Item 7.01 Regulation FD Disclosure.

Representatives of ReShape Lifesciences Inc. (the “Company” or “ReShape”) and Vyome Therapeutics, Inc. (“Vyome”) intend to make presentations at investor conferences and in other forums, and these presentations may include the information contained in Exhibit 99.1 attached to this Current Report on Form 8-K. A copy of the presentation slides containing such information that may be disclosed by the Company is attached as Exhibit 99.1 to this report, and the information set forth therein is incorporated herein by reference and constitutes a part of this report.

The Company is furnishing the information contained in Exhibit 99.1 pursuant to Regulation FD and Item 7.01 of Form 8-K promulgated by the Securities and Exchange Commission (“SEC”). This information shall not be deemed to be “filed” with the SEC for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or otherwise subject to the liabilities of that section, nor shall it be deemed to be incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as expressly set forth by specific reference in such filing.

The information contained in Exhibit 99.1 is summary information that is intended to be considered in the context of the Company’s SEC filings and other public announcements that the Company may make, by press release or otherwise, from time to time. The Company undertakes no duty or obligation to publicly update or revise the information contained in Exhibit 99.1, although it may do so from time to time as its management believes is warranted. Any such updating may be made through the filing of other reports or documents with the SEC, through press releases or through other public disclosure. By filing this report and furnishing this information, the Company makes no admission as to the materiality of any information contained in this report, including Exhibit 99.1.

Additional Information

In connection with the proposed merger with Vyome (the “Merger”) and sale of assets to Ninjour Health International Limited, an affiliate of Biorad Medisys Pvt. Ltd. (the “Asset Sale”), ReShape filed with the SEC on June 24, 2025 and mailed or otherwise provided to its stockholders the joint proxy statement/prospectus (the “joint proxy statement/prospectus”) and other relevant documents in connection with the proposed Merger and Asset Sale. Before making a voting decision, ReShape’s stockholders are urged to read the joint proxy statement/prospectus and any other documents filed by ReShape with the SEC in connection with the proposed Merger and Asset Sale or incorporated by reference therein carefully and in their entirety because they contain important information about ReShape, Vyome and the proposed transactions. Investors and stockholders may obtain a free copy of these materials and other documents filed by ReShape with the SEC at the SEC’s website at www.sec.gov, at ReShape’s website at www.reshapelifesciences.com, or by sending a written request to ReShape at 18 Technology Drive, Suite 110, Irvine, California 92618, Attention: Corporate Secretary.

Participants in the Solicitation

This document does not constitute a solicitation of proxy, an offer to purchase or a solicitation of an offer to sell any securities of ReShape and its directors, executive officers and certain other members of management and employees may be deemed to be participants in soliciting proxies from its stockholders in connection with the proposed Merger and Asset Sale. Information regarding the persons who may, under the rules of the SEC, be considered to be participants in the solicitation of ReShape’s stockholders in connection with the proposed Merger and Asset Sale are set forth in the joint proxy statement/prospectus. Security holders may obtain information regarding the names, affiliations and interests of ReShape’s directors and officers in ReShape’s Annual Report on Form 10-K for the fiscal year ended December 31, 2024, which was filed with the SEC on April 4, 2025. To the extent the holdings of ReShape securities by ReShape’s directors and executive officers have changed since the amounts set forth in ReShape’s proxy statement for its most recent annual meeting of stockholders, such changes have been or will be reflected on Statements of Change in Ownership on Form 4 filed with the SEC. Additional information regarding these individuals and any direct or indirect interests they may have in the proposed Merger and Asset Sale is set forth in the joint proxy statement/prospectus.

Forward-Looking Statements

Certain statements contained in this filing may be considered forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including statements regarding the Merger and Asset Sale and the ability to consummate the Merger and Asset Sale. These forward-looking statements generally include statements that are predictive in nature and depend upon or refer to future events or conditions, and include words such as “believes,” “plans,” “anticipates,” “projects,” “estimates,” “expects,” “intends,” “strategy,” “future,” “opportunity,” “may,” “will,” “should,” “could,” “potential,” or similar expressions. Statements that are not historical facts are forward-looking statements. Forward-looking statements are based on current beliefs and assumptions that are subject to risks and uncertainties. Forward-looking statements speak only as of the date they are made, and ReShape undertakes no obligation to update any of them publicly in light of new information or future events. Actual results could differ materially from those contained in any forward-looking statement as a result of various factors, including, without limitation: (1) ReShape may be unable to obtain stockholder approval as required for the proposed Merger and Asset Sale; (2) conditions to the closing of the Merger or Asset Sale may not be satisfied; (3) the Merger and Asset Sale may involve unexpected costs, liabilities or delays; (4) ReShape’s business may suffer as a result of uncertainty surrounding the Merger and Asset Sale; (5) the outcome of any legal proceedings related to the Merger or Asset Sale; (6) ReShape may be adversely affected by other economic, business, and/or competitive factors; (7) the occurrence of any event, change or other circumstances that could give rise to the termination of the Agreement and Plan of Merger or Asset Purchase Agreement; (8) the effect of the announcement of the Merger and Asset Sale on the ability of ReShape to retain key personnel and maintain relationships with customers, suppliers and others with whom ReShape does business, or on ReShape’s operating results and business generally; and (9) other risks to consummation of the Merger and Asset Sale, including the risk that the Merger and Asset Sale will not be consummated within the expected time period or at all. Additional factors that may affect the future results of ReShape are set forth in its filings with the SEC, including ReShape’s most recently filed Annual Report on Form 10-K, subsequent Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and other filings with the SEC, which are available on the SEC’s website at www.sec.gov, specifically under the heading “Risk Factors.” The risks and uncertainties described above and in ReShape’s most recent Annual Report on Form 10-K are not exclusive and further information concerning ReShape and its business, including factors that potentially could materially affect its business, financial condition or operating results, may emerge from time to time. Readers are urged to consider these factors carefully in evaluating these forward-looking statements, and not to place undue reliance on any forward-looking statements. Readers should also carefully review the risk factors described in other documents that ReShape files from time to time with the SEC. The forward-looking statements in these materials speak only as of the date of these materials. Except as required by law, ReShape assumes no obligation to update or revise these forward-looking statements for any reason, even if new information becomes available in the future.

CORPORATE PRESENTATION

JULY 2025

VYOME THERAPEUTICS, INC. (“Vyome”)

Any statements contained in this presentation that do not describe historical facts may constitute forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995. These statements may be identified by words such as “believe,” “expect,” “may,” “plan,” “potential,” “will,” and similar expressions, and are based on Vyome’s current beliefs and expectations. These forward-looking statements include expectations regarding Vyome’s development of its drug candidates, including the timing of its clinical trials and regulatory submissions. These statements involve risks and uncertainties that could cause actual results to differ materially from those reflected in such statements. Risks and uncertainties that may cause actual results to differ materially include uncertainties inherent in the conduct of clinical trials, Vyome’s reliance on third parties over which it may not always have full control, public health crises, epidemics and pandemics such as the COVID-19 pandemic, including its impact on the timing of Vyome’s regulatory and research and development activities, Any forward-looking statements speak only as of the date of this presentation and are based on information available to Vyome as of the date of this presentation. and Vyome assumes no obligation to, and does not intend to, update any forward-looking statements, whether as a result of new information, future events or otherwise.

This presentation also contains estimates and other statistical data made by independent parties and by us relating to market size and other data about our industry. These data involve a number of assumptions and limitations, and you are cautioned not to give undue weight to such estimates. In addition, projections, assumptions and estimates of our future performance and the future performance of the markets in which we operate are necessarily subject to a high degree of uncertainty and risk. References to any publications, reports, surveys or articles prepared by third parties should not be construed as depicting the complete findings of the entire publication, report, survey or article. The information in any such publication, report, surveys or article is not incorporated by reference in this presentation.

The Strategic Convergence of the U.S.-India Innovation Partnership

The current biotech assets offer a low-risk way to
unlock significant value over the next 12-24 months

Vyome assets	Market size	Capital required	Potential value inflection timeline
Malignant Fungating Wound	\$2.5B ¹	\$6M	2027 (pivotal data)
Uveitis (steroid replacement)	\$2.6B ² by 2032	\$3M	2026 Phase 1
Inflammatory acne*	\$6.0B ³ by 2028*	-	2025 Potential partnership deal

Notes and Sources: 1) Based on 60-100k patients in U.S. (10% of ~600k cancer deaths per year in U.S.), and 3M patients globally (10% of ~30M advanced cancer patients). Based on average of 5-15% incidence of cancer patients developing MFV (from: The Microbiome, Malignant Fungating Wounds, and Palliative Care. Front. Cell. Infect. Microbiol. November 2019).

3) Total global acne market is forecasted to grow to \$11.6B by 2028. <https://www.marketsandmarkets.com/Market-Reports/acne-medication-market>

4) Inflammatory acne comprises over 50% of the acne market. <https://www.verifidmarketresearch.com/product/acne-medication-market/>

Malignant Fungating Wound (MFW) is \$1B/year unmet need with no approved drug; the latest data on Vyome's drug shows strong efficacy¹

What is MFW?

MFW is a non-healing wound that occurs when cancer breaks through the skin, causing infection and inflammation. Patients suffer from extreme odor, pain, low self-esteem, and social isolation.

MFW afflicts ~10%* of terminal cancer patients & generates a strong odor that dramatically impairs quality of life and care for a patient's final years

* The Microbiome, Malignant Fungating Wounds, and Palliative Care. Front. Cell. Infect. Microbiol., November 2019, EASED study (2023).

60,000² new patients/year

\$10-20K³ lifetime value per patient

~\$1B⁴/year

US market opportunity

No approved drug and thus potential orphan designation with faster track to development

3) Average 30 days of treatment needed per patient (From Kuge et al., Jpn J Clin Oncol, 1995). 30g of metronidazole gel per day (Watanabe et al., Support Care Cancer, 2016; 24: 2583-2590.) assuming average MFW size of 57cm² (Pen and Dai et al., J of Int. Med Res, 2019). Median metronidazole gel costs \$200 per 30g. Total cost per patient: \$200 x 60 Days = \$12,000.

4) 60K patients multiplied by an average of \$18K pricing will come to ~\$1B

Why is Vyome **best-positioned**?

New data released in December 2024 shows a **75%+ reduction in odor and 50%+ increase in quality of life**

Vyome's lead drug has the **right mechanism to treat the symptoms of MFW**

The company will actively engage with the FDA in 2025 as it plans an **efficient pivotal trial**

Vyome’s 2 biotech asset areas form a pipeline addressing large unmet markets

Our strategy

Use an unmet orphan indication for low-risk and cost-efficient development to open larger opportunities
