exercise and for no additional cash consideration, to receive an aggregate number of shares of Common Stock equal to the product of (x) the aggregate number of shares of Common Stock that would be issuable upon a cash exercise of the Warrant (as adjusted on the Reset Date, as applicable) and (y) 1.2.

The gross proceeds from the offering were approximately \$6.0 million, before deducting the placement agent fees and offering expenses. The Company intends to use the net proceeds from the offering for general

corporate purposes, including expenses related to the Company's previously announced proposed merger with Vyome Therapeutics, Inc. and sale of substantially all of the Company's assets to Ninjour Health International Limited, provided that the Company must use up to 50% of the net proceeds from the offering to prepay the amount it owes to Ascent Partners under the Company's previously announced secured convertible note transaction.

On February 15, 2025, the Company entered into a Placement Agency Agreement (the "Placement Agency Agreement"), with Maxim Group LLC ("Maxim" or the "Placement Agent") for Maxim to act as the Company's exclusive placement agent in connection with the offering. Pursuant to the terms of the Placement Agency Agreement, Maxim received a cash fee equal to up to 7.0% of the gross proceeds received by the Company from the sale of the securities in offering, as well as reimbursement for certain expenses, and warrants to purchase up to 5,150 shares of Common Stock, which is equal to 5.0% of the aggregate amount of shares of Common Stock issued in the offering, at an exercise price of \$145.75 per share (the "Placement Agent Warrant"). The Placement Agent Warrant has the same exercise price and substantially the same terms as the Warrants issued in such offering.

At the Special Meeting, the Company's stockholders approved each of the following proposals set forth in the Company's definitive proxy statement for the Annual Meeting filed with the Securities and Exchange Commission on March 14, 2025:

The Company's stockholders authorized the Company's Board of Directors (the "Board"), in its discretion but in no event later than the one year anniversary of the Special Meeting, to amend the Company's Restated Certificate of Incorporation, as amended, to effect a reverse stock split of the Company's common stock, at a ratio in the range of 1-for-2 to 1-for-250, such ratio to be determined by the Board.

The Company's stockholders approved, in accordance with Nasdaq Listing Rule 5635(d), the exercisability of 108,155 common stock purchase warrants, and the issuance of the up to 605,319 shares of common stock underlying such warrants, which may be exercised under a provision that would result in no exercise price being paid, which warrants were issued to certain institutional investors and the Company's placement agent in connection with an offering of securities of the Company that occurred on February 18, 2025. Between April 2, 2025 and April 4, 2025, a total of 576,416 shares were issued upon the exercise of such warrants.

The Company's stockholders approved the issuance of shares of common stock pursuant to the equity purchase agreement, dated December 19, 2024, (the "ELOC Purchase Agreement") with a certain institutional investor (the "ELOC Investor"), which provides that, upon the terms and subject to the conditions and limitations set forth therein, the Company has the right, but not the obligation, to sell to the ELOC Investor up to \$5,000,000 of shares of common stock from time to time over the 36-month term of the ELOC Purchase Agreement.
